The Story Within Us - Megan Sweeney 2012-09-11

This volume features in-depth, oral interviews with eleven incarcerated women, each of whom offers a narrative of her life and her reading experiences within prison walls. The women share powerful stories about their complex and diverse efforts to negotiate difficult relationships, exercise agency in restrictive circumstances, and find meaning and beauty in the midst of pain. Their shared emphases on abuse, poverty, addiction, and mental illness illuminate the pathways that lead many women to prison and suggest possibilities for addressing the profound social problems that fuel crime. Framing the narratives within an analytic introduction and reflective afterword, Megan Sweeney highlights the crucial intellectual work that the incarcerated women perform despite myriad restrictions on reading and education in U.S. prisons. These women use the limited reading materials available to them as sources of guidance and support and as tools for self-reflection and self-education. Through their creative engagements with books, the women learn to reframe their own life stories, situate their experiences in relation to broader social patterns, deepen their understanding of others, experiment with new ways of being, and maintain a sense of connection with their fellow citizens on both sides of the prison fence.

Always the Young Strangers - Carl Sandburg 2015-10-20

The Pulitzer Prize-winning poet and historian recalls his midwestern boyhood in this classic memoir. Born in a tiny cottage in Galesburg, Illinois, in 1878, Carl Sandburg grew with America. As a boy he left school at the age of thirteen to embark on a life of work—driving a milk wagon and serving as a hotel porter, a bricklayer, and a farm laborer before eventually finding his place in the world of literature. In *Always the Young Strangers*, Sandburg delivers a nostalgic view of small-town life around the turn of the twentieth century and an invaluable perspective on American history.

Positive Discipline: The First Three Years - Jane Nelsen, Ed.D.
2007-03-27

Make a Difference During the Most Important Years of Your Child's Life
The months leading up to the birth of a child are filled with joy, dreams, plans—and a few worries. As a caring parent, you want to start your child out in life on the proper foundation. But where do you go for the answers to such questions as: How do I communicate with an infant who doesn't understand words? How can I effectively teach boundaries to my toddler? Should I ever spank my child? Over the years, millions of parents just like you have come to trust Jane Nelsen's classic *Positive Discipline* series. These books offer a commonsense approach to child-rearing that so often is lacking in today's world. In *Positive Discipline: The First Three Years*, you'll learn how to use kind but firm support to

raise a child who is both capable and confident. You'll find practical solutions and solid advice on how to: ·Encourage independence and exploration while providing appropriate boundaries ·Use non-punitive methods to instill valuable social skills and positive behavior inside and outside the home ·Recognize when your child is ready to master the challenges of sleeping, eating, and potty training, and how to avoid the power struggles that often come with those lessons ·Identify your child's temperament ·Understand what the latest research in brain development tells us about raising healthy children ·And much, much more!

Containing real-life examples of challenges other parents and caregivers have faced, *Positive Discipline: The First Three Years* is the one book that no parent should be without.

Mommy, I'm a Girl! - Tasha Kuxhausen 2023-09-19

"What I want people to understand is that being transgender is not a choice." Tasha Kuxhausen's son was just three years old the first time he said, "Mommy, I'm a girl!" When Tasha Kuxhausen heard those words, she knew in her heart it was time to embrace a reality her mind had been unwilling to accept. Charlie's obsession with all things female wasn't a phase; he wasn't confused; he wasn't gay. Although born with male anatomy, Charlie's brain and heart were that of a girl. And he knew it by the time he was three years old. Told from the very personal perspective of a loving mother torn between social constructs and her son's gender nonconforming behavior, *Mommy, I'm a Girl!* Takes readers inside the mind of a parent coming to terms with raising a transgender child. Kuxhausen candidly and poignantly traces the highs, the lows, and the missteps during the first seven years of her now daughter Elsa's journey, from fleeting moments of calm when Charlie would do something stereotypically "boyish," to Tasha's growing anxiety when Charlie's declarations that he was female grew more frequent. She chronicles key moments like telling teachers, other parents, friends, and family members. In following her child's lead, Kuxhausen found acceptance. This is the story of how her daughter's life changed her own, and she hopes it brings clarity to others.

My First Snow of Winter - Bhawna 2021-04-07

"How do you fall in love with someone? How do you feel when it happens? Do you smile whole day or do you realise that there is a beatbox inside you which plays the sweet songs whenever you see the one? For me it was just like a fairytale... I know most of us do not believe in magic, but I do...love is so magical when it happens with the right person, when it builds slowly, when it makes everything disappear except the love itself! But... I do have fear, I have fear that what if one day...my love story won't have a happy ending? What if I have to see it going away and disappearing in front of my eyes? What if I'd never get the chance to see the snowfall of my love? What if my wait...stays forever?"

American Thresherman - 1907

I Have a Story to Tell You - Seemah C. Berson 2010-08-04

I Have a Story to Tell You is about Eastern European Jewish immigrants living in Montreal, Toronto, and Winnipeg in the early twentieth century. The stories encompass their travels and travails on leaving home and their struggles in the sweatshops and factories of the garment industry in Canada. Basing her work on extensive interviews, Seemah Berson recreates these immigrants' stories about their lives in the Old Country and the hardship of finding work in Canada, and she tells how many of these newcomers ended up in the needle trades. Revealing a fervent sense of socialist ideology acquired in the crucible of the Russian Revolution, the stories tell of the influence of Jewish culture and traditions, of personal-and organized-fights against exploitation, and of struggles to establish unions for better working conditions. This book is a

wonderful resource for teachers of Canadian, Jewish, and social history, as well as auto/biography and cultural studies. The simplicity of the language, transcribed from oral reports, makes this work accessible to anyone who enjoys a good story.
