Doing Shakespeare - Simon Palfrey 2014-10-25

A thoroughly revised edition of the successful student text *Doing Shakespeare*, first published in 2005. The book's success lies in the close readings it gives students, demystifying the language of the plays and critical approaches to it. The new edition introduces a new way of approaching Shakespeare's text, through ideas of performance and the actor's role and restructures the content to make it easier to navigate. Simon Palfrey takes a direct approach to the common difficulties faced by students "doing" Shakespeare and tackles them head on in a no-nonsense style which makes the book especially accessible. He brings us much closer to the animate life of the plays, as things that are not finished monuments but living material, in process and up for grabs, empowering students to see opportunities for their own creative or re-creative readings of Shakespeare.

Power, Sex, Suicide - Nick Lane 2006

The outcome is a new insight into the nature of life itself.

Wild Tongues - Rita E. Urquijo-Ruiz 2012-07-01

Tracing the configuration of the slapstick, destitute Peladita/Peladito and the Pachuca/Pachuco (depicted in flashy zoot suits) from 1928 to 2004, *Wild Tongues* is an ambitious, extensive examination of social order in Mexican and Chicana/o cultural productions in literature, theater, film, music, and performance art. From the use of the Peladita and the Peladito as stock characters who criticized various aspects of the Mexican government in the 1920s and 1930s to contemporary

performance art by María Elena Gaitán and Dan Guerrero, which yields a feminist and queer-studies interpretation, Rita Urquijo-Ruiz emphasizes the transnational capitalism at play in these comic voices. Her study encompasses both sides of the border, including the use of the Pachuca and the Pachuco as anti-establishment, marginal figures in the United States. The result is a historically grounded, interdisciplinary approach that reimagines the limitations of nation-centered thinking and reading. Beginning with Daniel Venegas's 1928 novel, *Las aventuras de don Chipote o Cuando los pericos mamen*, Rita Urquijo-Ruiz's *Wild Tongues* demonstrates early uses of the *Peladito* to call attention to the brutal physical demands placed on the undocumented Mexican laborer. It explores *Teatro de Carpa* (tent theater) in-depth as well, bringing to light the experience of Mexican *Peladita* Amelia Wilhelmy, whose "La Willy" was famous for portraying a cross-dressing male soldier who criticizes the failed Revolution. In numerous other explorations such as these, the political, economic, and social power of creativity continually takes center stage.

Of Pumps and Circumstance - Kevin Curry 2006-06

Joey is a 21-year-old, slow talking, long-haired, muscled, gay man from East Texas. Sean is a 19-year-old, over-analytical, Young Republican, closeted homosexual from West Texas. East meets West when both men attend a Christian university. Lust and love soon follow, while Joey reluctantly introduces Sean to "the lifestyle," forcing Sean to face new levels of questioning and introspection. Sean chronicles their relationship (which runs concurrently with the first decade of the AIDS crisis) and introduces a cast of other square pegs, all circumnavigating the mythical round hole. Part love story, part expose, part psychological treatise, *Of Pumps and Circumstance* is a humorous, erotic and sometimes tragic tale of the search for love, truth and self-worth. Kevin Curry is a Texas native and graduate of Baylor University. At the time of publication, he and husband Michael Marietti reside in Minneapolis, Minnesota. This is his first novel.

athletes challenge and transgress societal perceptions of what is humanly possible to achieve, in terms of physical training and bodily development/performance. Surfing South Africa - Steve Pike 2007

A follow-up to the classic "Surfing in South Africa", this is a new book, completely revised and updated. Written by Spike (Steve Pike), founder of the cult surfing website Wavescape.co.za, it comprises chapters on history, big waves, spots, culture, travel, oceanography, sharks (including a timeline of shark attacks) and a hilarious 'Surfrican' slang glossary. The book is illustrated with 180 graphics, cartoons and photographs. You will find quirky descriptions of surf spots along almost 3,000 km of coast (watch out for the razor-toothed tortoise), a photo essay of surfing personalities by acclaimed photographer Harry de Zitter, as well as colourful journalism from top writers covering subjects connected to the surfing lifestyle. The full-colour book, which is 110 pages bigger than the previous book, is an indispensable resource. Images come from top South African photographers, such as Barry Tuck, Tom Peschak, Michael Dei-Cont, Andy Mason, Lance Slabbert, Brenton Geach, and Pierre Marqua. The contributors of words added spice to an eclectic mix of culture and science. An original piece by Paul Botha forms

the backbone to a much-expanded history chapter. Tom Peschak adds gravitas to issues around sharks and conservation. The brave life of John Whitmore is poignantly remembered by Tony Heard. Ross Frylinck gives gritty insights into the forlorn splendour of the Diamond Coast. Tongue in cheek, Gideon Malherbe uncovers our surfing addiction. Henri du Plessis provides a profile of a committed exponent of that addiction. Tony Weaver eloquently tackles the challenge of sharing the sea with sharks. Ben Trovato romps through issues around surfing evolution and lifeguards in skimpy Speedos.

Power, Sex, Suicide - Nick Lane 2005-10-13

Mitochondria are tiny structures located inside our cells that carry out the essential task of producing energy for the cell. They are found in all complex living things, and in that sense, they are fundamental for driving complex life on the planet. But there is much more to them than that. Mitochondria have their own DNA, with their own small collection of genes, separate from those in the cell nucleus. It is thought that they were once bacteria living independent lives. Their enslavement within the larger cell was a turning point in the evolution of life, enabling the development of complex organisms and, closely related, the origin of two sexes. Unlike the DNA in the nucleus, mitochondrial DNA is passed down exclusively (or almost exclusively) via the female line. That's why it has been used by some researchers to trace human ancestry daughter-to-mother, to 'Mitochondrial Eve'. Mitochondria give us important information about our evolutionary history. And that's not all.

Mitochondrial genes mutate much faster than those in the nucleus because of the free radicals produced in their energy-generating role. This high mutation rate lies behind our ageing and certain congenital diseases. The latest research suggests that mitochondria play a key role in degenerative diseases such as cancer, through their involvement in precipitating cell suicide. Mitochondria, then, are pivotal in power, sex, and suicide. In this fascinating and thought-provoking book, Nick Lane brings together the latest research findings in this exciting field to show how our growing understanding of mitochondria is shedding light on how complex life evolved, why sex arose (why don't we just bud?), and why

we age and die. This understanding is of fundamental importance, both in understanding how we and all other complex life came to be, but also in order to be able to control our own illnesses, and delay our degeneration and death. 'An extraordinary account of groundbreaking modern science... The book abounds with interesting and important ideas.' Mark Ridley, Department of Zoology, University of Oxford

Pump While You Hump - Seth Holman 2019-07-15

The sole purpose of this book is to help you increase your penis size both in length and girth. Most men become insecure with their penile size after a series of disappointing sex, intercourse with multiple partners or after too much porn, it's merely as a result of comparison with other men. The workout, dieting and recipe suggestions in this booklet are designed to help you achieve a healthy and strong body along with even a healthier and stronger sexual drive and penis. Every penis comes in different sizes and shapes; slightly bent, twisted, long, huge and finally short. The anxiety men feel about penis size simply causes far too much misery in this world. They say it's not the size that matters but how well you touch the walls of her vaginal lining, small penis isn't bad penis. Now imagine If you could touch her lining without much effort... simply sliding down towards her cervical opening and she's already in heaven. If you've downloaded this manual because of size anxiety you will already have searched the internet and come across a bewildering array of statistics hoping to find out what is 'average'. If you penile length falls between 6.0" and 6.3" then you have a percentile of 40 - 50 percent meaning 50 - 60 percent of men have longer erections than you and 40 - 50 percent of men have shorter erections than you. If your penile girth falls between 4.9 inch and 5.1 inch then you have a percentile of 40 - 50 percent, meaning 50 - 60 percent of men have bigger erections than you and 40 - 60 percent of men have smaller erections than you. According to the penis size survey conducted in 2005, erections between 6.0 inch and 6.7 inch with girth ranging between 4.9 inch and 5.3 inch is considered as average.

The Sex Life of the Foot and Shoe - William A. Rossi 2023-08-18

First published in 1977, *The Sex Life of the Foot and Shoe* examines the

realities of foot and shoe eroticism practised by almost all of us, whether consciously or unconsciously. Provocative often witty and always original, the book takes us on a walking tour through history: from Chinese footbinding (completely sexual in intent) and the medieval poulaine (perhaps the most blatantly pornographic shoe ever worn) to the outrageous distortions of the foot gladly suffered by woman over the centuries in the cause of sexual allure. The author explores the obsession with 'sick' and 'tired' feet and the huge industry that has sprung up to cater to our negativism. He gives a psychosexual guide to us via footwear, grouping men's and women's shoes into such categories as sexy, sexless, neuter, bisexual, sensuous, peacock, masculine, eunuch and machismo. This book will be of interest to students of history, gender studies, sexuality studies and fashion.

Sexual Orientation and Human Rights - Laurence Thomas 2000-01-01
 What rights govern heterosexual and homosexual behaviors? Two distinguished philosophers debate this important issue in *Sexual Orientation and Human Rights*. Laurence M. Thomas argues that a society which has the constitutional resources to protect hate groups can protect homosexuals without valorizing the homosexual life-style. He defends the view that the Bible cannot warrant the venom that, in the name of religion, is often expressed against homosexuals. Michael E. Levin defends the unorthodox view that the aversion some people experience toward homosexuality deserves respect. He further argues that while homosexuals enjoy the same rights as others to be free of violence and discrimination, they do not have more extensive rights.

A Dictionary of Sexual Language and Imagery in Shakespearean and Stuart Literature - Gordon Williams 2001-09-13

Providing an alphabetical listing of sexual language and locution in 16th

and 17th-century English, this book draws especially on the more immediate literary modes: the theatre, broadside ballads, newsbooks and pamphlets. The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings; and more broadly, to chart, through illustrative quotation, shifting and recurrent linguistic patterns. Linguistic habit is closely bound up with the ideas and assumptions of a period, and the figurative language of sexuality across this period is highly illuminating of socio-cultural change as well as linguistic development. Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden.
