

# How Do Female Kpop Idols Deal With Periods

**Punk 57** - Penelope Douglas 2016

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--

[Sayonara Amerika, Sayonara Nippon](#) - Michael K. Bourdaghs 2012

From the beginning of the American Occupation in 1945 to the post-bubble period of the early 1990s, popular music provided Japanese listeners with a much-needed release, channeling their desires, fears, and frustrations into a pleasurable and fluid art. Pop music allowed Japanese artists and audiences to assume various identities, reflecting the

country's uncomfortable position under American hegemony and its uncertainty within ever-shifting geopolitical realities. In the first English-language study of this phenomenon, Michael K. Bourdaghs considers genres as diverse as boogie-woogie, rockabilly, enka, 1960s rock and roll, 1970s new music, folk, and techno-pop. Reading these forms and their cultural import through music, literary, and cultural theory, he introduces readers to the sensual moods and meanings of modern Japan. As he unpacks the complexities of popular music production and consumption, Bourdaghs interprets Japan as it worked through (or tried to forget) its imperial past. These efforts grew even murkier as Japanese pop migrated to the nation's former colonies. In postwar Japan, pop music both accelerated and protested the commodification of everyday life, challenged and reproduced gender hierarchies, and insisted on the uniqueness of a national culture, even as it participated in an increasingly integrated global marketplace. Each chapter in *Sayonara Amerika, Sayonara Nippon* examines a single genre through a particular theoretical lens: the relation of music to liberation; the influence of cultural mapping on musical appreciation; the role of translation in transmitting musical genres around the globe; the place of noise in music and its relation to historical change; the tenuous connection between ideologies of authenticity and imitation; the link between commercial success and artistic integrity; and the function of melodrama. Bourdaghs concludes with a look at recent Japanese pop music culture.

*Singing Is My Life* - Sungbong Choi 2016-02-17

Sometimes with a lot of hard work and determination-and a little luck-fairy tales do come true. An orphan from the age of three who traded abuse at the orphanage for the dangers of life on the street at five years old, Sungbong Choi refused to be bound by the circumstance of his youth. During his ten years on the streets of one of South Korea's largest cities, Choi falls victim to gangs, drugs, and was abused by adults

for their own survival. Instead of succumbing to negative influences, he takes every small opportunity and act of kindness provided to him, to turn his life around. After a chance encounter with an opera singer, Choi finds a vocal teacher willing to give him free lessons. His natural talent and determination pay off when he competes on the television program Korea's Got Talent...and shows both his country and the world how gifted he truly is. This captivating true story is sure to inspire readers of all ages and cultural backgrounds.

*Hallyu White Paper 2018* - KOFICE 2019-06-06  
*Hallyu White Paper 2018* 1. Introduction to the Hallyu(The Korean Wave) White Paper, 2018 2. Hallyu, Again at the starting Point 1) Hallyu and the social imaginary in the age of digital technology 2) Efficacy of Hallyu:beyond industry, beyond superpower 3) Universality and particularity of K-pop as a glocal culture 4) New media and K-pop 5) Q&A about Hallyu, the Second Story

**National Archives Records Relating to the Korean War** - United States. National Archives and Records Administration 2003

**The Rookie Yearbook** - Tavi Gevinson 2015  
 David Dyer's astonishing novel *The Midnight Watch* is based on the true story of the SS *Californian*, the ship that saw the *Titanic's* distress rockets and yet, unfathomably, did nothing. A psychological thriller. Sometimes the smallest of human failings can lead to the greatest of disasters On a wretchedly cold night in the North Atlantic, a steamer stopped in an icefield sees the glow of another ship on the horizon. Just after midnight the first of eight distress rockets is fired. Why did the *Californian* look on while the *Titanic* sank? As soon as Boston American reporter John Steadman lays eyes on the man who stood the midnight watch on the *Californian*, he knows there's another story lurking behind the official one. Herbert Stone must have seen something, and yet his ship did nothing while the calamity took place. Now Stone, under his captain's orders, must carry his secret in silence, while Steadman is determined to find it out. So begins a strange dance around the truth by these three men. Haunted by the fifteen hundred who went to their deaths in those icy waters, and by the loss of his own baby

son years earlier, Steadman must either find redemption in the *Titanic's* tragedy or lose himself. Based on true events, *The Midnight Watch* is at once a heart-stopping mystery and a deeply knowing novel - about the frailty of men, the strength of women, the capriciousness of fate and the price of loyalty.

Multilingual Youth Practices in Computer Mediated Communication - Cecelia Cutler 2018-09-20

Explores how global youth push the boundaries of standard language and exploit the potential of their multilingual repertoires online.

Plugged In - Patti M. Valkenburg 2017-04-25

An illuminating study of the complex relationship between children and media in the digital age Now, as never before, young people are surrounded by media—thanks to the sophistication and portability of the technology that puts it literally in the palms of their hands. Drawing on data and empirical research that cross many fields and continents, authors Valkenburg and Piotrowski examine the role of media in the lives of children from birth through adolescence, addressing the complex issues of how media affect the young and what adults can do to encourage responsible use in an age of selfies, Twitter, Facebook, and Instagram. This important study looks at both the sunny and the dark side of media use by today's youth, including why and how their preferences change throughout childhood, whether digital gaming is harmful or helpful, the effects of placing tablets and smartphones in the hands of toddlers, the susceptibility of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

*The Korean Wave* - Tae-Jin Yoon 2017-10-05

Since the Korean Wave phenomenon started in 1997, Hallyu has undergone many changes. Geographically, while Asia has been the largest cultural market for the Korean cultural industries, other parts of society, including North America, Europe, the Middle East, and Latin America have gradually admitted Korean popular culture. The components of the Korean Wave have also greatly expanded. Hallyu originally implied the exports of a few cultural products, such as television dramas, popular music, and films; however, Korea has recently developed and exported K-pop, digital games

and smartphone technologies as well as relevant youth culture. Meanwhile, industrial and technological contexts of the Korean Wave have changed significantly during the last 20 years. The role of social media in the Korean Wave's transnationalization in recent years is especially intriguing because fans around the world can easily access social media to enjoy K-pop, digital games, and films. The changes in the nature and appearance of the Korean Wave, conceptual and theoretical shifts in the studies of the Korean Wave, and the influences of the development of media technologies on the Korean Wave are all very significant. This book aims to provide a better understanding of Hallyu's theoretical and institutional history on one hand, and new features of the Korean Wave on the other hand.

**Hallyu 2.0** - Sangjoon Lee 2015-06

The first scholarly volume to investigate the impact of social media and other communication technologies on the global dissemination of the Korean Wave

*Transported to Another World* - Stephen Reysen 2021-04-19

Anime/manga (Japanese animation and comics) have been increasing in popularity worldwide for decades. But despite being a global phenomenon, there's been surprisingly little psychological research formally studying its devoted fanbase. In this book we aim to do just that with an overview of nearly a decade of research by fan psychologists. Otaku and cosplayers, genre preferences, hentai, parasocial connections, motivation, personality, fandom, stigma, and well-being - this book looks at all of these topics through a psychological lens. Many of these findings are being presented for the first time, without the jargon and messy statistical analyses, but in plain language so it's accessible to all readers - fans and curious observers alike!

**English ID 2 Teacher's Book** - Paul Seligson 2013

No other description available.

**Globalization and Popular Music in South Korea** - Michael Fuhr 2015-06-12

This book offers an in-depth study of the globalization of contemporary South Korean idol pop music, or K-Pop, visiting K-Pop and its multiple intersections with political, economic, and cultural formations and transformations. It

provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s, which paved the way for the recent international rise of K-Pop and the Korean Wave. Fuhr examines the conditions and effects of transnational flows, asymmetrical power relations, and the role of the imaginary "other" in K-Pop production and consumption, relating them to the specific aesthetic dimensions and material conditions of K-Pop stars, songs, and videos. Further, the book reveals how K-Pop is deployed for strategies of national identity construction in connection with Korean cultural politics, with transnational music production circuits, and with the transnational mobility of immigrant pop idols. The volume argues that K-Pop is a highly productive cultural arena in which South Korea's globalizing and nationalizing forces and imaginations coincide, intermingle, and counteract with each other and in which the tension between both of these poles is played out musically, visually, and discursively. This book examines a vibrant example of contemporary popular music from the non-Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic, musicological, and cultural analysis. Widening the regional scope of Western-dominated popular music studies and enhancing new areas of ethnomusicology, anthropology, and cultural studies, this book will also be of interest to those studying East Asian popular culture, music globalization, and popular music.

**From Factory Girls to K-Pop Idol Girls** - Gooyong Kim 2018-12-17

Kim combines historical contextualization with political economy of the media and critical textual analysis to investigate the socio-ideological effects of K-Pop in the existing networks of power and domination in gender relations. He examines K-Pop female idols' individualism and identity formation through the lens of Korea's cultural politics.

**Pop City** - Youjeong Oh 2018-12-15

Pop City examines the use of Korean television dramas and K-pop music to promote urban and rural places in South Korea. Building on the phenomenon of Korean pop culture, Youjeong

Oh argues that pop culture-featured place selling mediates two separate domains: political decentralization and the globalization of Korean popular culture. The local election system introduced in the mid 90s has stimulated strong desires among city mayors and county and district governors to develop and promote their areas. Riding on the Korean Wave—the overseas popularity of Korean entertainment, also called Hallyu—Korean cities have actively used K-dramas and K-pop idols in advertisements designed to attract foreign tourists to their regions. Hallyu, meanwhile, has turned the Korean entertainment industry into a speculative field into which numerous players venture by attracting cities as sponsors. By analyzing the process of culture-featured place marketing, *Pop City* shows that urban spaces are produced and sold just like TV dramas and pop idols by promoting spectacular images rather than substantial physical and cultural qualities. Popular culture-associated urban promotion also uses the emotional engagement of its users in advertising urban space, just as pop culture draws on fans' and audiences' affective commitments to sell its products. Oh demonstrates how the speculative, image-based, and consumer-exploitive nature of popular culture shapes the commodification of urban space and ultimately argues that pop culture-mediated place promotion entails the domination of urban space by capital in more sophisticated and fetishized ways.

**Globalization and Popular Music in South Korea** - Michael Fuhr 2015-06-12

This book offers an in-depth study of the globalization of contemporary South Korean idol pop music, or K-Pop, visiting K-Pop and its multiple intersections with political, economic, and cultural formations and transformations. It provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s, which paved the way for the recent international rise of K-Pop and the Korean Wave. Fuhr examines the conditions and effects of transnational flows, asymmetrical power relations, and the role of the imaginary "other" in K-Pop production and consumption, relating them to the specific aesthetic dimensions and material conditions of K-Pop stars, songs, and videos. Further, the book

reveals how K-Pop is deployed for strategies of national identity construction in connection with Korean cultural politics, with transnational music production circuits, and with the transnational mobility of immigrant pop idols. The volume argues that K-Pop is a highly productive cultural arena in which South Korea's globalizing and nationalizing forces and imaginations coincide, intermingle, and counteract with each other and in which the tension between both of these poles is played out musically, visually, and discursively. This book examines a vibrant example of contemporary popular music from the non-Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic, musicological, and cultural analysis. Widening the regional scope of Western-dominated popular music studies and enhancing new areas of ethnomusicology, anthropology, and cultural studies, this book will also be of interest to those studying East Asian popular culture, music globalization, and popular music.

**Understanding Media** - Marshall McLuhan 2016-09-04

When first published, Marshall McLuhan's *Understanding Media* made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

**K-Pop** - John Lie 2015

*K-Pop: Popular Music, Cultural Amnesia, and Economic Innovation in South Korea* seeks at once to describe and explain the emergence of export-oriented South Korean popular music and to make sense of larger South Korean economic and cultural transformations. John Lie provides not only a history of South Korean popular music—the premodern background, Japanese colonial influence, post-Liberation American impact, and recent globalization—but also a description of K-pop as a system of economic innovation and cultural production. In doing so, he delves into the broader background of South Korea in this wonderfully informed history and analysis of a pop culture phenomenon sweeping the globe.

**Closer Than a Garment - Marital Intimacy** - Al-Jibaly 2018-12-06

This book covers various aspects of marriage according to the authentic Sunnah. Marriage plays a most central role in the human life, and has been largely discussed by the scholars of Islam through the ages, resulting in numerous writings and treatises. This unique title covers a number of different aspects in marriage, including human sexuality, Islamic etiquettes of intimacy, prohibited acts of intimacy, ghusl, the

'awrah, zina', birth control, indecent acts, and more.

*The Art of South and Southeast Asia* - Steven Kossak 2001

Presents works of art selected from the South and Southeast Asian and Islamic collection of The Metropolitan Museum of Art, lessons plans, and classroom activities.
