The Sexual Abuse of Children -
William T. O'Donohue
2013-12-16

The sexual abuse of children is now seen as an enormous problem; first, because there is an increasing awareness that it is more prevalent than previously thought, and second, because it gives rise to so many complex questions. How is sexual abuse to be defined? What are the effects of abuse? How can the victim be helped? How can abuse be prevented? These two comprehensive volumes cover a wide spectrum of basic and applied issues. Expert contributors -- including physicians, attorneys, psychologists, philosophers, social workers, and engineers - - address such relevant topics as epidemiology, animal models, legal reforms, feminist scholarship, child pornography, medical assessment, and

diverse models of psychotherapeutic intention.
Directory of Halfway Houses for the Mentally Ill and Alcoholics - National Institute of Mental Health (U.S.) 1973

Issues in Sexuality and Sexual Behavior Research: 2013 Edition - 2013-05-01
Issues in Sexuality and Sexual Behavior Research: 2013 Edition is a ScholarlyEditions™ book that delivers timely, authoritative, and comprehensive information about Sexuality. The editors have built Issues in Sexuality and Sexual Behavior Research: 2013 Edition on the vast information databases of ScholarlyNews.™ You can expect the information about Sexuality in this book to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and

relevant. The content of Issues in Sexuality and Sexual Behavior Research: 2013 Edition has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

New Directions in Sex Therapy
- Peggy J. Kleinplatz
2012-04-27

Winner of the 2013 AASECT Professional Book Award! *New Directions in Sex Therapy: Innovations and Alternatives* focuses on cutting-edge, therapy paradigms as alternatives to conventional clinical strategies. With each passing year, the treatment of sexual problems seems to emphasize more medical and pharmacological interventions.

There is correspondingly less interest in the experiences of the individuals or couples involved. This book expands the definition of our field. Part I highlights the major problems and criticisms facing sex therapy and furnishes a rationale for new directions. Included in this new edition are critiques of "sexual addiction" nomenclature, the neglect of the ethical dimension in sex therapy, and there is a call to expand our vision of what sex therapy can attain. Part II demonstrates new approaches to dealing with traditional sex therapy concerns, including lack of desire and erectile dysfunction as well as innovative goals, such as integrating sexual medicine with sex therapy, using client feedback to customize therapy for the particular individual/couple's best interests, promoting relationship growth in working with transgender clients, and transcending sexual function/dysfunction to optimize erotic intimacy in long-term couples. This 2nd

edition of *New Directions in Sex Therapy: Innovations and Alternatives* is replete with helpful new clinical illustrations across the spectrum of theoretical orientations (e.g., systemic, narrative, Experiential, CBT) to demonstrate these approaches in action. This book is intended for anyone who deals with sexual issues and concerns in therapy—clinicians of every kind, novices and advanced practitioners—rather than only those who define themselves as sex therapists.

The Wiley Handbook on the Theories, Assessment and Treatment of Sexual

Offending - Douglas P. Boer
2016-11-14

The Wiley Handbook on the Theories, Assessment and Treatment of Sexual Offending is a three-volume collection of up-to-date readings contributed by international experts relating to the assessment, intervention, and theoretical foundations of sexual offending. Includes in-depth and up-to-date assessment and treatment approaches for adult

male, female, juvenile, and cognitively-impaired offenders. Features contributions by leading experts in each specialized field from around the world including Bill Marshall, Bill Lindsay, and Tony Ward. Offers cutting-edge theories of sexual offending, including the latest multifactorial and single-factor theories.

Principles and Practice of Sex Therapy, Fifth Edition -

Yitzchak M. Binik 2014-03-19

This book has been replaced by *Principles and Practice of Sex Therapy, Sixth Edition*, ISBN 978-1-4625-4339-7.

[Remaking Relapse Prevention with Sex Offenders](#) - D. Richard Laws 2000-04-19

It is estimated that relapse prevention methods are employed in more than 90% of all North American sex offender treatment programs (of which there are more than 2,000). Comparable statistics are true in most industrialized countries around the world. Over the last decade a great deal has been learned about the treatment of sexual

*Downloaded from

on 2020-10-26 by guest*

offenders, and particularly about relapse prevention. This sourcebook provides clinicians with the most current, practical, useable information about working with sex offenders to prevent relapse. It reflects the advances and insights of the past decade since the publication of *Relapse Prevention with Sex Offenders*, focusing on the major reconceptualizations, revisions, and innovations that will chart treatment programs for the first decade of the new millennium.

Sex Offenders - Sean Maddan
2022-09-14

In *Sex Offenders: Crimes and Processing in the Criminal Justice System*, Maddan and Pazzani draw on their extensive research and teaching experience to provide coverage of all facets of sex crimes and sexual deviance in the United States. The text emphasizes rape and sexual offenses against children and society's responses through the criminal justice system, including enforcement and investigation, the courts,

corrections, and post-punishment treatment. Up-to-date information, statistics, and research assessments include imprisonment, historical punishments, recidivism, registration and notification requirements (SORN), residence restrictions, civil commitments, and treatment. The impact of sex offenses on victims' lives is treated in depth, as are possible directions for future policies to better address the threat posed by sex offenders. Students reading this book will get a true sense of the U.S. sex offender problem, the responses of the criminal justice system, and what can be done to further decrease the incidence of sex offending. New to the Second Edition: A fresh examination of sexual harassment in the workplace in light of the #MeToo movement. Incorporation throughout the book of the etiology of sexual harassment. In-depth consideration of why sexual harassment is not handled through the criminal justice system as a criminal offense.

*Downloaded from
legacy.opendemocracy.net
on 2020-10-26 by guest*

Updated literature, research, and statistics on sex crimes and criminal justice processing. New example stories that highlight more recent real-world instances of sex crimes and criminal justice responses to sex crimes. Professors and students will benefit from: An overview of sex offenses in the United States covers major theories to account for sex offending, legal statutes defining sex crimes, types of sex offenses and offenders, sex crime victims' characteristics, policing of sex crimes, and society's responses to sex crimes (including registries, residence restrictions, civil commitments, and treatment). A focus on sex offenses through the criminal justice system framework examines the pros and cons of various strategies, including criminal statutes, law enforcement and court processing approaches, and correctional techniques for treating or warehousing sex offenders. Real-world narratives in each chapter illustrate and provide a practical perspective on the

complexity and impact of the sex offense under discussion for society, perpetrator, and victim. Accessibly written chapters include learning objectives, lists of key terms, exercises, and essay questions for review and information retention.

Sexuality Counseling - Kay Frances Schepp 2013-08-21

First published in 1986.

Routledge is an imprint of Taylor & Francis, an informa company.

Sex, Therapy, and Kids -

Sharon Lamb 2006

A responsible, realistic, and sex-positive approach to sexuality in youth.

Probation, Parole, and

Community Corrections - Dean

J. Champion 1999

Appropriate for Probation and Parole course at the sophomore/junior undergraduate level.

Suggesting that all components of the criminal and juvenile justice systems are interrelated to varying degrees, this thorough study describes the objectives of probation and parole for criminally convicted

adults and juveniles and whether these objectives are achieved. Helping students deepen their understanding of these philosophies through an examination of the history of parole and probation in the United States, it describes probation and parole programs, considers various classes of offenders, and highlights several problems associated with the selection and training of probation and parole officers - including their relationships with offender-clients. It remains the only major text of its kind to combine the standard topics in probation and parole with full coverage of recent trends in community corrections. Exceptionally well-organized, it emphasizes a legalistic approach, noting key legal cases where appropriate and including our most recent U.S. Supreme Court decisions. *National Library of Medicine Current Catalog* - National Library of Medicine (U.S.)

Women and Sex Therapy - Ellen Cole 2014-03-18

Outstanding feminist scholars present seldom discussed women's views of sexuality. In the past, there has been little feminist discussion among sexuality professionals and between feminist therapists and sex therapists. The valuable ideas expressed by the contributors to this book are aimed at increasing the possibilities for all therapists and counselors to discuss with their clients the nature of sexuality, and in particular, what women feel about sex. Professionals provide remarkable perspectives on issues that concern all women--orgasm, the double standard, new reproductive options, intimacy, bisexuality, and more.

THE DILEMMA OF THE SEXUAL OFFENDER - George Palermo 2013-04-01

It has been over ten years since the release of the first edition. Over this time span, the dilemmas for the sexual offender - including their visceral and virtual manifestations - have captured the imagination of the public,

Downloaded from
legacy.opendemocracy.net
on 2020-10-26 by guest

have rewritten the subdiscipline of behavioral sciences and the law, and have led to new technologies in the assessment, diagnostic, and treatment decision sciences. These dilemmas circulate in the marketplace of conspicuous digital consumerism that stylizes and commercializes the sex offender industry through society's ubiquitous infotainment-driven and carnival-like outlets. This second edition will act as the antidote to the voyeurism that addictively feeds on the dramatizations that caricature the victims, assailants, and predicaments that constitute the dilemmas for the sexual offender. The authors systematically probe and dissect the boundaries of their topic with erudition and insight. This acumen consists of psychiatric, legal, moral, and bio-social realms of inquiry and analysis. Old questions about the nature of evil, women in society, violence and mental illness, and treatment and recovery receive fresh attention based on the latest

empirical evidence. New chapters address emergent forms of deviant sexuality (e.g., cyber-offending, erotic and sadistic psychopathy, and child-molesting clergy). New sections illuminate existing forms of aberrant sexuality (e.g., moral development and necrophilia, moral reasoning and sex offenders, and the psychodynamics of serialized lust murder). This state-of-the-art text, replete with cutting-edge case illustrations, demonstrates how medicine, law, and culture are inextricably (and sometimes inexplicably) bound together. It will serve as an outstanding resource for psychiatrists, lawyers, criminologists, policy analysts, and forensic mental health professionals as the authors expertly reveal the world of sexual offenders. The Wiley Handbook of Sex Therapy - Zoë D. Peterson 2017-04-24
The Wiley Handbook of Sex Therapy is a comprehensive and empirically-based review of the latest theory and practice in the

psychotherapeutic treatment of sexual problems across client populations. Structured in four sections covering specific sexual dysfunctions, theoretical approaches to sex therapy; working with client diversity; and future directions in sex therapy Advocates a holistic approach to sex therapy with a focus on using a range of psychotherapeutic theories and techniques rather than only the most popular behavioral strategies Includes case studies which highlight the broad spectrum of diverse conditions that clients can experience and which sex therapists can therefore encounter in the consulting room Includes contributions by more than 60 experts from a wide range of disciplines
Handbook of LGBT-Affirmative Couple and Family Therapy - Jerry J. Bigner 2012-05-04
The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature. Spanning 30 chapters, they discuss the diverse and complex issues

involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients, couples, and families need to know, and is only the second of its kind in the history of the field. The clinical issues discussed include • raising LGBT children • coming out • elderly LGBT issues • sex therapy • ethical and training issues Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy.

Handbook of Sexual Assault
- William Lamont Marshall
2013-11-21

A useful tool for practitioners, researchers, theorists, and advanced students, *Handbook of Sexual Assault* analyzes the nature and extent of the problem of sexual offending and classifies the types of offenders according to an empirically developed system.

Downloaded from
legacy.opendemocracy.net
on 2020-10-26 by guest

In addition, contributors present the theories of the etiology and maintenance of sexual offending; offer various perspectives and factors relevant to accurate assessment; and detail contemporary treatment procedures.

How to Work with Sex Offenders - Rudy Flora

2014-01-14

How to Work with Sex Offenders is the first complete manual available on the subject for professionals who deal with this population. This user-friendly, comprehensive resource presents new data that will give you techniques for effectively interviewing sex offenders and outlines innovative treatment options in an understandable way, but that is just part of what makes this book unique. How to Work with Sex Offenders walks you through the criminal justice, human services, and mental health systems as applied to sex offenders from start to finish—you'll learn what happens to the offender from the point when he/she is

apprehended, through prosecution, adjudication, and treatment. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

International Handbook of Behavior Modification and Therapy - Alan S. Bellack
2012-12-06

The rapid growth of behavior therapy over the past 20 years has been well documented. Yet the geometric expansion of the field has been so great that it deserves to be recounted. We all received our graduate training in the mid to late 1960s. Courses in behavior therapy were then a rarity. Behavioral training was based more on informal tutorials than on systematic programs of study. The behavioral literature was so circumscribed that it could be easily mastered in a few months of study. A mere half-dozen books (by Wolpe, Lazarus, Eysenck, Ullmann, and Krasner) more-or-less comprised the behavioral library in the mid- 1960s. Seminal works by Ayllon and Azrin, Bandura, Franks, and

Downloaded from
legacy.opendemocracy.net
on 2020-10-26 by guest

Kanfer in 1968 and 1969 made it only slightly more difficult to survey the field. Keeping abreast of new developments was not very difficult, as Behaviour Research and Therapy and the Journal of Applied Behavior Analysis were the only regular outlets for behavioral articles until the end of the decade, when Behavior Therapy and Behavior Therapy and Experimental Psychiatry first appeared. We are too young to

be maudlin, but "Oh for the good old days!" One of us did a quick survey of his bookshelves and stopped counting books with behavior or behavioral in the titles when he reached 100. There were at least half again as many behavioral books without those words in the title.

Vermont Sex Offenders -

Pamela D. Lucas 1995
Discusses whether Vermont requires convicted sex offenders to pay for their victims' therapy and treatment.
