Searching for Stars Geoffrey Macnab 2000-01-30 Explores the reasons behind British cinema's failure to create its own stars. The text looks at the way theatre and music hall spawned their stars, and asks why so many of them found the transition to film so awkward. It compares the British star system with that of Hollywood. What sort of contracts were British stars offered? How much were they paid? Who dealt with their publicity? How did British fans regard them? There are essays on key figures (Novello, Fields, Formby, Dors, Bogarde, Mason, Matthews), and assessment of how British stars fared in Hollywood, an analysis of the effects of class and regional prejudice on attempts at British star-making, and a survey of the British comedy tradition, and some of the questions about how genre affected the star system.

**Joan of Arc** J. A. Sargent 2022-07-20 'Joan of Arc' is a play in five acts written by a female playwright, Jane Alice Sargent. It is inspired by the life of Joan of Arc, a heroine of France for her role in the siege of Orléans and the coronation of Charles VII of France during the Hundred Years' War against England. After successfully leading several French military actions, she was captured, handed over to English authorities, convicted as a heretic, and burnt at the stake in 1431.

**Watching the English** Kate Fox 2005-04-11 In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

*Romancing the Novel* Margaret Bruzelius 2007 *Romancing the Novel* examines the ways in which romance forms characteristic of boys' books - as exemplified in the novels of Scott, Dumas, Verne, and Stevenson - influence narratives not generally put in the same category - both psychoanalytical accounts of the psyche and novels by authors as diverse as George Eliot, Ursula Le Guin, Joseph Conrad, and W. G. Sebald. Adventure has been most recently studied largely as a symptom of imperialism's ideological apparatus. But as an intensely familiar story available from the earliest reading, adventure conditions the narratable - its influence is felt from the nursery bed to the analyst's couch. By reading Maurice Sendak with Melanie Klein and Peter Rabbit with Daniel Deronda, *Romancing the Novel* argues that the power

and depth of the generic constraints of the adventure form have not been recognized simply because they are so ubiquitous. Adventure fiction is not merely summer reading whose ephemeral effects dissipate, but rather a pervasive code that exerts powerful effects on the imaginable.

**The Left Hand Of Darkness** Ursula K. Le Guin 2012-12-06

Winter is an Earth-like planet with two major differences: conditions are semi arctic even at the warmest time of the year, and the inhabitants are all of the same sex. Tucked away in a remote corner of the universe, they have no knowledge of space travel or of life beyond their own world. And when a strange envoy from space brings news of a vast coalition of planets which they are invited to join, he is met with fear, mistrust and disbelief . . . 'The Left Hand of Darkness' is a groundbreaking work of feminist science fiction, an imaginative masterpiece which poses challenging questions about sexuality, sexism and the organisation of society.

*Rescuing Rayne: A Military Romantic Suspense* Susan Stoker

2016-02-09 A single night of romance in London was all either could commit to. Fate and love demanded more...much more. As a flight attendant, Rayne Jackson is used to cancellations, but she never dreamed her latest would lead to a whirlwind tour of London with a handsome stranger...or a life-altering night in his bed. One evening is all the enigmatic man can give her, and Rayne greedily takes it, despite suspecting it will never be enough. Heading home after another extreme mission, Keane "Ghost" Bryson hadn't planned to seduce someone during his layover, but Rayne is too sweet to resist. Being a Delta Force member means lying to protect his identity, which is unfortunate, considering Rayne seems made for Ghost, right down to the tattoo on her back. For the first time in his life, regret fills him as he slips away the following morning. Both are shocked when, months later, they meet again—under the worst possible

circumstances. Seems fate has given them a second chance...if they can survive the terrorist situation they're in. If Rayne can forgive Ghost his lies. And if Ghost can trust Rayne to be strong enough to endure the secrets and uncertainty that come with loving a Delta Force soldier. \*\* Rescuing Rayne is the 1st book in the Delta Force Heroes Series. Heroes and Scoundrels Matthew C. Ehrlich 2015-03-15 Whether it's the rule-defying lifer, the sharp-witted female newshound, or

the irascible editor in chief, journalists in popular culture have shaped our views of the press and its role in a free society since mass culture arose over a century ago. Drawing on portrayals of journalists in television, film, radio, novels, comics, plays, and other media, Matthew C. Ehrlich and Joe Saltzman survey how popular media has depicted the profession across time. Their creative use of media artifacts provides thought-provoking forays into such fundamental issues as how pop culture mythologizes and demythologizes key events in journalism history and how it confronts issues of race, gender, and sexual orientation on the job. From *Network* to *The Wire*, from Lois Lane to Mikael Blomkvist, *Heroes and Scoundrels* reveals how portrayals of journalism's relationship to history, professionalism, power, image, and war influence our thinking and the very practice of democracy.

[Sex and Eroticism in Mesopotamian Literature](#) Dr Gwendolyn Leick 2013-01-11 *Sex and Eroticism in Mesopotamian Literature* is a new contribution to current debates about sex and eroticism. It gives an insight into Mesopotamian attitudes to sexuality by examining the oldest preserved written evidence on the subject - the Sumero-Akkadian cuneiform sources - which were written between the 21st and the 5th centuries B.C. Using these long-neglected and often astonishing data, Gwendolyn Leick is able to analyse Mesopotamian views of prostitution, love magic and deviant sexual behaviour as well as more general issues of sexuality and gender. This fascinating book sheds light on the sexual culture of one of the earliest literate civilisations.

Carnosaur Harry Adam Knight 2022-09-06 It stood over six feet tall and was the color of dried blood. It was absurdly reminiscent of some giant plucked bird, like an ostrich-but it had the head of a reptile. The partly opened mouth revealed rows of curved, pointed teeth. It was a walking impossibility-a creature that had died out sixty-five million years ago-but it was alive. And it wasn't the only one. In a sleepy rural town, one man's dream had become everyone else's nightmare-and dinosaurs once more roamed the earth. First published in 1984, six years before Michael Crichton's Jurassic Park, Harry Adam Knight's Carnosaur

is a gory dinosaur-filled romp sure to delight fans of '80s paperback horror fiction.

Mars won't let his child be cast adrift, except he doesn't know the first thing about babies. Panicking, he turns to a woman for help. Not just any woman, but Clarissa Taylor, village spinster, matron-in-training, and Mars's greatest critic. Still, who better to tend a motherless child than a woman who was abandoned as a babe herself? Lesson #2: Life always plays the upper hand—especially when it comes to love. Clarissa desperately wishes to not to be beholden to anyone. She has spent a lifetime being pitied by the village. Her plan is simple—to use what the intolerable earl will pay her to become her own woman. It all sounds so straightforward until the threat of scandal sends her and the one man she can't abide toward . . . marriage? Mars and Clarissa are about to learn the greatest lesson of all—that sparks always fly when the iron is hot.

It's 1994 and a gang of good-hearted young people set off in a Ford Transit van armed with several sacks of rice and a half-written play. Their aim is to light a beacon of peace across the Balkans and, very probably, stop the war. Andrew would love to stop the war. But what he'd also love to do - perhaps even more than stop the war - is sleep with Penny. Does Penny like him though? Or does she love Simon, Andrew's rival, an irritatingly authentic Geordie poet? Or Shannon, the fierce, inspiring American leader of the troupe? And how will this all play out in a war-zone where all the rules

have been abandoned? 'Original, unabashed and irresistibly funny' Guardian
