The Perfect Sex Guide How to Make Her Explode Tino Mario 2017-02-21 Have you ever wondered what it was that appeals to woman about Italian men? French men also have a certain "je ne sais quoi" but do you know why this is? In this book, I will explain why the appeal is so universal among women and what it is that these men have that perhaps you don't. Ask a woman about a fantasy romance, and no doubt, the idea of making love with a passionate Italian may figure in her dreams. It's not that she's even interested in being with a man of another culture. It's just that Italians have long since learned the art of lovemaking and do it with panache. Men, on the other hand, may think of an Italian woman as being hot, but it's the combination of man and woman that makes them like that. So what is it in the approach that is different? What makes a woman explode with passion? Well, I have been studying the subject for a rather long time and my findings may not be what you expect to read. However, they are accurate, bearing in mind both the male and female point of view. You may think that your macro approach to sex is working, but you may actually be surprised to know that being macho is low on the list of priorities when it comes to pleasing a woman in bed. Macho men are all about proving what they can do. They are less interested in caring about what the woman thinks or feels. These are the guys who boast about knowing all the secret parts of a woman, but who are least likely to be in the know. Why? Well, the fact is that women don't usually discuss their delicate parts with someone who has this attitude. Thus, it will only be by a sheer fluke of nature that she may actually climax during lovemaking. Wouldn't you prefer that your approach was what made sure she would be satisfied? As you read through the book, be prepared to see that a traditionalist approach is not going to gain you any brownie points. If you really want to make a woman sexually stimulated and happy, you need to appreciate that her part in the whole act of lovemaking is every bit as vital as his. It's not just a case of how hard you are. Neither is it a case of how much thrust you have. It's a two-way process and she needs to feel secure enough to let go. That won't happen if you don't teach her that she can relax and be herself with you, and most women can't do that, left to their own devices. It's an unfair world, though the classic view of a woman is that she doesn't have opinions when it comes to sex, or at least should not express them. If you are of this opinion, then this book is not written for you. It is written for those open minded enough to realize that the part a woman and man play in bed is equal or for those who wish it to be. I will show you what Italian men do that you may never have thought of! Here is a Preview of what You'll Learn... The Approach The purpose of foreplay The Different Types of Climax for a Woman The heavy uncontrollable climax Locating the G-spot Sex Toys.... And Much, Much More!

How to Satisfy a Woman in Bed Charles Clinton 2022-11-17 Women are incredibly enthusiastic about sex. It is one action that is beneficial to their mental health. A woman feels fulfilled after a sexual encounter. A woman feels like a true woman after an extraordinary sexual experience. One reason for this is that a woman will go to any lengths to cling to and adore a man who can sexually please her. There is the knowledge you need to have about the nature of a woman when it comes to sex. You need to understand why "sex is a woman." "In this book, you will find the complete truth about pleasing a woman sexually." It goes beyond sticking your penis into the vagina. You must understand how to get a woman's attention. Understand why "sex is a woman" before continuing. Learning how to stimulate a woman for a long time is essential. You must be able to handle the intricacies of the woman's physical makeup to contribute to her sexual fulfilment and happiness. To truly conquer fast ejaculation during sex with a lady and stay long in her eager vagina, you must first understand the causes of it. You will learn about all these things as you go through this book **How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms** Before creating this well-known book on **How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms**-I spoke with close to 2500 women. Every single one of them had faked an orgasm during sex at some point in their lives, with 60% of them doing so every time, I discovered when I asked them about their pleasure with their sex lives. These women need a book designed for guys that explains why their women are staging orgasms and what they can do to stop it, not another fancy sex manual with intricate positions. Many of the assumptions men frequently hold about what a woman wants in bed are examined by Charles Clinton. He explains what repels women and what attracts them The author also talks about the value of love and commitment in marriage, romantic fantasies, and the advantages of excellent health for enhancing sexual energy. A more straightforward, down-to-earth manual on how to give and receive sexual pleasure has been written. You can use this book as a license to appease your beloved wife and girlfriend. When making love, a man is obsessed with numerous thoughts, such as: Is she enjoying it? Is she staging the orgasm to boost my male ego? What if she meets a different man who is more effective at it? Do not worry; this book has got you covered because it teaches you how to discover every woman's erogenous zones, where and when to start after initiating foreplay, and the best sexual positions that can give her multiple orgasms easily. Once you follow the steps highlighted in this book, your woman must acknowledge you as an actor in the game and always ask for more sex. This book is an antidote to divorce and unpleasable sex.
