A REESE'S BOOK CLUB PICK \* INSTANT NEW YORK TIMES BESTSELLER \* BELLETRIST BOOK CLUB PICK \* INDIE NEXT SELECTION \* LIBRARY READS SELECTION \* AMAZON EDITORS' CHOICE \* WASHINGTON POST BEST OF THE YEAR The "terrifying, wise, tender, and thrilling" (R.O. Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, Outlawed dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

**OMEGA** - Sidney St. James

OMEGA - The Lost City of Altinova Omega Chronicles Book One Science fiction really is the only genre which lets you use your imagination without limitations. When writing the Lost City of Altinova, I found it was like taking the shackles off my imagination allowing me to go anywhere with this genre. A thrill-seeking professor, William Knight, a former recipient of the Nobel Prize in Archeology, from Texas A&M University and two of his graduate assistants, one from Austin, Texas and another from Calgary, Canada, attempt to cross the Atlantic Ocean in a hot air balloon built to support their journey for two weeks. Their mission was to find an island that records from the University Library in College Station, Texas showed the entranceway to a mystical island that would lead to the lost city of Altinova. Would they find the legendary plaque that held the secret to a lost city? Which 'X' marked the spot!? Could the mountain of crystals be in fact a mountain of diamonds? Could there possibly be gold found in them there hills? Come tag along with the adventurers while they find clues to the hidden city. Find out how they learned to tell time by the changing colors of sunlight. Learn what perfect health over five hundred years will do to a human body. Learn the whereabouts of the Land of No Return, the Lake of Fire, Frost Park, and yes, learn what happens to a woman from Cornelia, Georgia when she is turned into half woman and half robot, her punishment for trying to escape the lost city. The Professor and his students knew the trip might encounter bad weather, but what they didn't expect was what actually happened when they were but two days out to sea. From the award-winning author of Faith - Seventy Times Seven and Adversity - Keeping the Faith, comes Book 1 in the Omega Chronicles, Omega - The Lost City of Altinova. Come follow the adventurers' quest to find the sister cities in the Atlantic Ocean. The lost cities of Atlantis and Altinova have captivated mankind throughout all walks of life. While there have been many books written about Atlantis, this is the first put in writing about the sister city, Altinova. The ancient Greek philosopher, Plato, was the first to mention Atlantis. Many people insist the lost city story is based on a real historical disaster. Professor Knight intends to prove such a city exists and find the city of Altinova at the same time. The educator takes on his journey Norman Clark and Dolphus Slaton to discover answers to on another faded-out map found in the archives in the campus library at the University of Texas. In these archives, buried in a wrong section of writings, Professor Knight read, "The founders of Altinova were half god

and half human. They created a utopian civilization and became a great naval power. There is a great capital -." The page was torn off and nothing further was found. From this writing, the quest began for the search for The Lost City of Altinova.

*Tears Are Words from the Heart* - Sidney St. James

TEARS ARE WORDS FROM THE HEART has a setting in Austin, Texas in 1960. One would have to caution our lovers that romance can't be found in a store. Whatever is in Capital Plaza isn't what they were looking for. Passion is fueled by self-love and would be dealt a mortal blow by selfishness. Romance is when they get totally lost in a moment with each other... a moment made sacred for just the two of them. Their romantic bond is from one heart to another, one mind to another and definitely one soul to another! So, when our characters feel romance for real, they should treasure it always, the right way, as something special between just the two of them. The true love our characters in this novel mutually felt is wealth money can't buy. There's a primary reason why Eros, that mischievous God, was believed by Greek Mythology to be the brother of Chaos. The ancient mythologists understood the power of all forms of love. Erotic desire is fierce and wild! When friendships like that of Grayson Schiff and Kaytlyn Robertson become both familial and wild, we have a dangerous animal on the loose. The object of their desire should not be with each other, but it was. Did Grayson want to be more than just friends? Was he only infatuated by the beauty of Kaytlyn who was engaged to Landon Hartstein? As friends, they stand side by side, not looking deeply into each other's eyes, only outward to shared interests. This boundary established between them was one they each wanted to cross, but unknown circumstances prevented them from doing so. Like many friends who are smitten, they each mistake these signals and fall into erotic patterns that nearly end their friendship forever. When Grayson focused his love craving at his new-found friend, he threatened the integrity of their friendship and entered into a dangerous liaison. Grayson fell in love the night he first met Kaytlyn. She was cold and wet, her hair matted and had thoughts of ending it all. Her plunge from the bridge almost happened, but he saved her in the nick of time. Their attraction to each other was palpable, intense, and circumscribed by their commitments to other people. Hers with Landon Hartstein and his with Abigail McCarthy. The absence of sex only made the heat stronger between the two. Their romantic bond is from one heart to another, one mind to another, and one soul to another. Finally, when two people feel the romance is real, they will treasure it always, the right way, as something special between only the two of them. But, the question to ask is, "Which two?"

And if Aunt Lettie and her wedding plans don't push Lu over the edge, getting some new information about her long lost mother just might. Since she was eight years old, Lu has lived with the fact that her mother left Lu and her dad for another man. In all those years, all she has heard about the episode is rumors. With her grandfather's death, she feels abandoned again, this time by the one who has been the most significant person in her life since her mother left. Or he was, until she renewed her acquaintance with a childhood friend who is now a good-looking pharmacist with a kind heart and the patience of Job. Lu knows she loves Jim Pat, and she is pretty sure he loves her; but she is not sure she can run the risk of loving someone and being abandoned again. Karen Raymond, Lu's best friend and Hilltop's only female clergy-person, is also involved in her share of funerals. Karen is privy to more secrets than she cares to be, and some of those secrets have her asking questions about her own life including the stability of the marriage she has thought was just about perfect. **The Modern American Political Novel** - Joseph Blotner 2014-06-30  
Politics, the workings of government and of people in government, has long been a fertile field for exploration by the novelist. The political arena offers many examples of conflict—between individuals, groups, or the individual and the group, or within the individual. It is natural then that a sizable body of fiction has grown up using politics as a main source of action. In this study Joseph Blotner attempts "to discover the image of American politics as presented in American novels over a sixty-year span." His major discussion is limited to 138 novels dealing directly with candidates, officeholders, party officials, or "individuals performing political acts as they are conventionally understood." He also refers to nineteenth-century predecessors, European analogues, or other twentieth-century American novels as they bear on his discussions. Blotner gives a thorough examination of certain archetypal figures (the young hero, the political boss, and the Southern demagogue), which appear in central or subordinate positions in the action of many political novels. He finds that the novels reflect certain major movements or upheavals in the political history of the United States or the world (in particular, fascism and McCarthyism), and that they also give the political aspects of universal attitudes or problems (corruption, disillusionment, reaction, and the role of women and of the intellectual). The author presents a detailed analysis of each of these subjects, prefacing each analysis by a survey of the historical background out of which the fiction grew, and including a brief and often pungent assessment of the literary merits of each novel discussed. He also surveys a large body of political fiction which cuts across all of these categories: the novel of the future—both utopian and apocalyptic. The Modern American Political Novel will be of great interest to the student of twentieth-century literature; the political scientist, the sociologist, and even the practicing politician will also find its analyses useful and illuminating.

**Bridget Flynn - A Female Detective** - Sidney James 2018-07

In this romance series, the lady detective, with the help of Chief Tommy Jackson of the Black Rock Cove police department, navigates her cases and sex life with good humor. Intelligence and an occasional longleaf Cuban cigar. This first novel in Sidney St. James widely acclaimed Detective Series tells story after story of our delightful, cunning and beautiful redhead detective, Bridget Flynn. Immediately upon setting up shop and hanging her shingle in a small office in Black Rock Cove, she is hired to follow the Countess from Norderney Island after her husband, Count William died mysteriously. After solving the case, she is invited to take on two high profile cases, one to break up a secret society, the Knights of the Silver Circle and the other, the robbing

Mustique Island - Sarah McCoy 2022-05-10

From bestselling author Sarah McCoy, a sun-splashed romp with a rich divorcée and her two wayward daughters in 1970s Mustique, the world's most exclusive private island, where Princess Margaret and Mick Jagger were regulars and scandals stayed hidden from the press. It's January 1972 but the sun is white hot when Willy May Michael's boat first kisses the dock of Mustique Isle. Tucked into the southernmost curve of the Caribbean, Mustique is a private island that has become a haven for the wealthy and privileged. Its owner is the eccentric British playboy Colin Tennant, who is determined to turn this speck of white sand into a luxurious neo-colonial retreat for his rich friends and into a royal court in exile for the Queen's rebellious sister, Princess Margaret—one where Her Royal Highness can skinny dip, party, and entertain lovers away from the public eye. Willy May, a former beauty queen from Texas—who is also no stranger to marital scandals—seeks out Mustique for its peaceful isolation. Determined to rebuild her life and her relationships with her two daughters, Hilly, a model, and Joanne, a musician, she constructs a fanciful white beach house across the island from Princess Margaret—and finds herself pulled into the island's inner circle of aristocrats, rock stars, and hangers-on. When Willy May's daughters arrive, they discover that beneath its veneer of decadence, Mustique has a dark side, and like sand caught in the undertow, their mother-daughter story will shift and resettle in ways they never could have imagined.

*I Am Woman - I Am Invincible* - Sidney St. James 2020-11-20

I AM WOMAN, I AM INVINCIBLE Sequel to I AM WOMAN, HEAR ME ROAR Volume 2 In this sequel to "I Am Woman, Hear Me Roar!" we continue to answer many questions associated with the writing of the Lincoln Assassination Series' "MARY ELIZABETH SURRATT" and the Faith Chronicles Series', "FAITH - SEVENTY TIMES SEVEN." During the writing of these two earlier novels, the question was always asked, why was Mary Elizabeth Surratt given such a bad 'shake' by a ruling from Yankee Generals in a witch hunt of a trial? In the other novel, FAITH, why did the Reverend Ada Caston Slaton Bonds remain with such an abusive alcoholic husband for twenty years? I decided to take four beautiful young women, known throughout the novel as the "Four Musketeers," who pledged a lifelong friendship with each other before the beginning of the Civil War and follow their lives of falling in love after graduation from the Hampton Women's College. They signed their life away to become a slave to their husbands based on our country's laws in the 1860s. Frances "Fran" Meyer, Jackie 'Bonzo' Hager, and Debbie "Deb" Keiner all fall in love only to find out the man they loved was a traitor and fought for the Confederate forces. The fourth musketeer, Dianne Jenkins, has a lifelong secret she never reveals and has an extreme dislike for men. Although a strong word, some might even say she hated men. Then, Frances Meyer, who defects from the red, white, and blue, goes with her husband to fight for the South. Bonzo Hager is drafted by the Army of the Potomac and laughed at when she arrived to muster. She then asked her father to subsidize a substitute to fight for her. Then, there's Debbie Keiner, the daughter of a Lutheran minister. She gives her heart and soul as a Sister of Mercy in the hospitals for many soldiers injured and killed in the war... both the Rebels and the Yankees. She also gives up her love for a man who left to fight under Robert E. Lee and the southern forces of the Confederacy. As

sunlight enters into raindrops, so love enters the souls of these young women and emerges as their passions in State's Rights and Women's Rights. It is how they find their truth and purpose in life. It's how the "Four Musketeers" give themselves to others. Throughout this story, they each discover that it's love, which makes them who they are and how powerful forgiveness can be in their lives. Rights for women in the 1860s were withdrawn when she married. In general, women gave up so many property and civil rights when they said "I do" that it was said they entered a state of "Civil Death!" In 1860, women were trapped in their homes and performed domestic chores and duties. Their roles as a housewife were to bear children, as long as was feasibly possible. Also, to care for the children while submitting to their husbands' every whim. It was prevalent for a family to consist of twelve or more children in the 1800s. "Women are already born so far ahead ability-wise. The day men can give birth, that's when we can start talking about equal rights!" --- Chuck Palahniuk, American Novelist

#### **Love and Betrayal in Texas** - Connie Nanasy 2004

Love and Betrayal in Texas, Connie Nanasy's recent suspense-filled novel will finally be in the hands of eager readers.
