Beautiful Lies - Jennifer Strickland 2013-09-01

When women and girls look to men, mirrors, magazines, movie stars, and the media for a picture of their value, they see a grossly distorted reflection of who they are.

Former professional model Jennifer Strickland knows all too well the despair women and girls experience by allowing the world to define them. Fifteen years in the most glamorized industry in the world landed Jennifer on Giorgio Armani's runway one month and trying to kill herself the next. Anorexia, drugs, and being treated like "a thing in a world of things" left her wondering where on earth to turn for her true reflection. Now she has dedicated her life to telling the truth: that when women turn away from these

mirrors of the world and look into the never-changing mirror of the Word, their beauty, purpose, and identity become crystal clear. They are God's beloved daughters, hand-made creation, holy temples, shining stars, and chosen ambassadors, designed to reflect His image to a lost and confused generation.

Just Another Teenage Girl -

Isha Nagappan 2016-04-08

Nostalgia is a funny thing, isn't it? Sometimes it reminds us of a period in the past that makes us so very unhappy but sometimes brings to mind, things that gave us the most happiness. These memories, good or bad, are the only things we will be carrying with us, no matter where life takes us. These memories are what

make us who we are. I am eighteen years old and going off to college and even though the world would call me an "adult," I still feel like I have so much left to see and learn. Join me, Alisha, as I take a walk down memory lane to a time when teenage drama was at its peak, hashtags were not "cool," the battle with acne was never-ending, feelings for a boy wavered more than an opera singer's voice, when friends and family did not mean two different things, and every single problem seemed to be the end of the world. Stand with me as I recollect every blunder I committed and be sure to smile with me as I remember all the high moments in life. For all you know, you might even be able to relate to a thing or two. So sit back, relax, and forget all about your drama as you read about mine. Love, Just Another Teenage Girl.

Unprotected - Miriam Grossman 2007-08-28

Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the

anything- goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be solved with free condoms and Zolof. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.

Portraits, family photographs, and candid images grace the pages, augmenting the emotional and physical journey each youth has taken. Each honest discussion and disclosure, whether joyful or heartbreaking, is completely different from the other because of family dynamics, living situations, gender, and the transition these teens make in recognition of their true selves.

More Beautiful Than You Know - Jennifer Strickland

Have you given a guy the power to decide whether or not you matter? You're not the only one. So many young women suffer from insecurity and poor body image. When you look to anything—or anyone—other than God for a picture of your self-worth, you'll see a distorted reflection. Now, in a new version of her acclaimed book *Beautiful Lies*, Jennifer Strickland tells you that when you turn away from the mirrors of the world and look into the never-changing mirror of the Word, your beauty, purpose, and identity become crystal clear. The book concludes, drawing from the previous nine chapters, with notes towards a definition of what everyday life might look like as a pedagogic object of study in cultural studies. This is an ideal introduction to the theories of everyday life for both undergraduate and postgraduate students of cultural studies, communication studies and media studies.
