Camera Girl Carl Sferrazza Anthony 2023-05-02 An illuminating new biography of the young Jackie Bouvier Kennedy that covers her formative adventures abroad in Paris; her life as a writer and photographer at a Washington, DC, newspaper; and her romance with a dashing, charismatic Massachusetts congressman who shared her intellectual passion. Camera Girl brings to cinematic life Jackie's years as a young, single woman trying to figure out who she wanted to become. Chafing at the expectations of her family and the societal limitations placed on women in that era, Jackie pursued her dream career as a writer. Set primarily during the years of 1949 to 1953, when Jackie was in her early twenties, the book recounts in heretofore unrevealed detail the story of her late college years and her early adulthood as a working woman. Before she met Jack Kennedy, Jacqueline Bouvier was the Washington Times-Herald's "Inquiring Camera Girl," posing compelling questions to members of the public on the streets of DC and snapping their photos with her unwieldy Graflex camera. She then fashioned the results into a daily column, of which six hundred were published. Carl Sferrazza Anthony, a historian and leading expert on First Ladies, draws on these columns and previously unseen archives of Jackie's writings from this time, along with insights gleaned from interviews he conducted with the former First Lady's friends, colleagues, and family members. Camera Girl offers a fresh perspective on the woman later known as Jacqueline Kennedy and Jackie O, introducing us to the headstrong, self-assured young woman who went on to be one of the world's most famous people. It's a glamorous and surprisingly hard-charging story of a person determined to define herself, told with admiration, empathy, and journalistic rigor.

Grunt Slang in Vietnam Gordon L. Rottman 2020-02-04 A look at how combat, culture, and military tradition influenced soldiers' language in Vietnam from the award-winning, USA Today–bestselling author. The slang, or unique vocabulary, of the soldiers and marines serving in Vietnam, was a mishmash of words and phrases whose origins reached back to the Korean War, World War II, and even earlier. Additionally, it was influenced by the United States' rapidly changing protest culture, ideological and poetical doctrine, ethical and cultural conflicts, racialism, and drug culture. This "slanguage" was rendered even more complex by the Pidgin Vietnamese-English spoken by Americans and Vietnamese alike. But perhaps most importantly, it reflected the soldiers' actual daily lives, played out in the jungles, swamps, and hills of Vietnam.

Chicano While Mormon Ignacio M. García 2015-05-07 This is a memoir of the early years of a well-known Chicano scholar whose work and activism were motivated by his Mormon faith. The narrative follows him as an immigrant boy in San Antonio, Texas, who finds religion, goes to segregated schools, participates in the first major school boycott of the modern era in Texas, goes to Viet Nam where he heads an emergency room in the Mekong Delta, and then to college where he becomes involved in the Chicano Movement. Throughout this time he juggles, struggles, and comes to terms with the religious principles that provide him the foundation for his civil rights activism and form the core of his moral compass and spiritual beliefs. In the process he pushes back against those religious traditions and customs that he sees as contrary to the most profound aspects of being a Mormon Christian. This memoir is about activism and religion on the ground and reflects the militancy of people of color whose faith drives them to engage in social action that defies simple political terminology.

Phoenix Eyes and Other Stories Russell Charles Leong 2012-02-01 Russell Charles Leong shows an astonishing range in this new collection of stories. From struggling war refugees to monks, intellectuals to sex workers, his characters are both linked and separated by their experiences as modern Asians and Asian Americans. In styles ranging from naturalism to high-camp parody, Leong goes beneath stereotypes of immigrant and American-born Chinese, hustlers and academics, Buddhist priests and street people. Displacement and marginalization — and the search for love and liberation — are persistent themes. Leong's people are set apart, by sexuality, by war, by AIDS, by family dislocations. From this vantage point on the outskirts of conventional life, they often see clearly the accommodations we make with identity and with desire. A young teen-ager, sold into prostitution to finance her brothers' education, saves her hair trimmings to burn once a year in a temple ritual, the one part of her body that is under her own control. A documentary film producer, raised in a noisy Hong Kong family, marvels at the popular image of Asian Americans as a silenced minority. Traditional Chinese families struggle to come to terms with gay children and AIDS.

Vietnam, a Memoir David S. Holland 2005 Want an uplifting account of one young Army officer's service in the Vietnam War? *Vietnam, A Memoir: Saigon Cop*, is not it. The focus of this book and of two later volumes in the series is war stripped of glory, high purpose, inspiration, and easy but false patriotism. Instead, the focus is on five Bs: booze, babes, boredom, bureaucracy, and occasionally battle. Heroes are few. Hyperbole is minimal. Yet the tale is an unusual one. The author was an ROTC graduate with no long term Army commitment. After serving a year as a Military Police platoon leader in Saigon, a period that is the subject of this first volume, he stayed in Vietnam for another year and a half. His months as an infantry officer are covered in later volumes. Military Police duty in Saigon in 1966-67 was a surreal combination of Army nitpicking on a stateside scale, protecting U.S. facilities against Viet Cong terrorism, and policing the large U.S. presence in the city. MPs lived, worked, and occasionally played in the middle of an Oriental metropolis of strange sights, sounds, and smells. Lengthy stretches of tedious, humdrum activity were interrupted by sudden bursts of danger and fear.

Lady Luck's Map of Vegas Barbara Samuel 2008-12-18 A successful Web designer, forty-year-old India has a fabulously hip life in Denver and a sexy Irish lover in New York who jets out to see her on bi-weekly visits. The long-distance romance suits India just fine: Though Jack is the only man who has ever made India feel truly alive, she doesn't want things to get too serious. But then her father passes away, and India must honor the promise she made to him: to look after her mother when he's gone. Suddenly India finds herself back in Colorado Springs with the woman who both intrigues and infuriates her. Eldora is sixty something and exquisitely gorgeous, but her larger-than-life personality can suck the air out of a room. True to form, Eldora throws India a curveball, insisting that they hit the road to look for India's twin, Gypsy, a brilliant artist who lives a vagabond's existence in the remote mountain towns of New Mexico. It looks like India can't avoid her mother's intensity any longer, especially after she discovers stunning secrets from Eldora's past. Thirty years ago, Eldora regaled her twin girls with glamorous stories about her days as a Las Vegas showgirl-- stories of martinis and music at the Sahara, back when Frank and Sammy ruled the town. But the story of how she really ended up in Sin City, and the unsavory life she'd run from with her daughters in tow, is full of details she's never seen fit to share--until now. As mother and daughter sail down Route 66, the very road Eldora drove those many years ago, looking for Gypsy, while passing motels, diners, and souvenir shops, Eldora must relive a lifetime of memories that have tormented her before she can put them to rest once and for all. . . . Award-winning author Barbara Samuel brings us a heartfelt story of second chances and unexpected detours. As two women come to terms with themselves and each other, the past unravels and the future spreads out before them like the open road. From the Hardcover edition.

Vietnam War Movies Jamie Russell 2002 From 'The Deer Hunter' to 'Platoon', the Vietnam cycle of films that America has been producing since the 1970s has had an impact on audiences on both sides of the Atlantic. This book offers an overview of the genre, including such films as 'Full Metal Jacket', 'Platoon', 'Rambo: First Blood' and 'Apocalypse Now'.
