Doggone Romance - Chris Keniston 2018-01-22

Welcome to Romance Virginia and the world of Main Street Romance. What's a flirt you ask? Think of them like an episode of a TV show bringing you snippets of life in your favorite romance world. A weekend road

trip through the Blue Ridge Mountains is just the escape Kelly Harrison needs. Add in her best friend, a scenic overlook, an a cappella serenade from a popular country band, and the adventures are off to a grand start. Without a map or schedule, they can go anywhere, which is exactly what they do when Romance,

Virginia, beckons. Thrilled to unplug from life's hectic demands, Rick Lambert can't think of a better way to relax than cruising the mountains of Virginia with his longtime Navy buddy. The only thing better? Sampling what's known to be the best food on the Eastern seaboard in a town called Romance. The quaint small town promises a lazy afternoon in the sun, smiles and waves from passersby, and a bottomless pitcher of ice-cold sweet tea. But this picturesque location has its own special charm. With the resident fat cat and a couple of Great Danes, Romance is ready to turn Kelly and Rick's worlds upside down. Theatre Across Oceans - Nic Leonhardt 2021-09-15

Theatre Across Oceans: Mediators Of Transatlantic Exchange allows the reader to enter and understand the infrastructural 'backstage area' of global cultural mobility during the years between 1890 and 1925. Located within the research fields of global history and theory, the geographical focus of the book is a transatlantic one, based on the active exchange in this phase between North and South America and Europe. Emanating from a rich body of archival material, the study argues that this exchange was essentially facilitated and controlled by professional theatrical mediators (agents, brokers), who have not been sufficiently researched within theatre or historical studies. The low visibility of mediators in the scientific research is in diametrical contrast to the enormous power that they possessed in the period dealt with in this book.

When Leo Brennan is traded to the Buffalo Bedlam two weeks after knocking their captain out of the line up on a badly timed hit, the enforcer's dream life becomes a nightmare. He should be happy about going to a Cup contender, but the fans hate him, his teammates are lukewarm, and everything that could go wrong with the transition, does. He vows to play through the next few months to fulfill his contract, hopefully win the Cup, and then get as far from Buffalo as possible. No way will he stick around. Kelsey Fraser pulls double duty working for player services and the Bedlam's fan outreach team. When the organization tasks her with leading a series of media events designed to change the fans' negative opinion of Leo, she wants no part of him — after all, he gave her brother a concussion. But the opportunity would take her career in the right direction. She can't turn it down. Professionalism will have to surpass her desire to hit him with a hockey stick. Spending hours together, Kelsey and Leo learn they are far more alike than different. Both are fiercely protective of and devoted to their families, and their chemistry is strong enough to make them reconsider everything they thought they wanted. The question of what will happen after the playoffs looms like an impending blizzard.
