Alice in Wonderland Lewis Carroll 2009-01-01 Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

The Impact of Racism on African American Families Paul C. Rosenblatt 2016-03-03 In spite of the existence of statistics and numerical data on various aspects of African American life, including housing, earnings, assets, unemployment, household violence, teen pregnancy and encounters with the criminal justice system, social science literature on how racism affects the everyday interactions of African American families is limited. How does racism come home to and affect African American families? If a father in an African American family is denied employment on the basis of his race or a wife is demeaned at work by racist slurs, how is their family life affected? Given the lack of social science literature responding to these questions, this volume turns to an alternative source in order to address them: literature. Engaging with novels written by African American authors, it explores their rich depictions of African American family life, showing how these can contribute to our sociological knowledge and making the case for the novel as an object and source of social research. As such, it will appeal to scholars and students of the sociology of the family, race and ethnicity, cultural studies and literature.

The Text Attraction Guide For Men Nelson Whetat 2023-11-07 Discover The New Secrets About Texting Women To Get Dates And Sex That 99.9% Of Men Don't Know Yet When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her: She takes way too long to reply She doesn't contribute much to the conversation (e.g., she gives short answers and seems uninterested) The conversation becomes boring or fizzles out She rejects his offer to meet up with him for a date She takes what he says the wrong way and then loses interest She ghosts him (i.e. stops replying without any explanation, even though things seem to be going well) She friend zones him (e.g. "You're a great guy, but I'm not looking for a relationship right now" or, "You're a great guy, but I'm not looking to date anyone right now" or, "You're a great guy, but I think we'd be better off as friends.") She leaves him on read and doesn't reply for days, weeks or months...or not at all She plays hard to get when it comes to meeting up Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little-known secret I shared in this guide. These days, women are so tired, bored and frustrated by the endless texts that guys send (i.e. trying to get to know her, get along with her and just chat because he's afraid to ask her out), or the unattractive texts they send (i.e. being too nice, being too serious, sleazy, boring, etc). That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, "The Text Attraction Guide For Men" she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him (i.e. go on a date, have sex etc) The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her, or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach. Here's what you'll learn: How And What To Text A Girl You Just Met: 4 Examples Text Message Examples That Attract Women What To Text A Woman After Getting Her Number In Person Texting Mistakes To Avoid: Terrible Texts That Turn Women Off 10 Possible Reasons Why She Stopped Texting You 3 Best Tips On How To Text A Girl You Like + Examples How To Attract A Woman And Get A Girlfriend Via Texts 6 Word Text That Makes A Guy Seem Needy In A Relationship 4 Texting Tricks That Seem Confident, But Are Actually Insecure 7 Beginner Texting Mistakes Guys Make With Women Should You Leave Her On Read? 6 Possible Outcomes If You Do The Secret To Getting Dates Via Text (With Examples) 3 Best Tips On How To Text A Girl You Like + Examples 4 Examples Of How To Be Masculine Over Text 10 Signs A Girl Likes You Over Text How To Make A Girl Like You Over Text (Example + 3 Rules) 8 Frustrating Problems Guys Experience When Texting Women 4 Texting Tips For Guys (10x More Dates And Sex) When a guy knows how to attract women via text, they naturally feel attracted, compelled and motivated to reply and contribute to the conversation and then happily say yes to meeting up. Emsrp - Unfreezing the Authentic Self Mac Andrews 2014-06-27 Key aspects of our development become diverted or obstructed during early childhood, profoundly affecting our life outcomes long into adulthood, even before we have the ability to speak or think. Being genuine, i.e. allowing our true impulses to express, became dangerous in one way or another very early, and as a result we constructed habitual masks and inauthentic behaviours to survive and get by. These masks and behaviours rob us of our satisfaction, our ability to form and maintain nurturing relationships, we fail to get core needs met in the world, and we end up settling for what we get, feeling frustrated, isolated and confused about life, or running ourselves ragged pursuing everything that looks like success, whilst never really feeling we have won. This translates into many levels of depression - and depression is rife in our modern world. Whilst therapies have something to offer, they tend not to deal with the fundamental causes, and thus fail to deal with the issues for good. EMSRP addresses the source of the problem by reawakening the developmental processes that simply stopped in early life. Key aspects of the evolutionary heritage of every human being, yes including you, became frozen and failed to mature - leaving the person without the power to change life for the better. Without any complex rocket science EMSRP matures these life-skills without struggle, and this allows people to grow far beyond the limits they have unconsciously accepted as their lot. It has been very developed and trialled for nearly 20 years, and now therapists and counsellors are being trained and accredited to include it in their toolkits. It is particularly effective in alleviating depression, anxiety and life-stuckness. It has been highly effective with couples, individuals and groups. It is both insightful and practical, and is completed in an average of 15 fortnightly sessions. This book, whilst not a substitute for being facilitated through the process or training as an accredited facilitator, outlines in full the processes, the psychology and the philosophy behind each and every step. Running Like a Girl Alexandra Heminsley 2013 Very funny, very honest and very emotional, whether you're in serious training or thinking about running for the bus, this book will make you want to put on your trainers. Alexandra Heminsley had high hopes: the arse of an athlete, the waist of a supermodel, the speed of a gazelle. Defeated by gyms and bored of yoga, she decided to run. Her first attempt did not end well. Six years later, she has run five marathons in two continents. But, as her dad says, you run with your head as much as with your legs. So, while this is a book about running, it's not just about running. You could say it's about ambition (yes, getting out of bed on a rainy Sunday morning counts), relationships (including talking to the intimidating staff in the trainer shop), as well as your body (your boobs don't have to wobble when you run). But it's also about realising that you can do more than you ever thought possible. Very funny, very honest and very emotional, whether you're in serious training or thinking about running for the bus, this is a book for anyone who after wine and crisps for supper a few too many times thinks they might . . . just might . . . like to run like a girl.

The day's journey Netta Syrett 2023-09-11 He had telegraphed to one of the servants, who had lived with them since their marriage, that he should return that evening, and as he neared the desolate home he pictured, he was thinking drearily that some settlement of the situation was inevitable. He had no hope of Cecily. Rose had said so little that he had returned from his visit to her more despondent than ever. She must be in Cecily's confidence. She knew Cecily's attitude—and she had said nothing; given him no comfort. The outlook was inexpressibly dreary. He longed for Cecily. She was never out of his thoughts. She haunted his dreams—his terrible, mocking dreams. In these nightly visions, he saw her over and over again; in the garden at the Priory, walking bareheaded under the trees, smiling as she ran towards him. Or he turned, to find her at the door, her eyes full of laughter, her arms outstretched to him. Always the radiant, happy Cecily of their early married life. And then the waking—the heart-breaking return to reality; his shame, his bitter, useless self-reproach....FROM THE BOOKS.

Film Quotations Robert A. Nowlan 2016-04-30 Certain lines define a movie. Marlene Dietrich in *Morocco*: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in *I'm No Angel*: "I'm very quick in a slow way." Jane Fonda in *California Suite*: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Selections from The Girl's Own Paper, 1880-1907 Terri Doughty 2004-05-18 The Girl's Own Paper, founded in 1880, both shaped and reflected tensions between traditional domestic ideologies of the period and New Woman values in the context of the figure of the New Girl. These selections from the journal demonstrate the efforts of its publisher (the Religious Tract Society) to combat the negative moral influence of sensational popular literature while at the same time addressing the desires of its audience for exciting reading material and information about topics mothers could not or would not discuss. Selected fiction gives a rich sense of the conventions and the domestic ideology of the time; the nonfiction prose ranges from essays on conduct and household management to articles on new opportunities in education and work.

Redefine Your Reality - Spiritual Healing With Miracles, Magic & Love

Mademoiselle 1986-07

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Golden Future Osho 2023-09-15 Silence usually is understood to be something negative, something empty, an absence of sound, of noises. This misunderstanding is prevalent because very few people have ever experienced silence. All that they have experienced in the name of silence is noiselessness. But silence is a totally different phenomenon. It is utterly positive. It is existential, it is not empty. It is overflowing with a music that you have never heard before, with a fragrance that is unfamiliar to you, with a light that can only be seen by the inner eyes. It is not something fictitious; it is a reality, and a reality which is already present in everyone -- just we never look in. All our senses are extrovert. Our eyes open outside, our ears open outside, our hands move outside, our legs... all our senses are meant to explore the outside world.
