They Don't Want Her There - Carolyn

Chalmers 2022-04-27

Decades before the #MeToo movement, Chinese American professor Jean Jew M.D. brought a lawsuit against the University of Iowa, alleging a sexually hostile work environment within the university's College of Medicine. As Jew gained accolades and advanced through the ranks at Iowa, she was met with increasingly vicious attacks on her character by her White male colleagues. After years of demoralizing sexual, racial, and ethnic discrimination, finding herself without any higher-up departmental support, and noting her professional progression beginning to suffer by the hands of hate, Jean Jew decided to fight back. Carolyn Chalmers was her lawyer. This book tells the inside story of pioneering litigation unfolding during the eight years of a university investigation, a watershed federal trial, and a state court jury trial. *They Don't Want Her There* is a brilliant, original work of legal history that is deeply personal and shows today's professional women just how recently some of our rights have been won--and at what cost.

What Is Sexual Harassment? - Abigail Saguy
2003-08-13

"An outstanding work. This book is at once an analysis of a disturbing social practice and a study in legal mobilization. Saguy gets inside the black box of culture by showing how a piece of legal culture gets produced, disseminated, and

received. Paying close attention to the discursive possibilities in the legal texts, the work is grounded in the organizational settings through which representational struggles are waged, displaying how the laws came to be as they are. A rich and provocative account that will be the starting point for future discussions of sexual harassment."—Susan Silbey, author of *The Common Place of Law: Stories from Everyday Life* "In this pathbreaking comparative study, Saguy sheds light on a crucial aspect of the lives of many working women by analyzing the various frames through which sexual harassment is understood in two national contexts. While norms against sexual harassment are growing deeper roots in the American workplace, accusations of sexual improprieties remain often the object of ridicule in France. Saguy's explanation of this and other differences goes beyond traditional culturalist models. The beauty of her analysis is to capture some of the ways in which sexuality is used to gain power in the workplace, and the role played by cultural frameworks in mediating these modalities."—Michele Lamont, co-author of *Rethinking Comparative Cultural Sociology: Repertoires of Evaluation in France and the United States* "This sophisticated, yet highly readable and dramatic account reveals how differently sexual harassment is interpreted in the laws and social practices in the United States and France. Drawing on a wide range of

Downloaded from
legacy.opendemocracy.net on 2022-08-01
by guest

research, Saguy reveals how political and cultural differences in the two societies have implications for addressing the harm victims face. A must read for sociologists of organizational behavior and culture, as well as lawyers and the informed public."—Cynthia Fuchs Epstein, author of *Deceptive Distinctions: Sex, Gender and the Social Order* "Rooted in rigorous comparative research, *What Is Sexual Harassment?* answers its own question with no-nonsense lucidity and cutting intelligence." -- Joshua Gamson, author of *Freaks Talk Back* "This is a remarkable book, both in terms of methodology and theory. This work will be an indispensable tool for anyone concerned with defining the concept of sexual harassment. The comparative approach demonstrates its heuristic importance, as Saguy shows a remarkable mastery of different social and legal cultures."—Françoise Gaspard, author of *A Small City in France* "What is Sexual Harassment? offers an original examination of the variable, much contested meanings of sexual harassment in both the United States and France. Saguy not only explains how divergent legal understandings have reflected the quite different cultural traditions and social structures in each of these two nations, but she also addresses how reaction to American media representations of sexual harassment reinforced the development of unique legal constructions in France. This is a highly interesting, innovative, and important study that advances our understanding about how socio-legal meaning is produced, reproduced, and transformed."—Michael McCann, author of *Rights at Work: Pay Equity Reform and the Politics of Legal Mobilization*

Black Men on Race, Gender, and Sexuality -
Devon Carbado 1999-07-01

In late 1995, the Million Man March drew hundreds of thousands of black men to Washington, DC, and seemed even to skeptics a powerful sign not only of black male solidarity, but also of black racial solidarity. Yet while generating a sense of community and common purpose, the Million Man March, with its deliberate exclusion of women and implicit rejection of black gay men, also highlighted one of the central faultlines in African American politics: the role of gender and sexuality in

antiracist agenda. In this groundbreaking anthology, a companion to the highly successful *Critical Race Feminism*, Devon Carbado changes the terms of the debate over racism, gender, and sexuality in black America. The essays cover such topics as the legal construction of black male identity, domestic abuse in the black community, the enduring power of black machismo, the politics of black male/white female relationships, racial essentialism, the role of black men in black women's quest for racial equality, and the heterosexist nature of black political engagement. Featuring work by Cornel West, Huey Newton, Henry Louis Gates, Jr., A. Leon Higginbotham, Jr., Houston Baker, Marlon T. Riggs, Dwight McBride, Michael Awkward, Ishmael Reed, Derrick Bell, and many others, Devon Carbado's anthology stakes out new territory in the American racial landscape. -- *Critical America*, A series edited by Richard Delgado and Jean Stephancic.

Out at Work - Kitty Krupat 2001-01-01

Today in thirty-nine states, employers may legally fire workers simply because they are known or thought to be gay. Clearly, the struggle against workplace discrimination based on sexual orientation has a long way to go. In *Out at Work*, a distinguished group of prominent gay rights activists, union leaders and members, policymakers, and academics—including U.S. Representative Barney Frank, AFL-CIO president John J. Sweeney, and rights advocate Urvashi Vaid—offers a spirited assessment of the challenges faced by lesbians, gays, and other sexual minorities on the job. Although mainstream gay rights organizations have tended to imagine their community as primarily middle class, an overwhelming number of lesbians and gays are working class, and many are already union members. Indeed, most of the progress made toward improved workplace conditions for gays and lesbians has been accomplished by rank-and-file union activists. *Out at Work* identifies the important parallels between the labor and gay rights movements and their shared work of foregrounding human rights, fighting homophobia, and embracing the full range of sexual expression. Through case studies of organizing efforts and more broadly political approaches, the authors call for both movements to reexamine their priorities and

practices. There is much to be gained from a partnership between these movements, they conclude: for the gay rights movement, having the bargaining power of the trade unions behind them; for organized labor, a broader base of support. Contributors: Cathy J. Cohen, Yale U; Teresa Conrow; Lisa Duggan, NYU; William Fletcher Jr., AFL-CIO; Representative Barney Frank; Tami Gold, Hunter College; Yvette Herrera, Communication Workers of America; Desma Holcomb, UNITE; Amber Hollibaugh; Gloria Johnson, Coalition of Labor Union Women; Tamara Jones; Heidi Kooy, Exotic Dancers Union; Andrew Ross, NYU; Van Alan Sheets, Pride at Work; Nikhil Pal Singh, U of Washington; John J. Sweeney, AFL-CIO; Jeff Truesdell, Orlando Weekly; Urvashi Vaid, National Gay and Lesbian Task Force; Riki Anne Wilchins, GenderPAC; and Kent Wong, UCLA.

Sexual Politics in the Enlightenment - Mary Seidman Trouille 1997-01-01

Explores the way seven women writers of the eighteenth century responded to Rousseau, and traces his crucial influence on their literary careers.

Regulating Intimacy - Jean-Louis Cohen 2009-01-10

The regulation of intimate relationships has been a key battleground in the culture wars of the past three decades. In this bold and innovative book, Jean Cohen presents a new approach to regulating intimacy that promises to defuse the tensions that have long sparked conflict among legislators, jurists, activists, and scholars.

Disputes have typically arisen over questions that apparently set the demands of personal autonomy, justice, and responsibility against each other. Can law stay out of the bedroom without shielding oppression and abuse? Can we protect the pursuit of personal happiness while requiring people to behave responsibly toward others? Can regulation acknowledge a variety of intimate relationships without privileging any? Must regulating intimacy involve a clash between privacy and equality? Cohen argues that these questions have been impossible to resolve because most legislators, activists, and scholars have drawn on an anachronistic conception of privacy, one founded on the idea that privacy involves secrecy and entails a sphere free from legal regulation. In response,

Cohen draws on Habermas and other European thinkers to present a robust "constructivist" defense of privacy, one based on the idea that norms and rights are legally constructed. Cohen roots her arguments in debates over three particularly contentious issues: reproductive rights, sexual orientation, and sexual harassment. She shows how a new legal framework, "reflexive law," allows us to build on constructivist insights to approach these debates free from the liberal and welfarist paradigms that usually structure our legal thought. This new legal paradigm finally allows us to dissolve the tensions among autonomy, equality, and community that have beset us. A synthesis of feminist theory, political theory, constitutional jurisprudence, and cutting-edge research in the sociology of law, this powerful work will reshape not only legal and political debates, but how we think about the intimate relationships at the core of our own lives. .

Virtuous Vice - Eric O. Clarke 2000-03-14

In this daring study of queer life and the public sphere, Eric O. Clarke examines the effects of inclusion within public culture. Departing from studies that emphasize homophobia and its mechanisms of exclusion, *Virtuous Vice* details how mainstream efforts to represent queers affirmatively continually fall short of full democratic enfranchisement. Clarke draws on contemporary writings along with late-eighteenth- and nineteenth-century English and European cultural history to investigate how concepts of value, representation, and homoeroticism have interacted and circulated in the West since the Enlightenment. Examining the role of eroticism in citizenship and why only normalizing constructions of homosexuality enable inclusion, Clarke reconsiders the work of Habermas and Foucault in relation to contemporary visibility politics, Kant's moral and political theory, Marx's analysis of value, and the sexualized dynamics of the Victorian cultural public sphere. The juxtaposition of Habermas with Foucault reveals the surprising value of reading the former in the context of queer politics and the usefulness of the theory of the public sphere for understanding contemporary identity politics and the visibility politics of the 1990s. Examining how a host of nonsexual factors impinge historically upon the

constitution of sexual identities and practices, Clarke negotiates the relation between questions of publicity and categories of value. Discussions of television sitcoms (such as *Ellen*), marketing techniques, authenticity, and literary culture add to this daring analysis of visibility politics. As a critique of the claim that equal representation of gays and lesbians necessarily constitutes progress, this significant intervention into social theory will find enthusiastic readers in the fields of Victorian, cultural, literary, and gay and lesbian studies, as well as other fields engaged with categories of identity.

[The Sexual Politics of Jean-Jacques Rousseau](#) -

Joel Schwartz 1985-10-15

Joel Schwartz presents the first systematic treatment of Rousseau's understanding of the political importance of women, sexuality, and the family. Using both Rousseau's lesser-known literary works and such major writings as *Emile*, *Julie*, and *The Second Discourse*, he offers an original and provocative presentation of Rousseau's argument. To read Rousseau, Schwartz believes, is to enter into a profound discourse about the meaning of sexual equality and the opportunities, pitfalls, costs, and benefits that sexual relationships bestow and impose on us all. His own thoughtful reading of Rousseau opens up fresh perspectives on political philosophy and the history of sexual, masculine, and feminine psychology.

Black Men on Race, Gender, and Sexuality -

Devon Carbado 1999-07

A groundbreaking anthology of essays providing commentary on gender and sexuality inclusion in the antiracist movement. In late 1995, the Million Man March drew hundreds of thousands of black men to Washington, DC, and seemed even to skeptics a powerful sign not only of black male solidarity, but also of black racial solidarity. Yet while generating a sense of community and common purpose, the Million Man March, with its deliberate exclusion of women and implicit rejection of black gay men, also highlighted one of the central faultlines in African American politics: the role of gender and sexuality in antiracist agenda. In this groundbreaking anthology, a companion to the highly successful *Critical Race Feminism*, Devon Carbado changes the terms of the debate over racism, gender, and sexuality in black America. The essays cover

such topics as the legal construction of black male identity, domestic abuse in the black community, the enduring power of black machismo, the politics of black male/white female relationships, racial essentialism, the role of black men in black women's quest for racial equality, and the heterosexist nature of black political engagement. "Featuring work by Cornel West, Huey Newton, Henry Louis Gates, Jr., A. Leon Higginbotham, Jr., Houston Baker, Marlon T. Riggs, Dwight McBride, Michael Awkward, Ishmael Reed, Derrick Bell, and many others, Devon Carbado's anthology stakes out new territory in the American racial landscape."—*Critical America*, A series edited by Richard Delgado and Jean Stephancic

[The New Logic of Sexual Violence in Enlightenment France](#) - Mary McAlpin
2023-11-08

This book argues that rape as we know it was invented in the eighteenth century, examining texts as diverse as medical treatises, socio-political essays, and popular novels to demonstrate how cultural assumptions of gendered sexual desire erased rape by making a woman's non-consent a logical impossibility. The Enlightenment promotion of human sexuality as natural and desirable required a secularized narrative for how sexual violence against women functioned. Novel biomedical and historical theories about the "natural" sex act worked to erase the concept of heterosexual rape. McAlpin intervenes in a far-ranging assortment of scholarly disciplines to survey and demonstrate how rape was rationalized: the history of medicine, the history of sexuality, the development of the modern self, the social contractarian tradition, the global eighteenth century, and the libertine tradition in the eighteenth-century novel. This intervention will be essential reading to students and scholars in gender studies, literature, cultural studies, visual studies, and the history of sexuality.

Clinical Aspects of Sexual Harassment and Gender Discrimination - Sharyn Ann Lenhart
2004-03-20

This book addresses the psychological impact of sexual harassment and gender discrimination from both a clinical and theoretical perspective,

whereas previous literature on the topic has emphasized legal and employment consequences. To start, Lenhart provides a comprehensive summary and integration of existing literature and discusses relevant aspects of the workplace and legal environments. The second portion of the book deals with the psychodynamics of sexual harassment and gender discrimination, placing these violations in proper psychological perspective, along the same lines as rape, battering and other forms of gender-based abuse. The wide spectrum of psychological consequences of discrimination will be discussed and an effective and integrative model for intervention and treatment will be presented.

They Don't Want Her There - Carolyn Chalmers 2022-04-06

Before the nation learned about workplace sexual harassment from Anita Hill, and decades before the #MeToo movement, Chinese American professor Jean Jew M.D. brought a lawsuit against the University of Iowa, alleging a sexually hostile work environment within the university's College of Medicine. As Jew gained accolades and advanced through the ranks at Iowa, she was met with increasingly vicious attacks on her character by her white male colleagues—implying that her sexuality had opened doors for her. After years of being subjected to demoralizing sexual, racial, and ethnic discrimination, finding herself without any higher-up departmental support, and noting her professional progression beginning to suffer by the hands of hate, Jean Jew decided to fight back. Carolyn Chalmers was her lawyer. This book tells the inside story of pioneering litigation unfolding during the eight years of a university investigation, a watershed federal trial, and a state court jury trial. In the face of a university determined to defeat them and maintain the status quo, Jew and Chalmers forged an exceptional relationship between a lawyer and a client, each at the top of their game and part of the first generation of women in their fields. *They Don't Want Her There* is a brilliant, original work of legal history that is deeply personal and shows today's professional women just how recently some of our rights have been won—and at what cost.

[Sex Discrimination in the Workplace, 1981](#) -

Resolving the Paradox of Jean-Jacques Rousseau's Sexual Politics - Tamela Ice 2009-05-16

This book proposes a resolution to the paradox of Jean-Jacques Rousseau's sexual politics—that he is the philosopher of freedom for men yet philosopher of servitude for women. The author examines psychological oppression, which is often overlooked as a consequence of sexual and identity politics, which is revealed in Rousseau's *Les Solitaires* and Gustave Flaubert's *Madame Bovary*. The author addresses logical problems for Rousseau and certain forms of contemporary 'difference' feminisms. With the aid of Simone de Beauvoir's notions of liberty, the author proposes a way to use Rousseau's philosophies to overcome psychological oppression.

My Mind Made Me Me - Jeanie Civil 2023-06-23

My Mind Made Me Me is a powerful and thought-provoking guide to understanding and improving your mental well-being. Written by an expert in the field, the book takes a holistic approach, delving into the connection between your mind, memories, childhood experiences, and mental well-being. The author draws on the idea that true wealth is found in good mental health, regardless of one's financial status. The book offers personal insight into the possible reasons for your attitudes, prejudices, motivation, values, and mental health. It explores how our thoughts affect our feelings, behaviour, and ultimately our mental well-being. With real-life examples and practical exercises, the book encourages readers to give themselves permission to be happy and mentally well. The author uses the example of Prince Harry, discussing how his attitude towards the media may be linked to his young childhood experiences and his exposure to his mother's dubious relationship with the press. The author encourages readers to take a deeper look at their own childhood experiences and how it may be affecting their current mental health and behaviour. This book is a must-read for anyone looking to improve their mental health and gain a better understanding of themselves.

The Wiley Handbook of What Works with Sexual Offenders - Jean Proulx 2020-08-24

From a rehabilitation series-what works for those who've sexually offended The Wiley Handbook of What Works with Sexual Offenders is an important addition to the What Works in Offender Rehabilitation handbook series. This handbook specifically looks at the topics of sexual offender theory, assessment, rehabilitation, prevention, policy, and risk management. Current assessment frameworks and intervention programmes are evaluated, with consideration of treatment efficacy. The handbook provides professionals with an evidence-based approach to the management and rehabilitation of individuals who have sexually offended, while presenting ideas on the prevention of sexual abuse. Concepts and theory behind sexual offender rehabilitation are presented with a focus on how this information can be applied in the development of real-world policies that seek to reduce re-offending. The Wiley Handbook of What Works with Sexual Offenders also includes discussions from renowned international researchers and clinicians on the empirical findings of treatment effectiveness. Presents theory, research, policy, and practice related to sexual offenses. Addresses a full range of topics, such as sexual aggression, structured risk assessment, sexual offenders with intellectual disabilities, and pharmacological treatment of sexual offenders. Discusses how conceptual and theoretical material can be used in establishing policy and practice. As an important reference work, this rehabilitation handbook offers material for practitioners, including probation officers, social workers and psychologists. Each handbook within the What Works in Offender Rehabilitation series studies current theory, policy, and practice related to a type of offending.

Sexual Harassment in the Workplace: Sexuality, social relations, and the workplace - Alba Conte

2010-01-01

The law of sexual harassment is constantly evolving, and the number of sexual harassment claims is dramatically on the rise. Sexual Harassment in the Workplace, Fourth Edition, is a comprehensive guide that provides all the information you need to successfully litigate a sexual harassment claim. Sexual Harassment in the Workplace guides you through the relevant administrative and legal proceedings, from client interviews to attorney's fees. It discusses state and federal remedies available to maximize recovery, including: The development and elements of the claim Sample pleadings Discovery documents Reviews of actual cases Special attention is given to important topics such as: Suits by alleged harassers Insurance indemnification Class actions And many others Sexual Harassment in the Workplace brings you up to date on the latest case law developments, including the following: A new checklist of items to cover when representing an employer The U.S. Supreme Court confirmed that retaliation is actionable under Title IX where a girls' high school basketball coach claimed that he suffered retaliation for complaining about sexual discrimination in the athletic program of the school, even though he himself was not the direct victim. Jackson v. Birmingham Board of Education, 544 U.S. 167 (2005) In order to increase opportunities for mediation, the EEOC expanded the charges eligible for mediation and now mediation is available at the conciliation stage, after a finding of discrimination has been issued, in appropriate cases The U.S. Supreme Court has held that under the Federal Arbitration Act, where parties to an arbitration agreement include a provision that delegates to the arbitrator the threshold question of enforceability of the arbitration agreement, if a party specifically challenges the enforceability of the entire agreement, the arbitrator would consider the challenge. If, however, the party only challenges the enforceability of the arbitration provision, the challenge must be heard by a court. Rent-A-Center, West Inc. v. Jackson, 130 S. Ct. 2772 (2010) The lack of timeliness in filing a discrimination action is an affirmative defense and the burden of proof is on the employer. Salas v. Wisconsin Department of Corrections, 493 F.3d 913, 922 (7th Cir 2007) A

federal employee's premature filing of a sexual harassment employment discrimination and retaliation complaint did not constitute a failure to exhaust administrative remedies so as to deprive the district court of subject-matter jurisdiction. *Brown v. Snow*, 440 F.3d 1259 (11th Cir. 2006) A majority of states impose a shorter period for filing with their agencies, though, so the filing deadline is not always extended when a state has its own agency The "single filing rule" - under which a party who has not filed an EEOC charge or received a right-to-sue notice may piggyback his or her judicial action on the claim of a party who has satisfied those prerequisites - has been described as a "carefully limited exception" to Title VII's procedural requirements. *Price v. Choctaw Glove and Safety Co.*, 459 F.3d 595

(5th Cir. 2006) Provided that an act contributing to the claim occurs within the filing period, the court may consider the entire period of the hostile environment for purposes of determining liability. *Jordan v. City of Cleveland*, 464 F.3d 584 (6th Cir. 2006) The Supreme Court has held that a plaintiff's timely filing of an EEOC intake questionnaire, which was followed by an affidavit stating "Please force Federal Express to end their age discrimination . . ." constituted a charge, cautioning, however, that its permissiv

Sexuality at Work - Jean Civil 1998

Sets out to help people with a line management responsibility to understand how their sexuality affects the people they manage and how other people's sexuality needs managing, whether they are heterosexual, homosexual or bisexual.
