COAST TO COAST: Murder from Sea to Shining Sea - Andrew McAleer

Crime in high places. Crime in low places. Crime from Coast to Coast. Crime in the Faneuil Hall Marketplace of Boston to the Vincent Thomas Bridge in the Port of Los Angeles. From the wind-swept sails of the New England shoreline to the transitioning Italian-American neighborhood of North Beach in San Francisco and the Disney Concert Hall in L.A. Crime is everywhere, from the murky depths of Echo Park Lake and the body dump of the Angeles National Forest, to the clear waters of Oyster Bay and the beaches of Cape Cod — even Mexico City — in this collection of stories that range from hardboiled to suspense-thrillers. And while these stories differ in locale, climate, mood and the tone and voices of the various writers, they all resonate with the dark underbelly of crime. Continuing in the tradition of the great pulp magazines, stories and writers, we offer you COAST TO COAST: MURDER FROM SEA TO SHINING SEA. Stories by William Link, William G. Tapply, G.B. Pool, Andrew McAleer, Robert S. Levinson, James T. Shannon, Sheila Lowe, Stephen D. Rogers, Paul D. Marks, Judy Copek, Bill Pronzini and Thomas Donahue. Praise for COAST TO COAST ... "A sterling collection of coast-to-coast crime stories dripping with local color — all of it blood red." — Chuck Hogan, author of *The Town* and *Devils In Exile* "Envelope-pushers! A truly WOW collection by the best mystery writers out there — full of surprises only they can pull off." — Thomas B. Sawyer, best-selling author of *Cross Purposes* and *No Place to Run*, and head-writer of *Murder, She Wrote* "An engaging collection from a stellar cast of award-winning mystery authors guaranteed to keep you awake all night." — Hannah Dennison, author of the IMBA best-selling *Vicky Hill Mysteries* "From Durgin Park in "Proper Boston" to the Plaza Mexico, from Fenway Park to Anaheim Stadium, this intriguing collection of stories from the Monday Murder Club will keep you guessing from cover to cover and coast to coast." — Raffi Yessayan, author of *8 in the Box* and *2 in the Hat*

[Mastery Of The Mind](#) - Noam Lightstone 2015-03-18

How to Overcome Your Fears, Stress, and Anxiety without Spending Hours in Therapy or Thousands on Pills #1 Bestseller: Depression Help #1 Bestseller: Pathologies In Psychology And Counseling Do you have trouble believing in yourself? Do you run away when you feel anxious? Are you always beating yourself up? Do you feel like you aren't reaching your full potential? Like invisible chains are holding you back? Your answers to these questions dictate how you feel about yourself, how happy you are, and what you'll be able to achieve in life. But most self-help information out there isn't practical. It merely acts as a placebo until you inevitably feel bad again, or is full of platitudes like "Be present" and "Just be happy." There has to be a better way to solve these problems. The Real Struggle Is In Your Mind Most people have the desire and capacity to get over the mental wastes (like anxiety, procrastination, and fear) that are bothering them, but they let obstacles stop them from ever getting started. "He who says he can, and he who says he can't, are both usually right." If you can't control your mind, you can't win. What you might not realize is that you can make DRASTIC changes in your life and solve the problems you face, like: being too scared to talk to an attractive person, procrastinating on a goal, or being caught in endless cycles of worrying. You take a series of small changes (like phoning a friend or writing for 5 minutes in a journal) and build a ritual that you follow every time you come across a mental waste. All you need to know are the right tools to use for what's bothering you, and how to apply them. N. Lightstone's book *Mastery Of The Mind* teaches you: Mindfulness techniques to calm your mind so you can see and dismantle the thought patterns going on in your head, and learn how to let them go and change them. How to identify the bad habits and mental traps you might be doing without even knowing that are keeping you from crushing life. Tools that you can implement to attack and destroy 19 of these mental wastes, like fear, procrastination, negative thinking, jealousy, and more. In this book you will learn: The one method to get over ANY fear, and why "Just do it" is useless (you'd pay thousands just to learn this method alone). The one law that shows that what you think leads to how you feel, and how you can change your thoughts to improve your mood, self-esteem, and confidence. 2 essential tools to fast-track your self-improvement and supercharge your results. How to get out of those useless thought patterns or spirals - the reason you get into them, and the one simple method to step out of them. The REAL reason you procrastinate so much, and the 3 ways you can curb and control it. How to get out of any negative thinking by expanding your scope into the future and using a simple 9 step question-and-answer process. Why you compare yourself to others, and what you can do instead of being endlessly jealous. It's time to stop overthinking getting over bad habits and mental wastes. You can improve your health, mood, self-esteem, and confidence by arming yourself with the right tools, and stop yourself from reverting to old patterns. *Mastery Of The Mind* is a simple approach that's easy to implement no matter what mental waste you're struggling with. Scroll to the top of the page and click the "Add to cart" button now to experience a personal breakthrough as you take control of your mind-and take control of your life!

Welcome Back, Jack - Liam Sweeny 2015-10-05

When Jack was six years old, his parents were brutally slain by a serial killer. The police later found drifter Clyde Colsen driving a stolen car, his clothes soaked in blood. He was tried, convicted and executed. Jack grew up knowing the police got their man. Now a decorated homicide detective in New Rhodes, Jack arrives at the third crime scene of the "South End Killer" murders and finds his name. He will soon find out something else: thirty years ago, they got the wrong guy. And now the right guy's come back to pay Jack and New Rhodes his bloody respects. As Jack struggles to stay on the case, his cat-and-mouse game with the killer makes him wonder if he's the cat or the mouse. His family and everyone in his life is fair game. As the killer escalates and threatens the entire city, Jack has a question he must answer in his desperation: can he stop the monster without becoming one? Praise for WELCOME BACK, JACK: "I've been following Liam Sweeny's writing career for several years. He started out pretty good and now—with Welcome Back, Jack—he's become smokin' good! I predict this novel will propel him to the highest ranks of novelists writing police procedurals. That may look like I'm climbing out on a limb and if so, it's an extremely stout and solid limb. This ranks with the best of the genre and Sweeny is poised to become a writer of the highest rank. Remember his name—you're going to be seeing it a lot." —Les Edgerton, author of *The Genuine, Imitation, Plastic Kidnapping, The Rapist, The Bitch* and others "A new dark, very dark star has appeared in the noir spectrum and what a star it is. Welcome Back, Jack is the real deal, as down and deliciously dirty as it gets but with a wonderful fresh style and artistry that is as compelling as it is addictive. This is one hell of a start to what promises to be a unique series." —Ken Bruen, author of the Jack Taylor series "When a triple homicide in New Rhodes bears worrisome similarities to one from police officer, Jack LeClere's, childhood, nothing can stop him from following the sinewy clues to their horrific conclusion. As long as writers like Liam Sweeny can work the police procedural to such great affect, readers will follow Jack back to the gritty streets of New Rhodes gladly. Sweeny's writes beautifully and Welcome Back, Jack is full of memorable characters. Claustrophobics beware!" —Patricia Abbot, author of *Concrete Angel* "Equal parts police procedural and psycho-thriller, Liam Sweeny reinvents a genre with Welcome Back, Jack. When serial killing gets personal, Jack LeClere is dragged underground into the past. Literally. With crisp, taut dialogue, fast-paced action, and more plot twists than the subterranean tunnels Jack must navigate to earn redemption, Sweeny taps into modern-day, urban paranoia, mining the best of Ellroy, Cain, and Westlake. Sweeny pays homage while tearing up some serious new ground." —Joe Clifford, author of *Lamentation and December Boys* "Do yourself a favor: Before you start reading Welcome Back, Jack, clear your schedule. You're not going to be able to stop until you've seen it through to the explosive finale." —Rob Hart, author of *New Yorked*
