Tentacle," a naive marshal journeys to the planet New Dorado and befriends a beautiful bounty hunter and her partner,

a tentacled alien that feeds on female arousal. Finally, in "Defiled by the Dragon," an arrogant princess is kidnapped by a dragon...and accepts a most indecent proposal! This bundle of eldritch erotica is 34,000 words and is for readers 18 and up. Cover art created by TheKite. ~~~~~ Excerpt ~~~~~ From "M,nage ... Tentacle": One rambunctious tentacle wiggled its beak into her deep cleavage and she slapped it like a naughty child. "I said behave, you creep!" The tentacle retreated, beak downcast in an unmistakable sulk. "Ohhh, baby," she intoned. She took it in her hands and gently pried the beak open with her thumb. The tentative tongue reappeared. And with it, the slick pink head. I watched with a curious mixture of disgust and fascination as the tongue slithered into her mouth and gently probed her cheeks. She bit down on it playfully and giggled as it made a sound like a raspberry. The tongue retreated into the glistening slit on the pink head, which Thorn stroked with her satin thumbs and then kissed. Mollified, the head retreated into the beak and the tentacle rolled against her neck like a sleepy snake. "Grapla are psychoforms," she said. "You and I need material things to survive. Food, water, sunlight. Grapla resonate to life itself. They prefer raw emotions. Fear is particularly potent, which is why they make such effective partners." The Grapla took great pride in what she said. Its tentacles rose in a lethal chorus and trilled a dozen haunting tones that melted and faded and complemented each other. It was a stirring sound, accompanied by the hollow clacks of its deadly beaks opening and shutting like hungry birds. For a moment, the saloon went silent. Large men, cyborgs, and thuggish hybrids of all shapes and sizes, clutched their drinks in fear. The sound had its most visible effect on Thorn. Her cheeks flushed, her bosom lifted with unconcealed longing. She pulled two tentacles from the pack and let them drape across her chest. "But love is their life," she said. "They die quickly without companionship. They don't grow large in the wild. Some can get by scavenging at the fringes of population centers,

but they need a mate to thrive. Someone who loves them unconditionally." She kissed the tops of her lover's heads. "Do you ever miss the touch of your own kind?" I asked. Another smirk. "I had plenty of lovers, men and women and otherwise, before I began my trial. There were skilled lovers, certainly, but even the greatest geishas on Rao's moons cannot compare to Strabo." The tentacles, excited by her praise, wriggled beneath her like a bouncing throne. She stroked a thick vein that throbbed beneath its skin. "No one has ever loved me longer, deeper, more completely. No lover has ever trusted me so fully or given me such respect. I am his wife, his mistress, his one and only. And he is my world."

**Bred by the Jungle Tentacle Plant: The Complete Trilogy**

**(Monster Sex Bundle)** Kylie Ashcroft 2013-12-29 Released together for the first time, this is the complete trilogy of "Bred by the Jungle Tentacle Plant" including "Bred by the Jungle Tentacle Plant" "Breeding in Paradise" and "The Final Breeding". Dr. Elizabeth Morrel is exploring the rainforest in search of the rare ontalya plant, which may be the cure for cancer. When she finally discovers it after months of searching, she's suddenly overtaken by unexpected horniness. As she seeks relief, Elizabeth realizes the ontalya is more than just a plant, but actually an alien creature looking to breed with her. Will Elizabeth help the creature with its sexy plan or try to escape its grasp and abandon her research? This 25,000 word compilation is for adults only. It includes explicit descriptions of female masturbation, oral sex (cunnilingus and blow jobs), public sex, impregnation, double penetration and hot tentacle sex with an endangered alien vine plant. Excerpt: She felt something on her ankle, slithering slowly over her pants leg. She started kicking at it with her boot, assuming it was a snake. But when she sat up, the slender green thing that was attempting to crawl up her leg was much too long to be a snake—in fact, its tail stretched back, up the tree and

joined the mysterious vine. It was the vine. Elizabeth tried to scoot away, but the vine was faster, quickly wrapping its way around her ankle and holding her in place. This part of the vine wasn't as thick as what wrapped around the tree, but it was strong and she couldn't kick it away. She looked around for her bag, but it was out of reach lying near the base of the tree, so going for her knife wasn't an option. Another thin vine slinked along the grass towards her, slowly entwining her other foot. Elizabeth sat up, attacking the vine with her jagged, engrossed fingernails. Her scratches did nothing to scare away this strange plant. She laid back down in disbelief. What was she supposed to do? Even in her panic she wasn't that scared, the only emotion that flowed through her body was the intense wanting her masturbation could not satisfy. Before she could react, she felt a light tickle on each of her wrists, and then her arms were yanked over her head by two other vines that appeared from the other direction of the forest. Elizabeth snapped her head around, looking for any more of these strange vines. *Bred by the Jungle Tentacle Plant 2: Breeding in Paradise*

(*Monster Sex Erotica*) Kylie Ashcroft 2013-01-19 This is the HOT

sequel to "Bred by the Jungle Plant"! Dr. Elizabeth Morrel is pregnant after her encounter with an alien tentacle plant in the rainforest. Her plans to go home and study this creature in her lab are thwarted when she goes into labor and the creature escapes. Kaycee is on a spring break vacation with her boyfriend Rick in Brazil. When he leaves her wanting after a dirty hike, she discovers there's another creature interested in pleasuring her, though she has no idea what the creature has planned for her.

Will she give in to naughty temptation or pass up on the adventure of a lifetime? This 9,000 word story is for adults only. It includes explicit descriptions of oral sex (cunnilingus and blow jobs), public sex, female masturbation, impregnation, and hot breeding with an alien creature in a steamy shower. Excerpt: The creature didn't move, and Kaycee started to wonder if maybe she was hallucinating the whole thing. Maybe this whole day was some bizarre dream that was turning into a freaky nightmare. She wasn't scared, though. As she considered moving, the creature's appendages rippled and then it slid down the side into the tub, the shower water pounding on it. It seemed to like it, spreading its body out flat so as much skin as possible was sprayed by the hot water. It's appendages splayed out to each side, wriggling in pleasure. Kaycee realized exactly how strange it was that she was standing here in the shower watching this creature and reached for the curtain to climb out when she noticed something out of the corner of her eye. She turned back to the creature and stared in amazement as its little legs started to grow. They were all squirming and twisting, growing longer and thicker, some growing faster than others. It was bizarre as if somehow the water was empowering this creature, making it grow at an

alarming rate. Some of the legs were growing as thick as her forearm, looking like long, thick tentacles. She was so transfixed by the undulating appendages, Kaycee didn't notice the thin one that was snaking towards her foot. She was surprised when it wrapped around her ankle, holding her firmly. At its touch, a sensation flashed through her body, one of pleasure and wanting. She didn't pull away, didn't want to pull away. Another appendage slithered towards her, gently twisting around her other ankle. Pleasure began pulsating from that tentacle's grasp. **TAKEN BY TENTACLES WHILE MY BOYFRIEND SLEPT** CJ Smalls 2020-05-05 I'd already gone one round with my boyfriend, and the pleasant afterglow of my orgasm hadn't even faded completely before the tentacles arrived, pushing into my mouth and my pussy without warning. It was impossible, and as they took me and moved within me in ways no human penis could, I

was swept away until they lifted me up and suddenly went after my untouched ass. First anal sex was scary enough, but with a monster? It wasn't like I had a choice. I couldn't cry out for help, not with a tentacle pushing into my throat, and the other tentacles bound my body securely. All I could do was take whatever the tentacles gave me, including an intense and incomprehensible double penetration. Warning: This ebook contains very explicit descriptions of sexual activity during an alien monster sex encounter. It includes rough sex, reluctant sex, tentacle sex, first anal sex, tentacle bondage, and double penetration. It is intended for mature readers who will not be offended by graphic depictions of sex acts between consenting adults.

The First Time In My Mouth: An erotic short by Hope Parsons Bred by the Space Monster (Alien Tentacle Sex) Kylie Ashcroft In the year 3487, Mag is an up-and-comer in the lightspeed shipping service, moving goods across space with efficiency. When a blockade captures the ship delivering vaccines to the planet Kuzcar, Mag must risk flying through the territory of the dreaded alien monster Gwel to make it to Kuzcar and save her sister before the planet is overtaken by a plague. When her ship encounters the monster, instead of destroying the ship, he overtakes it, his tentacles finding her inside. What surprises her most is what the tentacles want, and how much she likes it! This 3100 word short story is for adults only and features double penetration, bondage, impregnation and hot tentacle on human action in space! Excerpt: Mag drew her knees into her chest, forming a floating ball in the darkness. If the monster was inside, then the ship was breached, meaning the oxygen was slowly draining out. Soon she would be unconscious and then it would all be over. She just had to wait. Something flicked past her foot, a fleeting ticklish touch, then wrapped around her ankle. What she expected to be cold and slimy was warm and smooth. Mag tried to twist out of its grasp, but the grip was firm. She pulled her legs tighter against her chest, closing her eyes even though she couldn't see anything in the darkness. Suddenly she felt something slither over her shoulder, wrapping down under her armpit and around her arm. The tentacle on her ankle and the one holding her arm pulled in opposite directions, straightening out her body. The maneuver wasn't violent, it was gentle and firm. Still, her heart pounded. Mag expected her death to be in a ball of fire as Gwel destroyed her ship. This—well, she didn't know what to make of this. A slow torture? Did the monster plan to eat her? Or do something much, much worse? One of the lights flickered on above, glowing steady for a moment before flickering into a hypnotic strobe. She saw a thicker tentacle floating towards her, eerily unreal in the light. It was as thick as her lower

arm, tapering off into a point at the tip. The sides were dotted with light green spots that stood out against the dark green skin. It hovered for a moment in front of her face, as if it was looking at her with unseen eyes. Mag held her breath, waiting for what would come next. Slowly it reached for her face, the smoothness caressing down her cheek and against her neck. She closed her eyes. Something about it was comforting: it felt nice, almost sensual. From her neck, the tentacle hooked into the collar of her suit and with a sudden movement ripped it cleanly from her body. Mag jumped with surprise as the thick tentacle wrapped itself around her midsection, the end curling over her belly. She's hired to protect some cattle for a farmer who thinks bandits are in town but once nightfall hit, things start getting crazy. After a thunderous roar, Cassie finds herself in a cave. [Bred by the Jungle Tentacle Plant \(Monster Sex Erotica\)](#) Kylie Ashcroft 2013-10-05 This is part 1 of the 3-part Bred by the Jungle Tentacle Plant series. Dr. Elizabeth Morrel is exploring the rainforest in search of the rare ontalya plant, which may be the cure for cancer. When she finally discovers it after months of searching, she's suddenly overtaken by unexpected horniness. As she seeks relief, Elizabeth realizes the ontalya is more than just a plant, but actually an alien creature looking to breed with her. Will Elizabeth help the creature with its sexy plan or try to escape its grasp and abandon her research? This 4500 word short story is for adults only. It includes explicit descriptions of female masturbation, double penetration and hot tentacle sex with an

endangered alien vine plant. Excerpt: She felt something on her ankle, slithering slowly over her pants leg. She started kicking at it with her boot, assuming it was a snake. But when she sat up, the slender green thing that was attempting to crawl up her leg was much too long to be a snake—in fact, its tail stretched back, up the tree and joined the mysterious vine. It was the vine. Elizabeth tried to scoot away, but the vine was faster, quickly wrapping its way around her ankle and holding her in place. This part of the vine wasn't as thick as what wrapped around the tree, but it was strong and she couldn't kick it away. She looked around for her bag, but it was out of reach lying near the base of the tree, so going for her knife wasn't an option. Another thin vine slinked along the grass towards her, slowly entwining her other foot. Elizabeth sat up, attacking the vine with her jagged, engrossed fingernails. Her scratches did nothing to scare away this strange plant. She laid back down in disbelief. What was she supposed to do? Even in her panic she wasn't that scared, the only emotion that flowed through her body was the intense wanting her masturbation could not satisfy. Before she could react, she felt a light tickle on each of her wrists, and then her arms were yanked over her head by two other vines that appeared from the other direction of the forest. Elizabeth snapped her head around, looking for any more of these strange vines.
