Blood Be Damned Kel Carpenter 2021-05-28 When the Underworld burned, I thought that was the end. Turns out it was only the beginning. Lucifer's death was a shot heard around the world. The sudden loss of magic turned the tides for the first time in over two decades. The humans are rallying. Rioting. It feels like the stirrings of war. As if that wasn't enough, Bree isn't the sister I remember—and her desire to return to Hell is creating more fires than I know how to put out. Things are changing. Lines are drawn. Everyone must choose a side. Even me. Sometimes the world needs a hero. In a city that's already gone to hell in a hand basket, it might just need a demon.

It's not easy being the only human at the Community of Species Government—and especially not when you're the rescue case. Two years ago, I was planning to go to college, have a wild time, then settle into a normal life. Instead, I was kidnapped, spent months being a test subject, was in hiding for nearly a year, and then found out that my whole existence is a science experiment conducted by the bad guys. It's definitely time to reassess. My rescuers at CSG have been awesome... mostly. They gave me a job, a home, and a support network. But the whole demons, vampires, shifters thing is not easy to get used to. Especially when one particular vampire makes me want to take up stake sharpening for a hobby. How can someone be over eight centuries old and have the maturity of a drunk frat boy? The thing is, teenage mentality or not, Andrew is a fierce protector. With the bad guys still on the loose, I need someone like that on my side. Plus, did I mention that he's not hard to look at? I could stare at him all day if only he never opened his mouth. As we race to find my former captor before he can find me, life takes another twist and upends my world all over again. This time, though, I'm ready—after all, I've got an eight-hundred-year-old vampire at my back. What could possibly go wrong?

But since Mercy is protected from direct reprisal by the werewolf pack (and her close relationship with its sexy Alpha), it won't be Mercy's blood Marsilia is after. It'll be her friends'.

Robinson 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach

the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
