Expositions of the Psalms 1-32 (Vol. 1) -

Saint Augustine (of Hippo) 1990

"As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo."--Publisher's website.

Minima Moralia - Theodor Adorno 2018-06-26

Written between 1944 and 1947, *Minima Moralia* is a collection of rich, lucid aphorisms and essays about life in modern capitalist society. Adorno casts his penetrating eye across society in mid-century America and finds a life deformed by capitalism. This is Adorno's theoretical and literary masterpiece and a classic of twentieth-century thought.

Consuming Life - Zygmunt Bauman 2013-05-08

With the advent of liquid modernity, the society of producers is transformed into a society of consumers. In this new consumer society, individuals become simultaneously the promoters of commodities and the commodities they promote. They are, at one and the same time, the merchandise and the marketer, the goods and the travelling salespeople. They all inhabit the same social space that is customarily described by the term the market. The test they need to pass in order to acquire the social prizes they covet requires them to recast themselves as

products capable of drawing attention to themselves. This subtle and pervasive transformation of consumers into commodities is the most important feature of the society of consumers. It is the hidden truth, the deepest and most closely guarded secret, of the consumer society in which we now live. In this new book Zygmunt Bauman examines the impact of consumerist attitudes and patterns of conduct on various apparently unconnected aspects of social life politics and democracy, social divisions and stratification, communities and partnerships, identity building, the production and use of knowledge, and value preferences. The invasion and colonization of the web of human relations by the worldviews and behavioural patterns inspired and shaped by commodity markets, and the sources of resentment, dissent and occasional resistance to the occupying forces, are the central themes of this brilliant new book by one of the worlds most original and insightful social thinkers.

Places I Stopped on the Way Home - Meg Fee 2018-05-03

'Fee writes with stunning honesty ... utterly breathtaking' - Bustle A beautiful memoir from an exciting young writer, Meg Fee, on finding her way in New York City. Full of the dramas and quiet moments that make up a life, told with humour, heart, and hope. In *Places I Stopped on the Way Home*, Meg Fee plots a decade of her life in New York City - from falling in love at the Lincoln Center to escaping the roommate (and bedbugs) from hell on Thompson Street, chasing false promises on 66th Street and the wrong men everywhere, and finding true friendships

over glasses of wine in Harlem and Greenwich Village. Weaving together her joys and sorrows, expectations and uncertainties, aspirations and realities, the result is an exhilarating collection of essays about love and friendship, failure and suffering, and above all hope. Join Meg on her heart-wrenching journey, as she cuts the difficult path to finding herself and finding home.

Creative Thinking Journal - Shawn Gold
2020-05-07

Creative thinking requires you to change how you think. More than that, creativity requires you to change how you think about thinking. This journal is filled with engaging, creative challenges meant to spark your imagination by prompting you to think in new and unique ways. Each challenge pushes you to rethink how you see yourself and the world around you to uncover new possibilities and ideas. You don't have to be high on cannabis to use this journal though we encourage it as a way to enhance creative flow. You can also try meditation, exercise, music, nature, math, poetry, love, religion, sex, fasting, sleep, play, yoga, mysticism, aromatherapy, baths, dancing, magnets, and space travel.

The Absence of Myth - Georges Bataille 1994
For Bataille, 'the absence of myth' had itself become the myth of the modern age. In a world that had 'lost the secret of its cohesion', Bataille saw surrealism as both a symptom and the beginning of an attempt to address this loss. His writings on this theme are the result of profound reflection in the wake of World War Two. The Absence of Myth is the most incisive study yet made of surrealism, insisting on its importance as a cultural and social phenomenon with far-reaching consequences. Clarifying Bataille's links with the surrealist movement, and throwing revealing light on his complex and greatly misunderstood relationship with Andre Breton, The Absence of Myth shows Bataille to be a much more radical figure than his postmodernist devotees would have us believe: a man who continually tried to extend Marxist social theory; a pessimistic thinker, but one as far removed from nihilism as can be. Introduced and translated by Michael Richardson.

Vanity Fair's Proust Questionnaire - Graydon Carter 2009-10-13

An intimate look into the inner lives of our most

prominent cultural figures— pulled from the celebrated Proust Questionnaire page in Vanity Fair magazine. The probing set of questions originated as a 19th-century parlor game popularized by contemporaries of Marcel Proust, the French essayist and novelist, who believed that an individual's answers reveal his true nature. Illustrated by Risko, Vanity Fair's Proust Questionnaire Edited by Graydon Carter and Illustrated by Risko, brings together the responses of 101 of the most vibrant personalities of our time, from Bette Midler and Lauren Bacall to Salman Rushdie and Norman Mailer, from Martin Scorsese and Shirley MacLaine to Aretha Franklin and Eric Clapton. Candid, hilarious, and endlessly fascinating,

How to be Idle - Tom Hodgkinson 2007-06-07
How to be Idle is Tom Hodgkinson's entertaining guide to reclaiming your right to be idle. As Oscar Wilde said, doing nothing is hard work. The Protestant work ethic has most of us in its thrall, and the idlers of this world have the odds stacked against them. But here, at last, is a book that can help. From Tom Hodgkinson, editor of the Idler, comes How to be Idle, an antidote to the work-obsessed culture which puts so many obstacles between ourselves and our dreams. Hodgkinson presents us with a laid-back argument for a new contract between routine and chaos, an argument for experiencing life to the full and living in the moment. Ranging across a host of issues that may affect the modern idler - sleep, the world of work, pleasure and hedonism, relationships, bohemian living, revolution - he draws on the writings of such well-known apologists for idleness as Dr Johnson, Oscar Wilde, Robert Louis Stevenson and Nietzsche. His message is clear: take control of your life and reclaim your right to be idle. 'Well written, funny and with a scholarly knowledge of the literature of laziness, it is both a book to be enjoyed at leisure and to change lives' Sunday Times 'In his life and in this book the author is 100 per cent on the side of the angels' Literary Review 'The book is so stuffed with wisdom and so stuffed with good jokes that I raced through it like a speed freak' Independent on Sunday Tom Hodgkinson is the founder and editor of The Idler and the author of How to be Idle, How to be Free, The Idle Parent and Brave Old World. In spring 2011 he founded

The Idler Academy in London, a bookshop, coffeehouse and cultural centre which hosts literary events and offers courses in academic and practical subjects - from Latin to embroidery. Its motto is 'Liberty through Education'. Find out more at www.idler.co.uk.

Art in History/History in Art - David Freedberg 1996-07-11

Historians and art historians provide a critique of existing methodologies and an interdisciplinary inquiry into seventeenth-century Dutch art and culture.

Tiny Buddha - Lori Deschene 2023-07-25

Meaningful Answers to Hard Questions "Tiny Buddha is a moving and insightful synthesis of evocative stories and ancient wisdom applied to modern life. A great read!" — Jonathan Fields, author of *Uncertainty From the mind of TinyBuddha.com*, Lori Deschene brings us the latest edition of her guide on how to throw off stagnation and walk into a happier and healthier life. Feeling good is a choice, the possibility of it is up to you! You are in control of your purpose. Life has a way of giving us more questions than answers. Especially this one we hear all too well: Why am I here? People all over are wondering that very thing. With *Tiny Buddha*, learn how we can choose the meaning behind our place in this vast universe. Learn how to transcend happiness from feeling like a chore to being an active daily practice. Jump into your life purpose. Featuring straightforward and practical advice based on Taoist practices and her own personal journey, author Lori Deschene explores universal aspects that help uncover your life purpose. By breaking down hard yet revealing questions about life, love, happiness, and change; *Tiny Buddha* provides all sorts of down-to-earth wisdom and ways for knowing and feeling good about your place in this crazy, complicated universe now and moving forward. Inside, you'll find: • The difference between searching for meaning versus creating it ourselves • How to create a peaceful space for your spiritual health by not being in control • The importance of accepting your struggles without fully understanding the "why" If you like self-help books or advice blogs, or if you enjoyed *Living on Purpose*, *The Soul's Human Experience*, or *The Tao of Influence*, then you'll love *Tiny Buddha*

A Proust Questionnaire - Joanna Neborsky

2016-09-06

A modern twist on the famous Proust Questionnaire -- part guided journal, part parlor game, and a great way to explore who you really are The Proust Questionnaire has become a classic personality test and parlor game. Originating in Victorian times, and first popularized by a young Marcel Proust, this list of questions is now a staple in *Vanity Fair* and is often imitated in magazine quizzes and celebrity media coverage. Illustrator and collage artist Joanna Neborsky brings a quirky, richly layered visual style to her unique version of the questionnaire, along with cheeky, witty prompts and asides that transform this classic quiz into a lively interactive journal, inviting readers to reflect, write, doodle, collage, and otherwise personalize the colorful pages.

Vanity Fair - 2010

Wedded Wife - Rachael Lennon 2023-03-23

In this fascinating and insightful book, feminist curator Rachael Lennon provides an intimate and intersectional examination of the history of marriage around the world. In this fascinating feminist history, Rachael Lennon tells a remarkable story of how this institution has developed from the ancient customs of the stone age through to the modern form it takes today. In this eminently readable and relatable study, Lennon also explores themes such as the pressure to marry, the politics surrounding proposals, the spectacle of marriage, the business behind it, and the politics tied to consummation as well as issues such as taking a man's name, the nuances of marriage vows and obedience, 'having it all' and trying to keep up the fight to have an enduring marriage. Having married her wife just a few years after the legalisation of same sex marriage in the United Kingdom, Lennon interweaves her own personal experiences of marriage with stories and anecdotes from throughout history to explore how marriage has transformed over the years. In shaking off patriarchal expectations, Rachael examines marriage's troubling past and celebrates a more joyful present, celebrating the feminist activists who have fought to make marriage a pure and equitable celebration of love, open to everyone regardless of gender or sexuality. She also asks what compels us to keep

making this choice? Can we let go of the gendered baggage that we have inherited? Can we hold true to feminist values as we commit to our partners? And what does that look like? How can we build on the past to continue to redefine marriage for the future?

The Proust Questionnaire - 2005

Marcel Proust's questionnaire is one of the best-known interview devices used in the media nowadays. Fun, intelligent, and concise, it reveals much of the personality of those questioned. "While the Maison Gerard Darel has recently purchased the original Marcel Proust questionnaire, Assouline Publishing puts forth a facsimile version that contains Marcel Proust's handwritten replies. An introduction by Henry-Jean Servat, a long-standing member of the Friends of Marcel Proust Society, provides a historical account of the questionnaire." In addition the book includes questionnaires filled by important persons with various cultural backgrounds: people such as Diane von Furstenberg, Marisa Berenson, Daniel Boulud, Roseanna Arquette, Tony Parker, and Richard Meier. Some blank questionnaires are also included at the end, making this book an ideal gift.

The Simpsons and Philosophy - William Irwin 2001-02-01

This unconventional and lighthearted introduction to the ideas of the major Western philosophers examines The Simpsons — TV's favorite animated family. The authors look beyond the jokes, the crudeness, the attacks on society — and see a clever display of irony, social criticism, and philosophical thought. The writers begin with an examination of the characters. Does Homer actually display Aristotle's virtues of character? In what way does Bart exemplify American pragmatism? The book also examines the ethics and themes of the show, and concludes with discussions of how the series reflects the work of Aristotle, Marx, Camus, Sartre, and other thinkers.

Columbia Pictures - Bernard F. Dick 2021-10-19

Drawing on previously untapped archival materials including letters, interviews, and more, Bernard F. Dick traces the history of Columbia Pictures, from its beginnings as the CBC Film Sales Company, through the regimes

of Harry Cohn and his successors, and ending with a vivid portrait of today's corporate Hollywood. The book offers unique perspectives on the careers of Rita Hayworth and Judy Holliday, a discussion of Columbia's unique brands of screwball comedy and film noir, and analyses of such classics as *The Awful Truth*, *Born Yesterday*, and *From Here to Eternity*. Following the author's highly readable studio chronicle are fourteen original essays by leading film scholars that follow Columbia's emergence from Poverty Row status to world class, and the stars, films, genres, writers, producers, and directors responsible for its transformation. A new essay on Quentin Tarantino's *Once Upon a Time...in Hollywood* rounds out the collection and brings this seminal studio history into the 21st century. Amply illustrated with film stills and photos of stars and studio heads, *Columbia Pictures* is the first book to integrate history with criticism of a single studio, and is ideal for film lovers and scholars alike.

A Life in Focus - Graham Nash 2021-11-30
Music legend, photographer, and artist Graham Nash reflects on more than fifty years of an extraordinary life in this extensive collection of personal photographs, paintings, and mixed-media artwork. In this curated collection of art and photography from his personal archive, Graham Nash's life as a musician and artist unfolds in vivid detail. Best known as a founding member of the Hollies and supergroup Crosby, Stills & Nash, Graham developed a love of photography from the time he was a child. Inspired by his father, Nash began taking pictures at 10 years old and would go on to take his camera with him ever since—on tour with the Hollies and later CSN and CSNY, among friends at Laurel Canyon and abroad. Many of his photographs depict intimate moments with family and friends, among them Joni Mitchell, Stephen Stills, and Neil Young. This volume presents these images alongside Nash's own reflections, telling the story behind the pictures and giving insight into the life of one of the greatest musicians of all time.

The 101 Habits of Highly Successful Screenwriters - Karl Iglesias 2011-10-15
Takes a look into the lives and workspaces of screenwriters, who share their best practices in their own writing careers.

Death in Jewish Life - Stefan C. Reif 2014-08-27
Jewish customs and traditions about death, burial and mourning are numerous, diverse and intriguing. They are considered by many to have a respectable pedigree that goes back to the earliest rabbinic period. In order to examine the accurate historical origins of many of them, an international conference was held at Tel Aviv University in 2010 and experts dealt with many aspects of the topic. This volume includes most of the papers given then, as well as a few added later. What emerges are a wealth of fresh material and perspectives, as well as the realization that the high Middle Ages saw a set of exceptional innovations, some of which later became central to traditional Judaism while others were gradually abandoned. Were these innovations influenced by Christian practice? Which prayers and poems reflect these innovations? What do the sources tell us about changing attitudes to death and life-after death? Are tombstones an important guide to historical

developments? Answers to these questions are to be found in this unusual, illuminating and readable collection of essays that have been well documented, carefully edited and well indexed.
Introduction to Modernity - Henri Lefebvre 2012-01-16
Originally published in 1962, when Lefebvre was beginning his career as a lecturer in sociology at the University of Strasbourg, it established his position in the vanguard of a movement which was to culminate in the events of May 1968. A classic analysis of the modern world using Marxist dialectic, it is a book which supersedes the conventional divisions between academic disciplines. With dazzling skill, Lefebvre moves from philosophy to sociology, from literature to history, to present a profound analysis of the social, political and cultural forces at work in France and the world in the aftermath of Stalin's death—an analysis in which the contours of our own “postmodernity” appear with startling clarity.
