

Sex Questions Most Likely

Pornography, Sex Work, and Hate Speech - Karen J.

Maschke 1997

Multidisciplinary focus

Surveying many disciplines, this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States. The themes addressed include the historical, political, and social contexts of legal issues that have affected women's struggles to obtain equal treatment under the law. The articles are drawn from journals in law, political science, history, women's studies, philosophy, and education and represent some of the most interesting writing on the subject. The law in theory and practice Many of the articles bring race, social, and economic factors into their analyses, observing, for

example, that black women, poor women, and single mothers are treated by the wielders of the power of the law differently than middle class white women. Other topics covered include the evolution of women's legal status, reproduction rights, sexuality and family issues, equal employment and educational opportunities, domestic violence, pornography and sexual exploitation, hate speech, and feminist legal thought. A valuable research and classroom aid, this series provides in-depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women.

How and When to Tell Your Kids about Sex - Stan Jones

2019-08-06

One Million Copies Sold in

Series! Christian Book Award: ECPA Medallion of Excellence Stan and Brenna Jones help parents establish a biblical view of sexuality in their homes. Building on a biblical foundation, they discuss how to talk with your children about sexual issues and when it's appropriate to tell them what. With stark honesty and practical suggestions, they address Building a Christian understanding of sex and sexuality Developing a healthy dialogue with children about sexuality How and when to explain sexual intercourse Preparing for the physical changes of puberty Preparing for dating: dealing with romance and sexual attraction Encouraging a commitment to chastity What to do if you're getting a late start telling your kids about sex Now revised and updated with helpful material on the dangers of pornography, sexual orientation, and gender identity.

Behavioral Science - Barbara Fadem 2000

Designed for medical students preparing for USMLE Step 1,

FLEX, and course exams. Designed to help you recall and review important information. The content immediately focuses on Board-tested material and drastically reduces the time you spend reviewing.

The Sex Radicals - Hal D. Sears 2021-10-29

This volume provides the first account of the pioneering efforts at sex reform in America from the Gilded Age to the Progressive era. Despite the atmosphere of extreme prudery and the existence of the Comstock laws after the Civil War, a group of radicals emerged to attack conventional beliefs about sex, from traditional marriage to women's chattel status in society. These men and women had in common a direct, unrespectable, iconoclastic style. They put forth outrageous journalism and had a penchant for martyrdom and for using the courts to publicize their ideologies. From rare and generally unknown sources, Hal D. Sears pieced together the story of the sex

legacy.opendemocracy.net
on 2023-04-04 by guest*

radicals and their surprising ideas. Moses Harman, a minister turned abolitionist and freethinker, is a central figure in the narrative. His *Lucifer, the Light Bearer*, the only journal of sexual liberty published from the early 1880s to 1907, was dedicated to free love, sex education, women's rights, and related causes. To a great degree Harman's publication defines the limits of social dissent in the late nineteenth century. Other members of the sex radical circle included E. B. Foote, a medical doctor who made a fortune with a home medical book crammed with sex information; Edwin Walker and Lillian Harman, who became a cause célèbre among radicals when their jailhouse honeymoon in Kansas challenged the right of the state to regulate marriage; Elmina Slenker, who promoted a theory of sexual energy sublimation and the idea that women were the superior sex; and Lois Waisbrooker, Dora Forster, Lillie White, and other feminists who, almost a century

ago, taught and preached the very ideas we hear today in the women's movement. Of course, all these people got into trouble with the law, mostly through the machinations of their archvillain, Anthony Comstock. Sears examines Comstock's powers of postal censorship and describes Comstock's personal vendettas against sexual dissenters, particularly the free love philosopher Ezra Heywood. He gives a legal history of obscenity and explains the sex radicals' significance in the emergence of obscenity law. Although the sex radicals attest the important reform vitality of provincial culture in late nineteenth-century America, until now they have been almost ignored by historians. Those who have studied sex radicalism at all, apart from its communitarian and sectarian aspects, have viewed it merely as a subsidiary of the more respectable feminist movement. In this book Sears gives careful consideration to the links between sex radicalism and spiritualism,

feminism, anticlericalism, anarchism, and the free-thought movement. He presents sex radicalism as a separate and unique movement which illuminates new reaches of the Victorian landscape and establishes a tradition for present-day liberation trends.

Comprehensive Analysis on Human Sexuality -

Sex Offenders - Arjan A. J. Blokland 2015-09-08

An authoritative and in-depth treatment of the latest research into the criminal careers of sex offenders, providing background and investigating the policies used to combat one of society's most intractable public issues.

Features chapters based on original research from the most prominent scholars in the field of sex offender and criminal career research Deals with the entire criminal careers of sex offenders from youth to adulthood Illustrates the significance of the criminal career approach for theory, treatment, research, and policy regarding sex offenders Covers

a wider breadth of topics than existing texts and uses data from various studies and countries, including the U.S., Canada, the U.K., and the Netherlands Features an introductory chapter charting the origins of the criminal career perspective as well as the history of sex offender research, pinpointing the most important research questions and current debates in both fields

The Handbook of Sexuality in Close Relationships - John H. Harvey 2004-04-26

Although sexuality is an integral part of close romantic relationships, research linking these two constructs is to some extent under developed. The editors' goal is to integrate this research into one volume with the hope that the book will serve as a forum for enhancement of dialogue about the centrality of sexual issues in close relationships.

Handbook of Adolescent Psychology - Richard M. Lerner 2004-05-10

The study of adolescence in the field of psychology has grown

tremendously over the last two decades, necessitating a comprehensive and up-to-date revision of this seminal work. This multidisciplinary handbook, edited by the premier scholars in the field, Richard Lerner and Laurence Steinberg, and with contributions from the leading researchers, reflects the latest empirical work and growth in the field.

The Oxford Handbook of Sex Offences and Sex Offenders - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

Epidemiology of Women's Health - Ruby T. Senie 2014

With contributions from leading authorities in the field,

this text explores the major health challenges & conditions that specifically affect women.

GRE Verbal Reasoning Supreme: Study Guide with Practice Questions - Vibrant Publishers 2021-12-18

- 695 GRE prep questions • Three complete practice Verbal tests • Detailed overview of GRE Verbal Reasoning section • Indispensable guidelines and advice • Dozens of handy tips and tricks

If you've been searching for that perfect, all-in-one prep solution for the GRE Verbal Reasoning section, the search is over. The GRE Verbal Reasoning Supreme: Study Guide with Practice Questions delivers proven methods to master every question style, plus over 575 GRE prep questions and 3 complete practice Verbal tests. Just like the real GRE Verbal section, questions cover the physical sciences, biological sciences, arts, business, and more. All answers include thorough, supported reasoning so you'll be ready to master the GRE. Aim high! GRE Verbal Reasoning Supreme: Study

Guide with Practice Questions gives you the knowledge and confidence to come out on top.

- 695 practice questions to prepare for every possibility in the GRE Verbal section
- Elaborate answers for the strategies you need
- Three full-length practice Verbal tests

About Test Prep Series The focus of the Test Prep Series is to make test preparation streamlined and fruitful for competitive exam aspirants. Students preparing for the entrance exams now have access to the most comprehensive series of prep guides for GRE, GMAT and SAT preparation. All the books in this series are thoroughly researched, frequently updated, and packed with relevant content that has been prepared by authors with more than a decade of experience in the field.

The 25 Most Asked Question about Sex - Carole Marsh
2001-01-01

Provides information on sexuality and sexually transmitted diseases, including AIDS, and the advantages, both

physical and emotional, of abstinence until adulthood.

Sexual Offending - Amy Phenix 2015-12-07

This expert reference provides a broad, comprehensive review of the major domains of sexual offending. Beginning with an integrated etiological model of sexual offending, chapters follow addressing the primary predisposing conditions related to sexual offending (e.g. pedophilic, hebephilic, paraphilic rape and non-contact paraphilic disorders, hyper sexuality and personality factors). In addition, special subgroups of sexual offenders (females, youth and the intellectually disable) are considered. Both broad and specific perspectives on the assessment of sexual offenders are provided. Overviews are offered of clinical and forensic evaluations of such offenders and the utility of structured psychological assessment. A novel conceptual model of risk assessment is proposed. More specifically, each of the primary approaches or instruments related to risk

on 2023-04-04 by guest

assessment of sexual offending are addressed: the Static risk assessment measures, the Sex Offender Risk Appraisal Guide, structured professional judgment, and the varied measures of dynamic or criminogenic needs assessment. Finally, multiple aspects of management of sexual offenders are discussed including models of psychosocial treatment, the question of the effectiveness of such treatment, biological interventions, civil commitment, circles of support, and the containment approach to community management. Chapters are authored by both prominent experts and experienced professionals for a breadth of perspective. Among the topics covered: Pedophilic, Hebephilic, Rape Paraphilic Disorders and the variety of Non Contact sexual offending conditions Personality, related conditions, & their association with sexual offending: motivators and disinhibition in context. Disorders of hyper sexuality. Assessments of

sexual offenders, including the role of psychological testing, clinical & interview approaches, as well as forensic evaluations Conceptual models of risk assessment & discussion of specific static, dynamic & structured clinical risk assessment approaches Models of & reviews of treatment outcome with sexual offenders, including psychotherapy, psychopharmacology and castration, the containment approach, civil commitment & circles of support Overview of public policy issues & an evidence-based perspective on sex offender registration and residential restrictions. This breadth of material in Sexual Offenders will help practitioners gain multiple levels of clinical insight as well as giving them up-to-date practical tools and techniques for working with this problematic class of individuals.

Our book can also help in providing a comprehensive overview of important topics in each subject, making it easier for students to solve for the exams.

Guide To Protecting Your Teen Against Internet Predators - Rodney Alexander 2014-03-11

There were 13 emergent themes in this guide and those themes were; lack of parental support, anonymity on the Internet, teenage loneliness, social networking websites and chat rooms, teenage personality (introversive and extroversive), teenage rebellion, teenage need for relationships, instant gratification among teenagers, teenage low self-esteem, improved parental support, improved education, improved law enforcement and additional circumstances leading to the

teenage Internet sexual assault phenomenon.

Forbidden Fruit : Sex & Religion in the Lives of American Teenagers - Mark D. Regnerus Assocaite Professor of Sociology University of Texas at Austin 2007-02-05
Americans remain deeply ambivalent about teenage sexuality. Many presume that such uneasiness is rooted in religion. But how exactly does religion contribute to the formation of teenagers' sexual values and actions? What difference, if any, does religion make in adolescents' sexual attitudes and behaviors? Are abstinence pledges effective? What does it mean to be "emotionally ready" for sex? Who expresses regrets about their sexual activity and why? Tackling these and other questions, *Forbidden Fruit* tells the definitive story of the sexual values and practices of American teenagers, paying particular attention to how participating in organized religion shapes sexual decision-making. Merging analyses of three national surveys with

Downloaded from
legacy.opendemocracy.net
on 2023-04-04 by guest

stories drawn from interviews with over 250 teenagers across America, Mark Regnerus reviews how young people learn-and what they know-about sex from their parents, schools, peers and other sources. He examines what experiences teens profess to have had, and how they make sense of these experiences in light of their own identities as religious, moral, and responsible persons. Religion can and does matter, Regnerus finds, but religious claims are often swamped by other compelling sexual scripts. Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs. And strikingly, evangelical teens aren't less sexually active than their non-evangelical counterparts, they just tend to feel guiltier about it. In fact, Regnerus finds that few religious teens have internalized or are even able to

articulate the sexual ethic taught by their denominations. The only-and largely ineffective-sexual message most religious teens are getting is, "Don't do it until you're married." Ultimately, Regnerus concludes, religion may influence adolescent sexual behavior, but it rarely motivates sexual decision making.

Sexual Health in Recovery -
Douglas Braun-Harvey
2010-12-15

"The curriculum provides a vision for chemical dependency treatment I have attempted to address for many years. This looks like an approach that finally meets this need." --Eli Coleman, PhD, Director of the Program in Human Sexuality University of Minnesota The ideal of successful treatment is to maintain abstinence for the rest of the addict's life; yet few treatment programs meet this goal. For many men and women in recovery, sexual behavior linked with drug or alcohol use is the primary reason for relapse. A large number of addicts have sex/drug-linked patterns of combining drugs, such as crystal meth, cocaine, alcohol, and club drugs, with sexual relations. In recovery, they may be unprepared for the dual absence of drug use and sexual relations. Additionally many addicts have past histories of

sexual abuse. While great strides have been made in treating women and men suffering from addiction, their sexuality is too often marginalized. When sexuality is not directly and positively addressed in drug and alcohol treatment, it can contribute to treatment failure, relapse, and untold costs in the lives of addicts and their families. Sexual Health in Drug and Alcohol Treatment introduces a pioneering evidence-based curriculum, designed to integrate concepts of sexual health, current sex research, and recent developments in relapse prevention research. Complete with suggested group activities, guided discussions, role plays, and more, the program can reduce the risk of relapse and increase client retention for men and women with sex/drug linked addiction and alcoholism. This curriculum was created by drug and alcohol counselors, sexual health advocates, and psychological/sexological research specialists. Key Features: Helps women and
