Sanditon Jane Austen 2022-09-15 Sanditon (1817) is an unfinished novel by the English writer Jane Austen. The novel centers on Charlotte Heywood, the eldest of the daughters still at home in the large family of a country gentleman from Willingdon, Sussex. Upon arrival in Sanditon, Charlotte meets the colorful and largely female inhabitants of the town. Excerpt: "My name perhaps... may be unknown at this distance from the coast - but Sanditon itself - everybody has heard of Sanditon, - the favorite - for a young and rising bathing-place, certainly the favorite spot of all that are to be found along the coast of Sussex; - the most favored by nature, and promising to be the most chosen by man."

Titus Groan Mervyn Peake 2011-08-12 The brilliant first novel in the legendary gothic fantasy trilogy As the first novel opens, Titus, heir to Lord Sepulchrove, has just been born: he stands to inherit the miles of rambling stone and mortar that stand for Gormenghast Castle. Inside, all events are predetermined by a complex ritual, lost in history, understood only by Sourdust, Lord of the Library. There are tears and strange laughter; fierce births and deaths beneath umbrageous ceilings; dreams and violence and disenchantment contained within a labyrinth of stone. As the ruling family grows, deep in the cavernous kitchens the ambitious scullery boy Steerpike plots his ascent, determined to subvert the archaic order and bring revolution to the ancient stasis of Gormenghast.

A Vindication of the Rights of Woman Mary Wollstonecraft 2022-10-14 Writing in an age when the call for the rights of man had brought revolution to America and France, Mary Wollstonecraft produced her own declaration of female independence in 1792. Passionate and forthright, A Vindication of the Rights of Woman attacked the prevailing view of docile, decorative femininity, and instead laid out the principles of emancipation: an equal education for girls and boys, an end to prejudice, and for women to become defined by their profession, not their partner. Mary Wollstonecraft's work was received with a mixture of admiration and outrage. Hugh Walpole called her "a hyena in petticoats." Yet it established her as the mother of modern feminism.

A Passionate Apprentice Virginia Woolf 2018-07-19 A Passionate Apprentice comprises the first years of Virginia Woolf's Journal - from 1879 to 1909. Beginning in early January, when Woolf was almost fifteen, the pages open at a time when she was slowly recovering from a period of madness following her mother's death in May 1895. Between this January and the autumn of 1904, Woolf would suffer the deaths of her half-sister and of her father, and survive a summer of madness and suicidal depression. Behind the loss and confusion, however, and always near the surface of her writing is a constructive force at work - a powerful impulse towards health. It was an urge, through writing, to bring order and continuity out of chaos. Putting things into words and giving them deliberate expression had the effect of restoring reality to much that might otherwise have remained insubstantial. This early chronicle represents the beginning of the future Virginia Woolf's apprenticeship as a novelist. These pages show that rare instance when a writer of great importance leaves behind not only the actual documents of an apprenticeship, but also a biographical record of that

momentous period as well. In Woolf's words, 'Here is a volume of fairly acute life (the first really lived year of my life).'

The Swan Diptych Ian Thomson 2015-12-01 The Swan Diptych A diptych is a painting or carving (often an altarpiece) on two panels, hinged like a book. The two stories in The Swan Diptych are likewise hinged, sometimes obviously, sometimes more subtly. Both depict the consequences of the folly and overweening pride of those who are clothed in 'a little brief authority'. In the year 1387, King Richard II visits the thriving cathedral city of Lincoln and presents a ceremonial sword to the Mayor. There is a local legend that if the swans ever leave the pool at the foot of the steep hill where

the cathedral stands, the building will fall. During the celebrations the Dean believes himself to be insulted by one of the swans and vows to avenge himself. How the Dean Angered the Swans is a fable which exposes the arrogance of man and his refusal to recognise his proper place in a world which is in his custody. The Patronal Feast is set in St Stephen's College, Cambridge, in Tudor times. During the annual feast in honour of the saint's name, members of the college are permitted to eat roast swan by an edict of Richard II called the King's Writ, which is read out as the dish is served. Before the night is over, a macabre ritual murder is discovered, the Writ has disappeared, and a kitchen boy has been abducted. Paolo Giovio, internationally renowned scholar, and friend of Erasmus, is sent for. He uncovers a dark train of events, involving men of power and high station. This is a tale of ambition and betrayal over three turbulent decades. Ian Thomson is the author of *The Mouse Triptych*. He was educated at Downing College, Cambridge and lives in Lincoln.

Wuthering Heights Emily Bronte 2020-09-28 Wuthering Heights is the name of Mr. Heathcliff's dwelling. Wuthering being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to

build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here the house pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

Come As You Are: Revised and Updated Emily Nagoski 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

[De]constructing Identities in/through Sex Education Anna Zoë Steininger 2023-11-22 Bachelor Thesis from the year 2023 in the subject English Language and Literature Studies - Other, grade: 1,0, University of Cologne (Philosophische Fakultät), language: English, abstract: When the British comedy-drama series *Sex Education* debuted on Netflix in 2020 (with three further seasons following in 2020, 2021 and 2023), screenwriter Laurie Nunn's show was welcomed by critics and audiences alike as an innovative addition to the often rather formulaic canon of cinematic teen narratives. This paper will investigate on various levels what role the eponymous [Sex-]Education plays in the series. Education is part and parcel of *Sex Education*. While telling a story that focuses on the lives of students, parents and teachers of Moordale Secondary School, including [sex-]educational matters in the plot, the show clearly has its own didactics to eventually educate its spectators. On the one hand, conventional educational systems, and mechanisms of socialization such as school, therapy, family, and popular culture are part of the plot, which makes visible the kind of influence these might have on adolescent identity formation. On the other hand, common educational structures are taken and playfully

converted. Also, well-known educational hierarchies are mentioned, are deconstructed, and finally re-emerge, their original order reversed. The spectator is presented with the question "Who educates who?". Normative, conventional forms of relation are often dissolved and new forms of companionship or even kinship are established. The series subjects its protagonists as well as its spectators to dichotomies such as direct/indirect education and conscious/unconscious education and it mirrors the different ways in which education can affect and [de-]construct identity. The series investigates the relation between power and knowledge, ultimately obtained through education, it negotiates questions regarding the place and the way in which people receive and share education and it reveals how ideologies are imparted and how they direct a certain discourse. For my analysis of how Sex Education/[Sex-]Education [de-]constructs identities, educational systems and institutions, uncommon educational structures and the development of the characters and their relations within the diegesis and on a metatextual level, the series' didactics will be considered. Recourses to conceptual works by Judith Butler, Kimberley Crenshaw, Donna Haraway, Louis Althusser, and Timothy Shary will be mobilized to conceptualize the manifold role education plays in this show.

Competing Masculinities in the British Netflix Series "Sex Education" Lea-Christin Klaas 2023-11-13 Seminar paper from the year 2020 in the subject Gender Studies, grade: 2,0, University of Dortmund (Institut für Anglistik und Amerikanistik), course: British Proseminar, language: English, abstract: This paper deals with the competing masculinities in the British Netflix series "Sex Education". Especially the characters Otis Milburn, Adam Groff and Eric Effiong are taken into consideration. Otis is the typical lovable goof, whereas Adam is more likely to fulfill the stereotype of being a "real man", because of his tendency of being violent. It turns out that Adam's aggression is caused by him being insecure. Eric is also especially interesting to look at, since he serves several contrary stereotypes. He is a black, homosexual young male that is raised as a second generation immigrant in a traditionally catholic household and is often confronted with homophobia and racism. Eric turns out to be a modern gentleman. Each character's typical behavior patterns will be described and clarified by examples and interpreted in the context of masculinities.

A Room of One's Own Virginia Woolf 2017-10-19 In this extraordinary essay, Virginia Woolf examines the limitations of womanhood in the early twentieth century. With the startling prose and poetic licence of a novelist, she makes a bid for freedom, emphasizing that the lack of an independent income, and the titular 'room of one's own', prevents most women from reaching their full literary potential.

Anger is an Energy: My Life Uncensored John Lydon 2014-10-09 John Lydon has secured prime position as one of the most recognizable icons in the annals of music history. As Johnny Rotten, he was the lead singer of the Sex Pistols - the world's most notorious band, who shot to fame in the mid-1970s with singles such as 'Anarchy in the UK' and 'God Save the Queen'. So revolutionary was his influence, he was even discussed in the Houses of Parliament, under the Traitors and Treasons Act, which still carries the death penalty. Via his music and invective he spearheaded a generation of young people across the world who were clamouring for change - and found it in the style and attitude of this most unlikely figurehead. With his next band, Public Image Ltd (PiL) Lydon expressed an equally urgent impulse in his make-up - the constant need to reinvent himself, to keep moving. From their beginnings in 1978 he set the groundbreaking template for a band that continues to challenge and thrive in the 2010s. He also found time for making innovative new dance records with the likes of Afrika Baambaata and Leftfield. Following the release of a solo record in 1997, John took a sabbatical from his music career into other media, most memorably his own Rotten TV show for VH1 and as the most outrageous contestant ever on I'm a Celebrity.... Get Me Out of Here! He then fronted the Megabugsseries and one-off nature documentaries and even turned his hand to a series of much loved TV advertisements for Country Life butter. Lydon has remained a compelling and dynamic figure - both as a musician, and, thanks to his outspoken, controversial, yet always heartfelt and honest statements, as a cultural commentator.
