Thought Reform and the Psychology of Totalism

- Robert Jay Lifton 2012-01-01

Informed by Erik Erikson's concept of the formation of ego identity, this book, which first appeared in 1961, is an analysis of the experiences of fifteen Chinese citizens and twenty-five Westerners who underwent "brainwashing" by the Communist Chinese government. Robert Lifton constructs these case histories through personal interviews and outlines a thematic pattern of death and rebirth, accompanied by feelings of guilt, that characterizes the process of "thought reform." In a new preface, Lifton addresses the implications of his model for the study of American religious cults.

Television Movies of the 21st Century - Vincent Terrace 2021-04-23

For the major broadcast networks, the heyday of made-for-TV movies was 20th Century programming like The ABC Movie of the Week and NBC Sunday Night at the Movies. But with changing economic times and the race for ratings, the networks gradually dropped made-for-TV movies while basic cable embraced the format, especially the Hallmark Channel (with its numerous Christmas-themed movies) and the Syfy Channel (with its array of shark attack movies and other things that go bump in the

night). From the waning days of the broadcast networks to the influx of basic cable TV movies, this encyclopedia covers 1,370 films produced during the period 2000-2020. For each film entry, the reader is presented with an informative storyline, cast and character lists, technical credits (producer, director, writer), air dates, and networks. It covers the networks (ABC, CBS, Fox, Ion, and NBC) and such basic cable channels as ABC Family, Disney, Fox Family, Freeform, Hallmark, INSP, Lifetime, Nickelodeon, Syfy, TBS and TNT. There is also an appendix of "Announced but Never Produced" TV movies and a performer's index.

Terror, Love and Brainwashing - Alexandra Stein 2016-11-03

Written by a cult survivor and renowned expert on cults and totalitarianism, *Terror, Love and Brainwashing* draws on the author's 25 years of study and research to explain how almost anyone, given the right set of circumstances, can be radically manipulated to engage in otherwise

incomprehensible and often dangerous acts. Illustrated with compelling stories from a range of cults and totalitarian systems, from religious to political to commercial, the book defines and analyses the common and identifiable traits that underlie almost all these groups. It focuses on how charismatic, authoritarian leaders control their followers' attachment relationships via manipulative social structures and ideologies so that, emotionally and cognitively isolated, they become unable to act in their own survival interests. Using the evolutionary theory of attachment to demonstrate the psychological impact of these environments, and incorporating the latest neuroscientific findings, Stein illustrates how the combined dynamic of terror and 'love' works to break down people's ability to think and behave rationally. From small local cults to global players like ISIS and North Korea, the impact of these movements is widespread and growing. This important book offers clarity and a unique perspective on the dynamics of

these systems of control, and concludes with guidance to foster greater awareness and prevention. It will be essential reading for mental health professionals in the field, as well as policy makers, legal professionals, cult survivors, and their families, as well as anyone with an interest in these disturbing groups. Students of social and developmental psychology will also find it fascinating.

Uncultured - Daniella Mestyanek Young

2022-09-20

"A painful and propulsive memoir delivered in the honest tones of a woman who didn't always think she'd live to tell her story." —The New York Times A BuzzFeed Best Book of September In the vein of *Educated* and *The Glass Castle*, Daniella Mestyanek Young's *Uncultured* is more than a memoir about an exceptional upbringing, but about a woman who, no matter the lack of tools given to her, is determined to overcome. Behind the tall, foreboding gates of a commune in Brazil, Daniella Mestyanek Young was raised

in the religious cult The Children of God, also known as The Family, as the daughter of high-ranking members. Her great-grandmother donated land for one of The Family's first communes in Texas. Her mother, at thirteen, was forced to marry the leader and served as his secretary for many years. Beholden to The Family's strict rules, Daniella suffers physical, emotional, and sexual abuse—masked as godly discipline and divine love—and is forbidden from getting a traditional education. At fifteen years old, fed up with The Family and determined to build a better and freer life for herself, Daniella escapes to Texas. There, she bravely enrolls herself in high school and excels, later graduating as valedictorian of her college class, then electing to join the military to begin a career as an intelligence officer, where she believes she will finally belong. But she soon learns that her new world—surrounded by men on the sands of Afghanistan—looks remarkably similar to the one she desperately tried to leave

behind. Told in a beautiful, propulsive voice and with clear-eyed honesty, *Uncultured* explores the dangers unleashed when harmful group mentality goes unrecognized, and is emblematic of the many ways women have to contort themselves to survive.

World War Z - Max Brooks 2006-09-12

#1 NEW YORK TIMES BESTSELLER • “Prepare to be entranced by this addictively readable oral history of the great war between humans and zombies.”—*Entertainment Weekly* We survived the zombie apocalypse, but how many of us are still haunted by that terrible time? We have (temporarily?) defeated the living dead, but at what cost? Told in the haunting and riveting voices of the men and women who witnessed the horror firsthand, *World War Z* is the only record of the pandemic. The *Zombie War* came unthinkable close to eradicating humanity. Max Brooks, driven by the urgency of preserving the acid-etched first-hand experiences of the survivors, traveled across the United States of

America and throughout the world, from decimated cities that once teemed with upwards of thirty million souls to the most remote and inhospitable areas of the planet. He recorded the testimony of men, women, and sometimes children who came face-to-face with the living, or at least the undead, hell of that dreadful time. *World War Z* is the result. Never before have we had access to a document that so powerfully conveys the depth of fear and horror, and also the ineradicable spirit of resistance, that gripped human society through the plague years. THE INSPIRATION FOR THE MAJOR MOTION PICTURE “Will spook you for real.”—*The New York Times Book Review* “Possesses more creativity and zip than entire crates of other new fiction titles. Think *Mad Max* meets *The Hot Zone*. . . . It’s *Apocalypse Now*, pandemic-style. Creepy but fascinating.”—*USA Today* “Will grab you as tightly as a dead man’s fist. A.”—*Entertainment Weekly*, EW Pick “Probably the most topical and literate scare since Orson

The Program - Toni Natalie 2019-09-24

A jaw-dropping insider look into the world of the
so-called "Hollywood Sex Cult" NXIVM
chronicling the rise of enigmatic cult leader,
Keith Raniere, from its "Patient Zero," his former
girlfriend and test subject for his coercive
control techniques. Many have heard of NXIVM

and its creator, Keith Raniere, the unassuming
Albany man now prosecuted for ensnaring tens
of thousands of people in the US, Mexico,
Canada and elsewhere, to do his bidding and pay
millions of dollars to participate in his self-
improvement methodology. But where did Keith
Raniere begin? Enter Toni Natalie, Keith's
Patient Zero, the first one indoctrinated into
Raniere's methodology and the first one to
escape. THE PROGRAM begins with the origin
story of NXIVM, follows its rise to international
prominence, and takes the reader into the
downfall of Raniere through Toni's eyes. During
this time she bore witness to the evolution of his
methodology, including his use of sex, blackmail,
and employment of psychological tools such as
neuro-linguistic programming to control and
punish those who would not heed his wishes.
She uniquely details the fortunes lost and the
lives left in disarray that she witnessed
contemporaneously, including members of DOS,
a group of women coerced into sexual acts under

the guise of a "women's empowerment" inner circle, whom Raniere exercised extreme control over directly and through his lieutenants. But far from being a victim's story, in the spirit of Erin Brockovich, Toni's is a nuanced narrative of a multi-dimensional woman saving herself, and then working tirelessly to help other women do the same for themselves. Today, Toni is happy, reunited with her son, and surrounded by friends and family--it is this perspective that makes her such a unique storyteller.

and government officials. Learn about the roots of NXIVM. Step into the mind-bending world of Cult Leader Keith Raniere. Captive - Catherine Oxenberg 2018-08-07

In this heartbreaking and shocking exposé, one of Dynasty's biggest stars lays bare a secretive organization that is holding her daughter hostage and details her mission to save her in this powerful depiction of a mother's love and determination. I am a mother whose child is being abused and exploited. And I am not alone. In 2011, Catherine joined her daughter, India, at a leadership seminar for a new organization

called NXIVM. Her twenty-year-old daughter was on the threshold of building a new company and they both thought this program might help her achieve her dream. But quickly, Catherine saw a sinister side to what appeared to be a self-help organization designed to help its clients become the best versions of themselves. Catherine watched in horror as her daughter fell further and further down the rabbit hole, becoming brainwashed by the organization's charismatic leader. Despite Catherine's best efforts, India was drawn deeper into the cult, eventually joining a secret, elite "sorority" of women members who are ordered to maintain a restricted diet, recruit other women as "slaves," and are branded with their leader's initials. In *Captive*, Catherine shares every parent's worst nightmare, and the lengths that a mother will go to save her child. Featuring interviews with past members of NXIVM and experts in the field of cults, Oxenberg attempts to draw back the curtain on how these groups continue to lure in

members. She relates her continuing journey to try to reach her daughter, to save her from what she believes is a dangerous, mind-controlling cult.

Scarred - Sarah Edmondson 2019-09-17

As seen in the HBO docuseries *THE VOW: The shocking and subversive memoir of a 12-year-NXIVM-member-turned-whistleblower, and her inspiring true story of abuse, escape, and redemption.* "'Master, would you brand me? It would be an honor.' From the second I climb onto the table, acutely aware that I am lying in the sweat of my sisters, I will have blocked that out. Lying there completely naked, I am at my most vulnerable but determined to prove my strength. I try to keep my legs closed as my body wills itself to protect my most private area. . . . I tell myself: I am a warrior. I birthed a human. I can handle pain. But nothing could have ever prepared me for the feel of this fire on my skin." *Scarred* is Sarah Edmondson's compelling memoir of her recruitment into the NXIVM cult,

the 12 years she spent within the organization (during which she enrolled over 2,000 members and entered DOS—NXIVM's "secret sisterhood"), her breaking point, and her harrowing fight to get out, to expose Keith Raniere and the leadership, to help others, and to heal. Complete with personal photographs, *Scarred* is also an eye-opening story about abuses of power, female trust and friendship, and how sometimes the search to be "better" can override everything else. • In the tradition of *Unorthodox* by Deborah Feldman, *Escape* by Carolyn Jessop, and *Troublemaker* by Leah Remini • This tell-all follows Sarah from the moment she takes her first NXIVM seminar, to the invitation she accepts from her best friend, Lauren Salzman, into DOS, to her journey toward become a key witness in the federal case against its founders • Evokes questions about friendship, ethics, good and evil, making it a brilliant selection for book clubs Audio edition read by the author.

Don't Call it a Cult - Sarah Berman 2021-04-20

They draw you in with the promise of empowerment, self-discovery, women helping women. The more secretive those connections are, the more exclusive you feel. Little did you know, you just joined a cult. Sex trafficking. Self-help coaching. Forced labor. Mentorship. Multi-level marketing. Gaslighting. Investigative journalist Sarah Berman explores the shocking practices of NXIVM, a cult run by Keith Raniere and many enablers. Through the accounts of central NXIVM figures, Berman uncovers how dozens of women seeking creative coaching and networking opportunities instead were blackmailed, literally branded, near-starved, and enslaved. *Don't Call It a Cult* is a riveting account of NXIVM's rise to power, its ability to evade prosecution for decades, and the investigation that finally revealed its dark secrets to the world.

The Cult of Trump - Steven Hassan 2020-09-01
A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (Kirkus Reviews). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the

wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In The Cult of Trump, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was

a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). The Cult of Trump is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

Love, Sex, Fear, Death - Timothy Wyllie
2009-06-01

The Process Church of the Final Judgment was the apocalyptic shadow side of the flower-powered '60s and perhaps the most notorious cult of modern times. Hundreds of black-cloaked

devotees, often wearing a satanic “Goat of Mendes” and a swastika-like mandala, swept the streets of London, New York, Boston, Chicago, New Orleans, and Toronto, selling magazines and books with titles like *Fear and Humanity is the Devil*. And within the group’s “Chapters,” members would participate in “Midnight Meditations” beneath photographs of the Christ-like leader. Celebrities like Marianne Faithful, James Coburn, and Mick Jagger participated in Process publications, and Funkadelic, in its *Maggot Brain* album, reprinted Process’ “Fear Issue.” Process’ “Death Issue” interviewed the freshly-imprisoned Charles Manson leading to conspiracy hysteria in such books as Ed Sanders’ *The Family* and Maury Terry’s *The Ultimate Evil*. A lawsuit against Sanders’ Manson book led to the removal of its Process-themed chapter by Dutton. *Love, Sex, Fear, Death* is the shocking, surprising, and secretive inside story of The Process Church, which was later transformed into Foundation Faith of the Millennium, and
