Travels in a Gay Nation Philip Gambone 2010-06-30 For two years, Philip Gambone traveled the length and breadth of the United States, talking candidly with LGBTQ people about their lives. In addition to interviews from David Sedaris, George Takei, Barney Frank, and Tammy Baldwin, *Travels in a Gay Nation* brings us lesser-known voices—a retired Naval officer, a transgender scholar and “drag king,” a Princeton philosopher, two opera sopranos who happen to be lovers, an indie rock musician, the founder of a gay frat house, and a pair of Vermont garden designers. In this age when contemporary gay America is still coming under attack, Gambone captures the humanity of each individual. For some, their identity as a sexual minority is crucial to their life’s work; for others, it has been less so, perhaps even irrelevant. But, whether splashy or quiet, center-stage or behind the scenes, Gambone’s subjects have managed—despite facing ignorance, fear, hatred, intolerance, injustice, violence, ridicule, or just plain indifference—to construct passionate, inspiring lives. Finalist, Foreword Magazine’s Anthology of the Year Outstanding Book in the High School Category, selected by the American Association of School Libraries Best Book in Special Interest Category, selected by the Public Library Association

Becoming the Beach Boys, 1961-1963 James B. Murphy 2015-06-08 They were almost The Pendletones--after the Pendleton wool shirts favored on chilly nights at the beach--then The Surfers, before being named The Beach Boys. But what separated them from every other teenage garage band with no musical training? They had raw talent, persistence and a wellspring of creativity that launched them on a legendary career now in its sixth decade. Following the musical vision of Brian

Wilson, the Beach Boys blended ethereal vocal harmonies, searing electric guitars and lush arrangements into one of the most distinctive sounds in the history of popular music. Drawing on original interviews and newly uncovered documents, this book untangles the band's convoluted early history and tells the story of how five boys from California formed America's greatest rock 'n' roll band.

Música Típica Sean Bellaviti 2020 In this book, author Sean Bellaviti offers an insightful new look at how music plays in the formation of national identity by providing a social history and ethnographic account of Panama's most widely embraced musical form: popular cumbia or, as it is more commonly referred to, música típica.

Love Letter from Pig Julie Kabat 2023-08-23 In the summer of 1964, the FBI found the smoldering remains of the station wagon that James Chaney, Michael Schwerner, and Andrew Goodman had been driving before their disappearance. Shortly after this awful discovery, Julie Kabat's beloved brother Luke arrived as a volunteer for the Mississippi Summer Project. Teaching biology to Freedom School students in Meridian, Luke became one of more than seven hundred student volunteers who joined experienced Black civil rights workers and clergy to challenge white supremacy in the nation's most segregated state. During his time in Mississippi, Luke helped plan the community memorial service for Chaney, attended the Democratic National Convention in support of the Mississippi Freedom Democratic Party, and even spent time in jail for "contributing to the delinquency of minors." This arrest followed his decision to take students out for ice cream. Through his activism, Luke grappled with many issues that continue to haunt and divide us today: racialized oppression, threats of violence, and segregation whether explicit in law or implicit through custom. Sadly, Luke died just two years after Freedom Summer, leaving behind copious

letters, diaries, and essays, as well as a lasting impact on his younger sister, nicknamed “Pig.” Drawing on a wealth of primary resources, especially her brother’s letters and diaries, Kabat delves deep into her family history to understand Luke’s motivations for joining the movement and documents his experiences as an activist. In addition to Luke’s personal narrative, Kabat includes conversations with surviving Freedom School volunteers and students who declare the life-long legacy of Freedom Summer. A sister’s tribute to her brother, Love Letter from Pig: My Brother’s Story of Freedom Summer addresses ongoing issues of civil rights and racial inequality facing the nation today.

Mix Tape Jane Sanderson 2020-01-23 'This grown-up love story is gorgeously written and romantic without being sentimental' Good Housekeeping 'This tender tale of second chances... is a nostalgic delight' Sunday Mirror You never forget the one that got away. Daniel was the first boy to make Alison a mix tape. But that was years ago and Ali hasn't thought about him in a very long time. Even if she had, she might not have called him 'the one that got away'; after all, she'd been the one to run. Then Dan's name pops up on her phone, with a link to a song from their shared past. For two blissful minutes, Alison is no longer an adult in Adelaide with temperamental daughters; she is sixteen in Sheffield, dancing in her skin-tight jeans. She cannot help but respond in kind. And so begins a new mix tape. Ali and Dan exchange songs - some new, some old - across oceans and time zones, across a lifetime of different experiences, until one of them breaks the rules and sends a message that will change everything... _____ Readers have fallen in love with Mix Tape! Migration and Vodou Karen E. Richman 2018-10-02 This book and accompanying compact disc provide a rare excursion in the innovative ways a community of Haitian migrants to South Florida has maintained religious traditions and familial connections. It demonstrates how religion, ritual, and aesthetic practices affect lives on both sides of the Caribbean, and it debunks myths of exotic and primitive vodou (often spelled "voodoo"), which have long been used against Haitians. As Karen Richman shows, Haitians at home and in migrant settlements make ingenious use of audio and video tapes to extend the boundaries of their ritual spaces and to reinforce their moral and spiritual anchors to one another. The book and CD were produced in collaboration to give the reader intimate access to this new expressive media. Sacred songs are recorded on tapes and circulated among the communities. Migrants are able to hear not only the performance sounds--drumming, singing, and chatter--but also a description, as narrators tell of offerings, sacrifices, prayers, and the exchange of possessions. Spirits who inhabit the bodies of ritual actors are aware of the recording devices and personally address the absent migrants, sometimes warning them of their financial obligations to family members in Haiti. The migrants' dependence on their home village is dramatically reinforced while their economic independence is restricted. Using standard ethnographic methods, Richman's work illuminates the connections among social organization, power, production, ritual, and aesthetics. With its transnational perspective, it shows how labor migration has become one of Haiti's chief economic exports. A volume in the series *New World Diasporas*, edited by Kevin A. Yelvington

Strong Female Character Hanna Flint 2023-02-07 Leading film critic of her generation offers an unflinchingly honest and humorous account of her millennial journey towards self-acceptance through a cinematic lens. Hanna Flint speaks from the heart in *Strong Female Character*, a personal and incisive reflection on how cinema has been the key to understanding herself and the world we live in. A staunch feminist of mixed-race heritage, Hanna has succeeded in an industry not designed for people like her. Interweaving anecdotes from familial and personal experiences - episodes of messy sex, introspection, and that time actor Vincent D'Onofrio tweeted that Hanna Flint sounded 'like a secret agent' - she offers a critical eye on the screen's representation of women and ethnic minorities, their impact on her life, body image and ambitions, with the humour and eloquence that has made her a leading film critic of her generation. Divided into the sections Origin Story, Coming of Age, Adult Material, Workplace Drama and *Strong Female Character*, the book ponders how the creative industries could better reflect our multicultural society. Warm, funny and engaging and full of film-infused lessons, *Strong Female Character* will appeal to readers of all backgrounds and seeks to help us better see ourselves in our own eyes rather than letting others decide who and what we can be.

different groups, connecting diverse audiences, and shifting between amorphous, place-based local, regional, and national identities. Moving from place to place, these border walkers embody connections between a range of localities, presenting audiences with traditional, modern, rural, and urban identities among which to continually reposition themselves in an evolving world. Born in a small mountain village near the intersection of the Great Wall and the Yellow River in a border region with a rich history of migration, Wang Xiangrong was exposed to a wide range of songs as a child. The songs of Wang's youth prepared him to create a repertoire of region-representing pieces and mediate between regions, nations, and multinational corporations in national and international performances. During the course of a career that included meeting Deng Xiaoping in 1980 and running with the Olympic torch in 2008, Wang's life, songs, and performances have come to highlight various facets of social identity in contemporary China. Drawing on extensive fieldwork with Wang and other professional folksingers from northern Shaanxi province at weddings, Chinese New Year galas, business openings, and Christmas concerts, Song King argues that songs act as public conversations people can join in on. As song kings and queens fuse personal and collective narratives in performances of iconic songs, they provide audiences with compelling models for socializing personal experience, negotiating a sense of self and group in an ever-changing world.

Soundscapes from the Americas Donna A. Buchanan 2016-04-01 Dedicated to the late Gerard Béhague (1937-2005), whose pioneering work in Latin American music, popular culture, and performance studies contributed extensively to ethnomusicological discourse in the 1970s-1990s, this anthology offers comparative perspectives on the evolving legacy of performance ethnography in socio-musical analysis. President of the Society for Ethnomusicology from 1979-81, editor of its journal, *Ethnomusicology*, from 1974-78, and founder and editor of the trilingual Latin American Music Review from 1980 until his death, Béhague also established the ethnomusicology graduate program at the University of Texas at Austin in 1974, thereby influencing the training and thinking of dozens of the field's practitioners. Among these are the volume's eight authors, whose contributions reflect the heritage but also contemporary trajectories of Béhague's scholarly concerns. Prefaced by an essay outlining key developments in the ethnography of performance paradigm, the volume's seven case studies portray snapshots of musical life in representative communities of the Americas, including the southwestern and Pacific United States, Puerto Rico, Bolivia, Chile, Cuba, and Ecuador. Situated in milieus ranging from the indigenous festivals of the Andean highlands, to the competitive public gatherings of poet-singers in post-Pinochet Chile, to the Puerto Rican dance halls of the Hawaiian islands, these studies pose anthropological inquiries into the ontology of performance practice, the social power of poetic performativity, and the experience

Into the Illusive World Paul A. Moore 2019-07-12 Have you ever thought about what a dog smells as it stops to sniff at a tree? Or what a cat is watching as it stares intensely off into space? What about animals in the wild? What do they see, hear, smell, and feel? How do they perceive their surroundings? This is the illusive world. A world filled with fascinating stimuli that we are not equipped to detect. This is particularly true because we tend to rely so heavily on our eyes or ears. We are figuratively, and literally, blind to this part of the natural world. This part, which is full of stimuli we cannot perceive, encompasses the daily lives of so many animals. Beneath our feet are ants, moles, and spiders using vibrations to coordinate colonies and communicate danger. In the oceans, turtles, fish, and octopi are sensitive to magnetic and electric fields, as well as tasty morsels at the tips of their tentacles. In the skies, owls and raptors can see deep into a lake or pierce the night with highly sensitive eyes. This book brings together all these animals and their amazing sensory abilities in an exploration of how animals perceive their world. Within these pages are wonderful and exciting stories of organisms using their senses to perform sophisticated communication with nestmates, find hidden prey in the dark of night or murky of depths, and call to lovers both near and far. This book will open the door to this illusive world and will take you on a journey into the illusive world and see how different the world is when perceived through another animal's senses.

The Paradox of Suicide and Creativity M. F. Alvarez 2020-11-12 If creativity is the highest expression of the life impulse, why do creative individuals who have made lasting contributions to the arts and sciences so often end their lives? M.F. Alvarez addresses this central paradox by exploring the inner lives and works of eleven creative visionaries who succumbed to suicide. Through a series of case studies, Alvarez shows that creativity and suicide are both attempts to authenticate and resolve personal catastrophes that have called into question the most basic conditions of human existence.

Post Eric Grubbs 2008-08 POST is a look at how post-hardcore/emo music developed since its unintentional inception in the mid-1980s. With each chapter broken up by influential band or label, it focuses on a broad style of independent music that developed because of the Do-It-Yourself (DIY) ethic. Focusing on bands like Fugazi, Jawbox, Jawbreaker, Sunny Day Real Estate, Braid, the Promise Ring, Hot Water Music, the Get Up Kids, At the Drive-In, and Jimmy Eat World, as well as labels like Dischord, Jade Tree, and Vagrant, these bands and labels came from the ideas of DIY and

The Arc of Love Aaron Ben-Ze'ev 2019-06-11 Is love best when it is fresh? For many, the answer is a resounding "yes." The intense experiences that characterize new love are impossible to replicate, leading to wistful reflection and even a repeated pursuit of such ecstatic beginnings. Aaron Ben-Ze'ev takes these experiences seriously, but he's also here to remind us of the benefits of profound love—an emotion that can only develop with time. In *The Arc of Love*, he provides an in-depth, philosophical account of the experiences that arise in early, intense love—sexual passion, novelty, change—as well as the benefits of cultivating long-term, profound love—stability, development, calmness. Ben-Ze'ev analyzes the core of emotions many experience in early love and the challenges they encounter, and he offers pointers for weathering these challenges. Deploying the rigorous analysis of a philosopher, but writing clearly and in an often humorous style with an eye to lived experience, he takes on topics like compromise, commitment, polyamory, choosing a partner, online dating, and when to say "I love you." Ultimately, Ben-Ze'ev assures us, while love is indeed best when fresh, if we tend to it carefully, it can become more delicious and nourishing even as time marches on.

Off Broadway Musicals, 1910-2007 Dan Dietz 2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a

The Love of Loves in the Song of Songs Philip Graham Ryken 2019-02-14 We live in a world where sexuality is ruined by sin, its beauty obscured by our brokenness. We need a divine vision for the way love was meant to be, with a gospel that offers forgiveness for sin and grace to live in the way that God has made us to be. In the Song of Songs, we encounter a love story that is part of the greatest love story ever told. Philip Ryken walks through this biblical love poem verse by verse, reflecting on what the Bible says about God's design for love, intimacy, and sexuality and offering insights into not only human relationships but also our relationship to God himself—learning more about the One who has loved us with an everlasting love.
