101 Frequently Asked Questions About

Homosexuality - Mike Haley 2004-06-01

"101 Probing Questions...101 Compassionate and Scriptural Answers " "from" Focus on the Family's Mike Haley" Almost daily we hear news reports that confirm the acceptance of homosexuality in our culture. Homosexuals are adopting children, appearing as

characters on television programs, taking vacations catering to an exclusively gay clientele, and even seeking the right to "marry" their partners. But is this acceptance healthy for society? Few topics can raise so many questions so quickly. And for many readers, those questions hit close to home as they learn of the homosexuality of a loved one or close friend. Here are the answers to the most often asked questions about homosexuality, fielded by an expert on the subject...and a former homosexual himself.

Achieving Heterosexuality - Marie Davidson 2017-05-31
Besides giving an in-depth overview of the science behind the Ex-Gay phenomenon, Davidson removes the veil that has kept ex-gays swathed in privacy. Testimonials from around the world reveal the mental, spiritual and therapeutic journey out of the gay mindset. Each confirms the science of mindful change --- how neuronal pathways of the brain can actually die with non-use and, with the right focus and protocols, be replaced with

new pathways. Indeed, Ex-Gays not only confirm the science of neuroplasticity in regards to attraction but also confirm what the Bible teaches about transformation: TRANSFORMATION INVOLVES THE RENEWING OF THE MIND. "Some tell me that my journey is extraordinary. In reality, I do not believe it is. After much reflection, I now see that my early life was very similar to that of a multitude of same-sex attracted men, and yes even some women. The difference is this: I was unknowingly at first given the freedom, and took it, to open a door that enabled me to scratch well below the surface of my conscious mind and to think outside the box of what have now become mainstream society's beliefs about sexual orientation." Excerpt of James Parker's Testimonial (AUSTRALIA) "Then, I realized that my fear of abandonment was the root cause of my same-sex attraction. The memory of my three-year-old self, watching my mother with my sister...and my perception of

Can Homosexuality Be Healed Can Homosexuality Be Healed

her abandoning me returned. It was as if a light switch had been flicked on. God had unzipped me of all of my anger now. It was over. I can see now, that I was battling for my soul."Excerpt of Jennifer Thorne's Testimonial (USA)"People I knew in the lifestyle died, got sick or changed in a frightening way. That's what happened for those with lots of sex partners and broken relationships...This is when I started praying ...Well, no angels singing, no Hollywood-like miracle right away. Then I saw a religious program on TV and called their "Hopeline." I chatted with someone who gave me the link to Homosexuals Anonymous. HA had an online program, and I enrolled. I thought my same-sex attractions were immutable. Now I know better." Excerpt from Robert Gollwitzer's Testimonial (GERMANY)"This book is beautiful and so needed. I see this very thing in the SSA patients I see. They are stuck developmentally. The real issues are psychological,

emotional and spiritual and should be addressed." Kathy, LPC"Marie Davidson has written a powerful antidote to the propaganda of genetic homosexuality being perpetrated in our secular culture and prevaricating psychotherapy community. Much of my personal life journey from angry atheist lesbian to grateful Christian Ex-Homosexual is reflected in these pages along with the stories of many others from around the world. Davidson's book is an inspiring testament to the hope and healing available to all and to the thousands who have been freed from homosexuality through the grace of God and the power of Jesus Christ." Robin Goodspeed, Christian Ex-Homosexual, President, Voice of the Voiceless.info About the Author: Marie Davidson, M.Ed. witnessed the daily struggles and depression in some of her same-sex attracted students. She helped prevent a suicide by helping one student get treatment, but there was nothing she could have done to

help a student who died of AIDS complications at age 21. Davidson wrote this book to show those with unwanted same-sex attraction that they can heal from past hurts and become who they were meant to be.

Still Time to Care - Greg
Johnson 2021-12-07

At the start of the gay rights movement in 1969, evangelicalism's leading voices

Can Homosexuality Be Healed Can Homosexuality Be Healed

cast a vision for gay people who turn to Jesus. It was C.S. Lewis, Billy Graham, Francis Schaeffer and John Stott who were among the most respected leaders within theologically orthodox Protestantism. We see with them a positive pastoral approach toward gay people, an approach that viewed homosexuality as a fallen condition experienced by some Christians who needed care more than cure. With the birth and rise of the ex-gay movement, the focus shifted from care to cure. As a result, there are an estimated 700,000 people alive today who underwent conversion therapy in the United States alone. Many of these patients were treated by faith-based, testimony-driven parachurch ministries centered on the ex-gay script. Despite the best of intentions, the movement ended with very troubling results. Yet the ex-gay movement died not because it had the wrong sex ethic. It died because it was founded on a practice that diminished the

beauty of the gospel. Yet even after the closure of the ex-gay umbrella organization Exodus International in 2013, the ex-gay script continues to walk about as the undead among us, pressuring people like me to say, "I used to be gay, but I'm not gay anymore. Now I'm just same-sex attracted." For orthodox Christians, the way forward is a path back to where we were forty years ago. It is time again to focus with our Neo-Evangelical fathers on care--not cure--for our non-straight sisters and brothers who are living lives of costly obedience to Jesus. With warmth and humor as well as original research, *Still Time to Care* will chart the path forward for our churches and ministries in providing care. It will provide guidance for the gay person who hears the gospel and finds themselves smitten by the life-giving call of Jesus. Woven throughout the book will be Richard Lovelace's 1978 call for a "double repentance" in which gay Christians repent of their homosexual sins and the

church repents of its homophobia--putting on display for all the power of the gospel.

Can Homosexuality Be Healed?

- Francis MacNutt 2006-07-01
Too often, especially in the church, the subject of homosexuality causes deep misunderstanding and painful rifts. Is it really possible to believe that homosexuals did not choose that lifestyle, and yet maintain biblically that the behavior is sinful? Yes, says author Francis MacNutt, and the prayerful result leads to a new possibility: Jesus Christ can transform the homosexual's orientation so that he or she can actually become heterosexual. The striking clarity and practicality of this book will guide the compassionate reader who feels intuitively (and biblically) that homosexuality is wrong but fears being labeled ignorant or "homophobic." And homosexuals who want to change will find that specific prayer brings extraordinary results.

Compassion without Compromise - Adam T. Barr 2014-10-14

Loving, Biblical Answers on Homosexuality In the next year at least one of these things will happen in your life: • A family member will come out of the closet and expect you to be okay with it. • Your elementary-age child's curriculum will discuss LGBT families. • Your company will talk about building a tolerant workplace for LGBT co-workers. • Your college-age child will tell you your view on homosexuality is bigoted. Are you ready? In their role as pastors, Adam Barr and Ron Citlau have seen how this issue can tear apart families,

friendships, and even churches. In this book they combine biblical answers with practical, real-world advice on how to think about and discuss this issue with those you care about. They also tell the story of Ron's personal journey from same-sex attraction and sexual brokenness to healing. Truth does not preclude kindness-- and a good dose of humility is necessary to love our neighbors. With sensitivity and winsomeness, this book will offer an honest but inviting message to readers: We are all in need of the healing that can only come from the truth of the gospel.

Divine Eros - Joy E. Corey
2014-03

Divine Eros draws on the latest scientific evidence, including genetics, endocrinology, and psychology, to debunk many key myths about homosexuality and offer alternatives for healing. Following the loss of a friend who was compelled to take his life because of his father's hatred of homosexuals, author Joy E. Corey's pain inspired her to explore the

topic. Combining pastoral sensitivity with academic precision, she explores alternatives to simplistic solutions that often characterize discussions of this controversial and provocative topic. Written for those struggling with their own sexuality and their family members, it offers true stories of struggle and victory, pain and healing. "What is fresh about this perspective is its **The Broken Image** - Leanne Payne 1995-09

Darnell Giles 2008-12-03
The Bible's condemnation of homosexuality is a fallacious doctrine based on incorrect scriptural translation. This book reveals interpretative inconsistencies; provides an accurate and contextual understanding of the various 'homosexual' passages, by sharing relevant cultural, religious and historical

information. It clarifies what the Bible actually teaches about homosexuality. K. Darnell Giles has taken a deeper look at the Biblical scriptures and shares what others have not wanted to say or hear about homosexuality. 'What Did Jesus Say?' teaches people how to love, understand and respect homosexuals in a way that does not compromise their religious or personal belief systems...in the same manner that Jesus taught. It proves that a person's homosexual orientation does not make them a sinner. Once ignorance is dispelled, we will no longer be afraid to embrace and support our gay loved ones. Then we will begin to save more lives and souls.

Jesus, the Bible, and Homosexuality - Jack Bartlett Rogers 2006-01-01

In this sure-to-be controversial book, former seminary professor and church official Jack Rogers argues unequivocally for the ordination of homosexuals and for the extension of full and equal rights in society to all people who are homosexual. Christianity, he observes, has moved through history in the direction of ever-greater openness and inclusiveness. Today's church is led by many of those who were once cast out: people of color, women,

Can Homosexuality Be Healed Can Homosexuality Be Healed

and divorced and remarried people. It is inevitable, he believes, that gay, lesbian, bisexual, and transgender people will one day walk in the same steps as other Christian leaders. Rogers, an evangelical, begins by discussing his own personal change of heart and mind on the issue, a change that has moved him into the middle of this controversy in his own church, the Presbyterian Church (U.S.A.). He examines

how the church misused the Bible to justify slavery and the denial of rights to women, and links these efforts to efforts today to use biblical texts to deny equal rights to gays and lesbians. He shows how neither the Bible nor the Confessions are opposed to homosexuality and debunks frequently used fundamentalist stereotypes and myths about gays and lesbians. Rogers concludes with his thoughts on how the church can heal itself and move forward.
