

The Geeks Guide To Unrequited Love

Chaotic Good - Whitney Gardner 2018-03-13
Cosplay, comic shops, and college applications collide in this illustrated novel, perfect for fans of Adam Silvera and Noelle Steveson! Cameron's cosplay creations are finally starting to earn her attention--attention she hopes to use to get into the CalArts costume design department for college. But after she wins a major competition, she inadvertently sets off a firestorm of angry comments from male fans online. When Cameron's family moves the summer before her senior year, she hopes to complete her costume portfolio in peace and quiet away from the abuse. Unfortunately, the only comic shop in town--her main destination for character reference--is staffed by a dudebro owner who challenges every woman who comes into the shop. At her twin brother's suggestion, Cameron borrows a set of his clothes and uses her costuming expertise to waltz into the shop as Boy Cameron, where she's shocked at how easily she's accepted into the nerd inner sanctum. Soon, Cameron finds herself drafted into a D&D campaign alongside the jerky shop-owner Brody, friendly (almost flirtatiously so) clerk Wyatt, handsome Lincoln, and her brother Cooper, dragged along for good measure. But as her "secret identity" gets more and more entrenched, Cameron's portfolio falls by the wayside--and her feelings for Lincoln threaten to make a complicated situation even more precarious in this geek girl anthem from *You're Welcome*, Universe author Whitney Gardner, complete with fully illustrated comic pages inked by Gardner herself.

[Comics Will Break Your Heart](#) - Faith Erin Hicks
2020-02-11

A sweet, funny contemporary teen romance for the inner geek in all of us from graphic novelist Faith Erin Hicks. Miriam's family should be rich. After all, her grandfather was the co-creator of smash-hit comics series *The TomorrowMen*. But he sold his rights to the series to his co-creator in the 1960s for practically nothing, and now that's what Miriam has: practically nothing. And

practically nothing to look forward to either--how can she afford college when her family can barely keep a roof above their heads? As if she didn't have enough to worry about, Miriam's life gets much more complicated when a cute boy shows up in town . . . and turns out to be the grandson of the man who defrauded Miriam's grandfather, and heir to the TomorrowMen fortune. In her endearing debut novel, cartoonist Faith Erin Hicks pens a sensitive and funny Romeo and Juliet tale about modern romance, geek royalty, and what it takes to heal the long-festered scars of the past (Spoiler Alert: love).

[What's Not to Love](#) - Emily Wibberley
2021-04-20

In the game of love, there's always room for extra credit. An enemies-to-lovers YA rom-com filled with perfect banter, nerdy drama, and heart-pounding romance—perfect for fans of Morgan Matson, Emma Lord, and Sandhya Menon. Since high school began, Alison Sanger and Ethan Molloy have competed on almost everything. AP classes, the school paper, community service, it never ends. If Alison could avoid Ethan until graduation, she would. Except, naturally, for two over-achieving seniors with their sights on valedictorian and Harvard, they share all the same classes and extracurriculars. So when their school's principal assigns them the task of co-planning a previous class's ten-year reunion, with the promise of a recommendation for Harvard if they do, Ethan and Alison are willing to endure one more activity together if it means beating the other out of the lead. But with all this extra time spent in each other's company, their rivalry begins to feel closer to friendship. And as tension between them builds, Alison fights the growing realization that the only thing she wants more than winning . . . is Ethan.

Theater Geek - Mickey Rapkin 2010-06-01

What do Natalie Portman, Robert Downey, Jr., Zach Braff, and Mandy Moore have in common? Before they were stars, they were campers at Stagedoor Manor, the premier summer theater

camp for children and teenagers. Founded in 1975, Stagedoor continues to attract scores of young performers eager to find kindred spirits, to sing out loud, to become working actors—or maybe even stars. Every summer for the past thirty-five years, a new crop of campers has come to the Catskills for an intense, often wrenching introduction to professional theater. (The camp produces thirteen full-scale productions during each of its three sessions.) These kids come from varying backgrounds—the offspring of Hollywood players from Nora Ephron to Bruce Willis work alongside kids on scholarship. Some campers have agents, others are seeking representation. When Mickey Rapkin, a senior editor at GQ and self-proclaimed theater fanatic, learned about this place, he fled Manhattan for an escape to upstate New York. At Stagedoor, he tracked a trio of especially talented and determined teen actors through their final session at camp. Enter Rachael Singer, Brian Muller, and Harry Katzman, three high school seniors closing out their sometimes sheltered Stagedoor experiences and graduating into the real world of industry competition and rejection. These veteran campers—still battling childhood insecurities, but simultaneously searching for that professional gig that will catapult them to fame—pour their souls into what might be their last amateur shows. Their riveting stories are told in Theater Geek, an eye-opening, laugh-out-loud chronicle full of drama and heart, but also about the business of training kids to be professional thespians and, in some cases, child stars. (The camp has long acted as a farm system for Broadway and Hollywood, attracting visits from studio executives and casting directors.) Via original interviews with former and current campers and staff—including Mandy Moore, Zach Braff, and Jon Cryer—Rapkin also recounts Stagedoor Manor’s colorful, star-studded history: What was Natalie Portman’s breakout role as a camper? What big-time Hollywood director, then barely a teenager, dated a much older Stagedoor staff member? Why did Courtney Love (at Stagedoor visiting her daughter) get into an argument with a hot dog vendor who had set up shop at the camp? Theater Geek leads readers through the triumphs and tragedies of the three senior

campers’ final summer in an absorbing, thought-provoking narrative that reveals the dynamic and inspiring human beings who populate this world. It also explores what the proliferation of theater camps says about our celebrity-obsessed youth and our most basic but vital need to fit in. Through the rivalry, heartbreak, and joy of one summer at Stagedoor Manor, Rapkin offers theater geeks of all ages a dishy, illuminating romp through the lives of serious child actors. Rich, insightful, and thoroughly entertaining, Theater Geek pulls back the curtain on an elite and intriguing world to reveal what’s really at its core: children who simply love to perform.

Geekerella - Ashley Poston 2017-04-04

Cinderella goes to the con in this fandom-fueled twist on the classic fairy tale romance—now with a special Starfield bonus scene! Part romance, part love letter to nerd culture, and all totally adorbs, Geekerella is a fairy tale for anyone who believes in the magic of fandom. Geek girl Elle Wittimer lives and breathes Starfield, the classic sci-fi series she grew up watching with her late father. So when she sees a cosplay contest for a new Starfield movie, she has to enter. The prize? An invitation to the ExcelsiCon Cosplay Ball, and a meet-and-greet with the actor slated to play Federation Prince Carmindor in the reboot. With savings from her gig at the Magic Pumpkin food truck (and her dad’s old costume), Elle’s determined to win...unless her stepsisters get there first. Teen actor Darien Freeman used to live for cons—before he was famous. Now they’re nothing but autographs and awkward meet-and-greets. Playing Carmindor is all he’s ever wanted, but the Starfield fandom has written him off as just another dumb heartthrob. As ExcelsiCon draws near, Darien feels more and more like a fake—until he meets a girl who shows him otherwise.

The Princess and the Fangirl - Ashley Poston
2019-04-02

The Prince and the Pauper gets a Geekerella-style makeover in this witty and heartfelt novel for those who believe in the magic of fandom—now with an excerpt from *Bookish* and the Beast. Imogen Lovelace is an ordinary fangirl on an impossible mission: to save her favorite Starfield character, Princess Amara, from being killed off. On the other hand, the actress who plays Amara wouldn't mind being axed. Jessica Stone doesn't even like being part of the Starfield franchise—and she's desperate to leave the intense scrutiny of fandom behind. Though Imogen and Jess have nothing in common, they do look strangely similar to one another—and a case of mistaken identity at ExcelsiCon sets off a chain of events that will change both of their lives. When the script for the Starfield sequel leaks, with all signs pointing to Jess, she and Imogen must trade places to find the person responsible. The deal: Imogen will play Jess at her signings and panels, and Jess will help Imogen's best friend run their booth. But as these "princesses" race to find the script leaker—in each other's shoes—they're up against more than they bargained for. From the darker side of fandom to unexpected crushes, Imogen and Jess must find a way to rescue themselves from their own expectations...and redefine what it means to live happily ever after.
