Potiphar's Wife - Kieran Tapsell 2014-03-01

The [cover-up] of child sexual abuse by the Catholic Church has been occurring under the pontificate of six popes since 1922. For 1500 years, the Catholic Church accepted that clergy who sexually abused children deserved to be stripped of their status as priests and then imprisoned. A series of papal and Council decrees from the twelfth century required such priests to be dismissed from the priesthood, and then handed over to the civil authorities for further punishment. That all changed in 1922 when Pope Pius XI issued his decree *Crimen Sollicitationis* that created a de facto [privilege of clergy] by imposing the [secret of the Holy Office] on all information obtained through the Church's canonical investigations. If the State did not know about these crimes, then there would be no State trials, and the matter could be treated as a purely canonical crime to be dealt with in secret in the Church courts. Pope Pius XII continued the decree. Pope John XXIII reissued it in 1962. Pope Paul VI in 1974 extended the reach of [pontifical secrecy] to the allegation itself. Pope John Paul II confirmed the application of pontifical secrecy in 2001, and in 2010, Benedict XVI even extended it to allegations about priests sexually abusing intellectually disabled adults. In 2010, Pope Benedict gave a dispensation to pontifical secrecy to allow reporting to the police where the local civil law required it, that is, just enough to keep bishops out of jail. Most countries in the world do not have any such reporting laws for the vast majority of complaints about the sexual

abuse of children. Pontifical secrecy, the cornerstone of the cover up continues. The effect on the lives of children by the imposition of the Church's Top Secret classification on clergy sex abuse allegations may not have been so bad if canon law had a decent disciplinary system to dismiss these priests. The 1983 Code of Canon Law imposed a five year limitation period which virtually ensured there would be no canonical trials. It required bishops to try to reform these priests before putting them on trial. When they were on trial, the priest could plead the Vatican [Catch 22] defence [he should not be dismissed because he couldn't control himself. The Church claims that all of this has changed. Very little has changed. It has fiddled around the edges of pontifical secrecy and the disciplinary canons. The Church has been moonwalking.

Women and Religion in Zimbabwe - Ezra Chitando 2022-07-07

This volume reaffirms the fact that religion and culture often serve as a double-edged sword, that is, they can either obstruct or enrich African women's flourishing. Drawing insights from African women's experiences of religion and culture, the authors proffer gender sensitive and life-giving applications of African religio-cultural traditions.

Shame and the Church - Sally Nash 2020-02-28

Shame is a much misunderstood and often misdiagnosed problem that can cause significant issues in the church as in wider society. Indeed, there have been times when the church has even been the cause of shame. How, then, do we

create a less shaming church? Shame and the Church presents a six fold typology of shame: personal, communal, relational, structural, theological and historical. Seeking to establish the causes and consequences of shame, chapters explore how theology and the Bible engage with shame, and consider personal firsthand accounts of shame in a church context. Wise, challenging, practical and underpinned by a rigorous theological foundation, this book is an important contribution to the conversation around shame and effacement in church contexts and at the same time a vital aid to practice.

Children and Our Global Future - Kristin Herzog 2005

"In Children and Our Global Future, Herzog challenges theologians, clergy and lay church leaders, educators, and interested citizens to take children seriously. She examines the concerns for children in our biblical heritage as well as in other religious traditions, and relates these findings to our cultural, ecological, and political responsibility to children in an age of globalization. Herzog also contends that neglecting children today will not only endanger their future, but also deprive adults of spiritual and social integrity."--Jacket.

Tell the Truth and Shame the Devil - Alan Morris Abused Me and Dozens of My Classmates. This is the True Story of how We Brought Him to Justice. - David Nolan 2015-07-02

Tell The Truth and Shame The Devil tells the inside story of the biggest historic sex abuse case ever mounted by Greater Manchester Police - the investigation into the systematic abuse of boys at St Ambrose College in Hale Barns by chemistry teacher and church deacon Alan Morris. Author David Nolan was one of Morris's victims and was given unprecedented access to detectives investigating the case. Nolan was there every step of the way, not only experiencing the brutal regime of the school in the 1970s but also seeing every twist and turn of the case unfold at first hand. He's even given the opportunity to confront Morris 35 years on from his abusive reign at the school. Will he take it? Jimmy Savile...Rolf Harris...the Westminster sex abuse conspiracy...newspaper headlines have been crammed with historic abuse cases. But what really goes on inside such an investigation?

How do officers deal with the raw emotions of the victims - not to mention their own revulsion at the crimes? Especially when they uncover a darker secret at the school - stories of even more horrific abuse that have remained hidden for decades. David Nolan takes you on a journey inside the dark heart of an historic abuse case - there's never been a real-life crime story like it. [The Hidden Shame of the Church](#) - Ron O'Grady 2001

Since founding ECPAT, an international organization working to end child prostitution and pornography, in 1991, the author has sadly come to recognize that church leaders and representatives are not exempt from involvement in the sexual abuse of children. Although working in a secular and apolitical organization, the author's Christian belief and experience have informed this study of a deeply disturbing phenomenon. He seeks through unsensational language to expose the truth of the church's involvement and by so doing start the search for solutions. 'God has been betrayed by his own kind!' (comment of an abuse survivor). Christians have been shocked at recent media reports of leading clergy sexually abusing children. This book records the shameful events of the past decade and asks, how could this happen in the church? "Many people in the church will not want to hear these stories," says the author. "But hiding the truth, or hiding from the truth, is not a responsible option for Christians." The book discusses traditional church teaching on children, sexuality and forgiveness, and asks whether these must be reformed if children are to be protected.

[Golgota](#) - Carmelo Abbate 2012

From Shame to Peace - Teo van der Weele 2001-04

Teo van der Weele has spent many years counselling and working with the victims of sexual abuse. He is critical of current counselling techniques, believing that sometimes the process of uncovering a painful past can be more destructive than the memories themselves. He is also concerned about the underrecognised danger of counsellor-induced 'false memories' and suggests ways to avoid this trap.

Child Sexual Abuse and the Catholic Church

- Marie Keenan 2013-07-18

A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical institutional reform, Keenan argues, can a more representative and accountable Church emerge. *Child Sexual Abuse and the Catholic Church* is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

The Living Church - 2003

Proverbs of Ashes - Rita Nakashima Brock
2002-11-18

Rebecca Parker was a young minister in Seattle when a woman walked into her church and asked if God really wanted her to accept her husband's beatings and bear them gladly, as Jesus bore the cross. Parker knew, at that moment, that if she were to answer the woman's question truthfully she would have to rethink her theology. And she would have to think hard about some of the choices she was making in her

own life. When Rita Nakashima Brock was a young child growing up in Kansas, kids taunted her viciously, calling her names like "Chink" or "Jap." She learned to pretend that she did not feel the sting of scorn and the humiliation of contempt. The solitude and silence of her suffering-decreed by both her mother's Japanese culture and her father's Christian heritage-kept the wound alive. It was the gap between knowledge born of personal experience and traditional theology that led Rita Brock and Rebecca Parker to write this emotionally gripping and intellectually rich exploration of the doctrine of the atonement. Using an unusual combination of memoir and theology in the tradition of Augustine's *Confessions*, they lament the inadequacy of how Christian tradition has interpreted the violence that happened to Jesus. Ultimately, they argue, the idea that the death of Jesus on the cross saves us reveals a sanctioning of violence at the heart of Christianity. Brock and Parker draw on a wide array of intimate stories about family violence, the sexual abuse of children, racism, homophobia, and war to reveal how they came to understand the widespread damage being done by this theology. But the authors also undertake their own arduous and unexpected journeys to recover from violence and to assist others to do so. On these journeys they discover communities that begin to give them the strength to question the destructive ideas they have internalized, and the strength to seek out an alternative vision of Christianity, one based on healing and love. *Proverbs of Ashes* is both a condemnation of bad theology and a passionate search for what truly saves us.

A Counterfeit Veil - Terresa Tasabia

2021-04-12

Where was God when I was sexually abused? This is the great unspoken question of women silently suffering in our churches today, followed closely by a second. How can God claim to care about me when I was forced to endure such unspeakable acts? The Bible openly covers a lot of territory on sexual abuse. It holds the keys to unlock deep-seated shame, guilt and bitterness that fuse to the soul as a result of sexual violation. *A Counterfeit Veil* is an invitation to trade those unrelenting feelings of worthlessness and brokenness for a pure hope. *A Counterfeit Veil* is a guided tour that uncovers

truth about the extreme harm sexual abuse inflicts throughout a woman's life, affecting her mind, spirit, and relationships. You will encounter and interact with scripture, perhaps in a way you never have before, as you recover your authentic spiritual identity. You are not alone. Scripture does not shy away from the reality of your pain. You will find honest answers where there is freedom to ask the unspoken questions and take off shame like an old garment. As you journey through this study, you will find grace and acceptance that unfold both the promise and power of Christ to restore the beauty hidden beneath your unhealed scars.

Breaking Their Will - Janet Heimlich 2011-06-14

This revealing, disturbing, and thoroughly researched book exposes a dark side of faith that most Americans do not know exists or have ignored for a long time—religious child maltreatment. After speaking with dozens of victims, perpetrators, and experts, and reviewing a myriad of court cases and studies, the author explains how religious child maltreatment happens. She then takes an in-depth look at the many forms of child maltreatment found in religious contexts, including biblically-prescribed corporal punishment and beliefs about the necessity of "breaking the wills" of children; scaring kids into faith and other types of emotional maltreatment such as spurning, isolating, and withholding love; pedophilic abuse by religious authorities and the failure of religious organizations to support the victims and punish the perpetrators; and religiously-motivated medical neglect in cases of serious health problems. In a concluding chapter, Heimlich raises questions about children's rights and proposes changes in societal attitudes and improved legislation to protect children from harm. While fully acknowledging that religion can be a source of great comfort, strength, and inspiration to many young people, Heimlich makes a compelling case that, regardless of one's religious or secular orientation, maltreatment of children under the cloak of religion can never be justified and should not be tolerated.

The Gospel, Sexual Abuse and the Church -

The Faith and Order Commission 2016-07-07

The Gospel, Sexual Abuse and the Church has been written by the Faith and Order Commission

of the Church of England in response to a request from the lead bishop for safeguarding for theological material that complements the work of the National Safeguarding Team on policy and training. It has been approved for publication and commended for study by the House of Bishops. The Gospel, Sexual Abuse and the Church is intended to be used by those with responsibility for teaching and preaching in the Church of England, including clergy and licensed lay ministers, and those with specific responsibilities for safeguarding training. The three main sections provide material that can be used for training sessions and study days, with groups such as a PCC or Church Council, a ministry team, or a discussion group. Each section includes suggested quotations for reflection, discussion questions and a 'Bible focus'. 'Safeguarding raises significant theological questions for Christians: questions about humanity, sin, grace, forgiveness, reconciliation and the church. Making space for grappling with the issues that arise here is essential if the church is going to be able to speak about God and about the gospel both when it is seeking to do safeguarding well and when it is reacting to situations where something has gone badly wrong.' - From the Preface by The Right Revd Dr Christopher Cocksworth, Chair of the Faith and Order Commission

Forgiveness And Abuse: Jewish And Christian Reflections - Marie Fortune 2013-02-01

Explore what forgiveness means in the context of sexual and domestic abuse! Using research, studies, stories, and prayer, *Forgiveness and Abuse: Jewish and Christian Reflections* focuses on the views and opinions of these two prominent religions as well as shares the wisdom of their traditional teachings. Forgiveness is an essential concept for many survivors of abuse as well as the perpetrators. Some believe that urging victims to simply "forgive and forget" in the face of such harsh realities may not be practical and could actually endanger the healing process. *Forgiveness and Abuse* studies several aspects of the spiritual influence in forgiving and vindicating abusive crimes, including: traditional views of forgiveness and repentance using excerpts from Jewish law a clinical study examining the

relationship between forgiveness and mental health as well as comparing Christian and Jewish responses to a questionnaire regarding forgiveness abuse of children and adults by members of the clergy: the roles of the victims, the abuser, and the church the differences between forgiveness and reconciliation and whether they are both necessary so much more! Several of the historical practices of Christianity and Judaism regarding abuse, its public acknowledgment, and its forgiveness have been harshly criticized. *Forgiveness and Abuse* offers you new insight on the spiritual connections between religion, abuse, and forgiveness, and brings you hope as religious leaders unite to better themselves and others. With the events of recent years weighing on society's shoulders, this collection is profoundly significant for clergy, counselors, therapists, and survivors, as well as the perpetrators themselves.

Precarious - Patrick C. Goujon, SJ 2023-11-01

A Jesuit priest's memoir about recovering his memory of clerical abuse as a child In October 2021, the Independent Commission on Sexual Abuse in the Catholic Church released its report detailing consistent disregard of survivors and the callous and horrifying "lack of outrage" from bishops and other Catholic leaders. What this report does not tell is the story of the priests who themselves are survivors of clerical abuse and their struggles. At the age of forty-eight, Patrick C. Goujon, SJ, suddenly remembered what a priest had done to him, for four long years, beginning when he was seven years of age. Locked in denial for almost forty years, he finally spoke out. He thought he could then heal. Yet his whole life started falling apart. He questioned why his memory had been suppressed for such a long time. And he asked himself: How could I have chosen to become a priest myself? In *Precarious*, he tells the story of how he learned to survive the shock of this revelation and to live as a believer. His story is a healing journey and a path to finding support in spirituality to recover from child abuse.

Women and Christianity - Cheryl A. Kirk-Duggan 2009-12-22

This work explores the impact of Christian women—as scholars and leaders representing the ethnic, national, racial, and denominational diversity of Christianity today—on all aspects of

life. *Women and Christianity* explores the experiences of women and how their daily lives interface with their spirituality and faith. Beginning with a historical overview, the book presents essays grouped under five broad headings: women, family, and environment; socioeconomics, politics, and authority; body, mind, and spirit; sex, power, and vulnerability; and women, world view, and religious practice. These essays focus on multiple aspects of women's experiences and contemporary Christian realities, involving the interrelatedness of faith, thought, and activism across many strata of global society. They wrestle with the daily experiences and challenges women face integrating their lives as women of faith—as they are advocates, experience agency, and work for mutuality. It shows how in all these roles, women must negotiate power, injustice, and the impact of sexism as they work within systemic oppression amid a patriarchal system, nevertheless championing change and refusing to be severely compromised.

Christian Men Speak Up - Denise Strothers 2021-05-11

Our communities are in trouble. Our children and grandchildren are not safe from the predators the enemy uses to destroy our families. We can't be so busy doing church that we do not see what is happening right before our eyes. They are hidden in plain sight. They are in our churches, schools, grocery stores, malls, nail salons, sporting events, and even our families. We must make our 8, 9, 10 year-olds aware of the danger lurking on social media sites since many grown men seek to sleep with underage children. *Christian Men Speak Up* informs you of the root causes of sex trafficking and the steps your church or faith-based organization can take to make a difference in your community today.

She Found It in the Clouds - Sharon M. Jones 2008-12

Take a journey... Seen through the eyes of a young girl who learns to overcome pain from the death of loved ones, the heartache of betrayal and abuse, and the isolation of hidden shame and torment. *She Found It in the Clouds* is an incredible story that gives a real-life testimony of the power of God to bring complete healing, forgiveness, restoration, peace and love. Witness

the transformation as she grows from a timid girl who lacks self-esteem into a wise yet humble woman who possesses a forgiving heart and quiet strength to help others that have traveled on similar paths in life. She Found It In The Clouds will certainly minister to anyone who has suffered pain and loss, demonstrating the healing power of the Lord while inspiring others to know that indeed "all things are possible to them that believe." Sharon M. Jones is a Parenting Educator and International Board

Certified Lactation Consultant who works with families dealing with abuse and emotional trauma. Born in the Caribbean Islands, yet raised in Great Britain, the United States and Africa by Christian missionaries, she is a third generation musician and vocalist who possesses a unique style of ministering. She has traveled around the world sharing her story of rising above incredible obstacles through faith in Christ. She and her loving husband of 22 years reside in California and have four children.
