Life's Stories Paul Her 2013-03-25 In this third book of poetry, I tried to implement my creative writing side to capture the view of how the world should be as a justified, respected place. By any means, I am not a prophet; I am not predicting the future. I hope as people are reading this book, they can change their views on life, and try to make a difference in this world. I want to give my readers the tools to fuel their minds to not only improve their self-knowledge, but to also help educate the people around them to do an act of kindness. The main goals in my poems are to instill true values, honest morals, and pure integrities to all people. I could only wish that my words can create a positive movement which can impact the world like the Hip-Hop Movement.

About the Expert Bethany Wilson is a December 2010 graduate from Berea College in Berea, Kentucky. She obtained her Bachelor of Arts degree in Child Development. During her entire time in college she was engaged, her and her fiancé Josh decided to give a long distance relationship a go. From the beginning of her college career throughout the completion and still to this day they are together. With nearly three hundred miles between her and Josh they had to get creative in order to keep the relationship alive. When they first began the relationship after Bethany got to college they would talk on the phone for hours each day about a little bit of nothing but that gradually got tiresome. Bethany and Josh had to find new things to keep their relationship interesting. At first they started using webcam communications but that was short lived because the college cut the bandwidth that was allowed to the students making it almost impossible to webcam one another. They tried almost all of the techniques that are mentioned in this book. There were many different things that was brought up by other people trying to make them break up, but that never worked because Bethany and Josh have a bond stronger than words of others. Now that Bethany is out of college, she and Josh is no longer on a long distance relationship status because they are just a few minutes apart and are looking forward to their future and in the process of planning their wedding. Their long distance relationship helped them both mature and develop the ways that they communicate to the point that they both seem as if they are ten years older than they really are in the case of communication strategies. When things would seem dire within the relationship they would sit down and talk it out either on the internet, phone, or text messaging and get past the situation. 50 ways to make him miss you Celine Claire 2022-02-14 Men tend to prefer women who make them feel great about themselves. Explained in this e-book are the 50 ways to make him want you; Tip number one. Ensure that you have an attractive appearance Men are naturally visual. They want to feel attracted to a potential partner. Once you invest in improving your appearance, your man gets signals that; you respect yourself, appreciate the importance of presentation, have your unique style/look, and take care of yourself physically. You are what you wear. What you wear exposes a lot about your self-worth and value to your man. Tip number two. Make him feel acknowledged and well-received Understand that men want women to know about their worlds and accomplishments. If you're at a party or social gathering and he's expressing his opinion on matters on anything social, political, economic, and environmental, try to supplement in support of his views. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

How to Handle Long Distance Relationship Mark Oana 2019-09-14 Can I ask you this LDR's most important question? What cost are you willing to pay just to survive your long-distance relationship and marry the person you wanted even if you are apart for some time? Will an \$8 or \$9 is enough? Back in 2007 when I was still in college in Australia. I have this new girlfriend left in my home town in Canada. It was a battle during the first few days of being apart. I can't even handle it that's why I need to call her every day. I miss the cuddle, the kiss, and all from her during those days. I wanted to go home but I could not as it is so costly to travel. A few months later... It drastically changes. I meet some new friends in school and started to meet new girls. And I started to feel a little bit comfortable being away from her and even started to have some crushes on other girls at school. Oops, back up back up! I know where this is going... I don't want to hurt my girlfriend back home! So I thought many ways how can I keep the burning love of my girlfriend even if we're thousands of miles apart. I missed her so much and I can't physically be with her... I want to feel her! Then I discover SEXTING! Sexting is a kind of doing dirty talks thru chat messages or texting. I and my girlfriend are doing it every day and it excites me to chat her and message her every single day... Fast forward now (10 years later), this girlfriend of mine is the mother of my 4 kids! We survived the long-distance relationship by doing Sexting. The question you may have in mind now is how to do it? How can I apply it right now if I am on a long-distance relationship? How can I tell my girlfriend or boyfriend to start doing it? All the answers are being laid on this book. I've personally written all the things I and my girlfriend did to survive LDR. And if you purchase it and read it. It can dramatically save you and your distant relationship. So my question: Will an \$8 plus book worth your money? If this book can save you and your relationship more than money? You see. What most people do when they missed their long distant lover is to go to the lover's place and spend money for the travel. But not anymore after reading the book. So grab it NOW!!! NOTE: This may not be only applicable for a long-distance relationship but it may also apply to complicated relationships as well.
