The Doomsday Book of Fairy Tales - Emily Brewes 2021-05-11

An astounding tale of a dangerous quest, a talking dog, and fragmented fairy tales in an eerie post-climate collapse future. A long time ago, the Vanderchucks fled the growing climate disaster and followed their neighbours into the Underground. Jesse Vanderchuck thought it was the end. Of the world. Of life. Eventually, Jesse's little sister, Olivia, ran away and Jesse started picking through trash heaps in Toronto's abandoned subway tunnels. Day in, day out. Now, years later, Jesse meets a talking dog. Fighting illness and the hostile world aboveground, Jesse and Doggo embark on a fool's errand to find Olivia — or die trying. Along the way, Jesse spins a series of fairy tales from threads of memories, weaving together the past, present, and future into stories of brave girls, of cunning lads, of love in the face of wickedness, and of hope in the midst of despair.

The Hundred Lies of Lizzie Lovett - Chelsea Sedoti 2017-01-03

Hawthorn wasn't trying to insert herself into a missing person's investigation. Or maybe she was. But that's only because Lizzie Lovett's disappearance is the one fascinating mystery their sleepy town has ever had. Bad things don't happen to popular girls like Lizzie Lovett, and Hawthorn is convinced she'll turn up at any moment—which means the time for speculation is now. So Hawthorn comes up with her own theory for Lizzie's disappearance. A theory way too absurd to take seriously...at first. The more Hawthorn talks, the more she believes. And what better way to collect evidence than to immerse herself in Lizzie's life? Like getting a job at the diner where Lizzie worked and hanging out with Lizzie's boyfriend. After all, it's not as if he killed her—or did he? Told with a unique voice that is both hilarious and heart-wrenching, Hawthorn's quest for proof may uncover the greatest truth is within herself.
