It provides you with training exercises and techniques to become a sexual master. The author compiles a wide variety of sexual techniques gathered from ancient sexual traditions like Tantra, Tao and modern experiments. There are ancient secrets from numerous sexual traditions which will allow you to profoundly change the depth of your sensual experience. You will learn techniques for exercising the penis, controlling the penis, controlling ejaculation and experiencing orgasm without full ejaculation. The male recovery phrase after ejaculation limits sexual pleasure. The obvious solution is to extend the capacity of the male by teaching him how to function in a multi- orgasmic way. If you follow the precepts, exercises and instructions of this book you should be able to maintain erection while orgasming frequently until you are ready for a complete and full ejaculation. This book will also teach you how to extend sex into an ecstatic two-hour marathon rather than the "14 minutes sprint" now experienced by most men.

Tantric Quest Daniel Odier 1997-04-01 The author reveals his passionate experiences with a female Tantric master who taught him the suppressed practices of her ancient order. In 1968 Daniel Odier left Europe for the Himalayas, searching for a master who could help him go where texts and intellectual searching could no longer take him. He wanted everything: the wisdom and spirituality gained from the life of an ascetic and the beauty, love, and sensuality of a life of passion. He found both in Shivaic Tantrism, the secret spiritual path that seeks to transcend ego and rediscover the divine by embracing the passions. In an isolated Himalayan forest Odier met Devi, a great yogini who would take him on a mystical journey like none he had ever imagined. At times taking him beyond the limits of sexual experience, at times threatening him with destruction, she taught him what it is to truly be alive and to know the divine nature of absolute love. This is the personal memoir of one of France's most honored writers. Tantrism is the only ancient philosophy to survive all historical upheavals, invasions, and influences to reach us intact by uninterrupted transmission from master to disciple, and the only one to retain the image of the Great Goddess as the ultimate source of power.

Eros Ascending John Maxwell Taylor 2011-07-05 ***FINALIST, USA Best Books 2010 Awards - Spirituality & Self-Help: Relationships The quest for lasting love is one of life's essential pursuits, in some ways the most essential. But it's also a quest that's impossible to separate from spiritual and sexual needs. Based on Taylor's twenty-three-year experience with Taoist practices, the book presents an engaging analysis of love, relationships, and sexuality from spiritual, romantic, and sexual perspectives. Taylor melds essential ideas by Jung, Gurdjieff, and Taoist Master Mantak Chia with science, biology, spiritual tradition, and current popular culture to shed new light on this eternal yet misunderstood subject. Not just for couples, the book is equally useful for single people who want to understand the methods for "learning to love yourself" in preparation for a fulfilling, long-term relationship. Taylor draws on his eclectic background as a successful playwright, composer, actor, and musician in this persuasive plan for converting ordinary sexual energy into food for the soul.

Innocent Ecstasy Peter Gardella 2016 Though they disagree on virtually everything else, evangelicals and gays, Catholics and agnostics all agree that sex should be innocent and ecstatic. For most of Western history people have not had such expectations. *Innocent Ecstasy* shows how Christianity led Americans to hope for so much from sex. The book explains how the sexual revolution could have occurred in a nation so deeply imbued with Christian ethical values. Tracing our strange journey from the hands of Jonathan Edward's angry Puritan God to the loving embrace of Marabel Morgan's *Total Woman*, Gardella draws his surprising evidence from widely disparate sources, ranging from Catholic confessionals to methodist revival meetings, from evangelical romances to *The Song of Bernadette*. He reveals the sexual messages of mainstream Protestant theology and the religious aspirations of medical texts found at the Kinsey Institute for Sex Research. He sheds new light on such well-known figures as Henry Adams, Margaret Sanger, Aimee Semple McPherson, and Harriet Beecher Stowe, and introduces us to such fascinating, lesser-known characters as Dr. John Harvey Kellogg and Sylvester Graham, inventors of corn flakes and Graham crackers, who devised their products as anti-aphrodisiacs. While detailing the development of moral obligations to pursue sexual pleasure and to follow certain patterns of sexual practice, Gardella incidentally provides one of the few books to bring together the liberal Protestant, Roman Catholic, and evangelical perspectives on any aspect of American culture. Gardella attributes the American ethic of sexual pleasure to the eagerness of Americans to overcome original sin. This led to a quest for perfection, or complete freedom from guilt, combined with a quest for ecstatic experience. The result, he maintains, is an attitude that looks to sex for what was once expected from religion. In this new edition, a new conclusion explores how popular music, gay liberation, and recovery from sexual abuse have substantially expanded innocent ecstasy during the past thirty years while continuing the Christian themes of redemption and mission. A new afterword deals with contemporary developments in popular culture and offers thoughts about the future

It explains in a clear and simple way the practical techniques that you can try if you want to further your knowledge of esoteric lovemaking. Tantric Sex can transform your experience into a more sensual, loving and fulfilling one. Tantra is an ancient Indian tradition that recognizes sexual energy as a source of personal and spiritual empowerment. It's important to understand that sexual energy may or may not imply sexual activity. The underlying idea is that sexual energy is the life force; it's what brought us into the world, and it's one of the most powerful motivators in our lives. The more we can recognize and embrace this life force, the more fully human and empowered we will be. One final way to consider tantra is to consider the consciousness that comes when you fully embrace who you are, your desires and the motivators around you, instead of worrying wholeheartedly about orgasming or how 'good' you are in bed "It isn't a technique that makes your sexual experiences "Tantric," rather, it's a shift in attitude, and this is achieved by prolonging arousal and bringing as much awareness as you can to the activity." The practice of Tantra heightens the energy and creativity levels, in addition to reinforcing the partners' connection. It is an integral method that permits the growth of the participants in all

aspects of their personality: sexuality, intuition, spirituality, and more. The "Tantric Sex" Book unveils the origins, history, development, and practices of this esoteric tradition, showing you how to harness what many Tantrics believe to be the most powerful energy--sexual energy. Discover: Description and benefits of Tantric Sex Preparation for tantric sex and tantric teachings The difference from tantric sex from other sex Mind-blowing techniques How to maximize several types of orgasms Tantric fellatio and cunnilingus Lingam and the yoni Tantric massage and meditation Ways to maximize energy flow Some sex positions How to master Tantric positions Most sexual encounters are brief, and most orgasms last only a few seconds.
