

# Sexuality And The Christian Body Their Way Into The Triune God

## Elements of Christian Thought

- Eugene F. Rogers, Jr.

2021-05-25

In the spring of 2020, as the coronavirus pandemic disrupted classrooms around the world, teachers scrambled to convert their lectures and presentations into a format more conducive to online and distance learning. For Eugene Rogers, this meant transcribing as closely as possible the spoken lectures that have made his Introduction to Christian Thought course at UNC Greensboro, a course he has taught some forty times, justly famous. The result is this book: an insightful, winsome, and engaging introduction to the history of Christian thought by a teacher at the height of his craft. For Rogers, the history of

Christian thought is the story of a language--it's

"Christianese," if you will--that participants use to frame their agreements and their disagreements alike. From Anselm to Wyschogrod, Rogers introduces us to the most interesting speakers of Christianese and their importance, enabling us to both listen in on and take part in the living conversation about God's activity in and for our world.

*Exploring the Spiritual* - David R. Matteson 2011-03-17

Gain solid empirical findings to understand your own spiritual development To significantly impact clients' spirituality and use the spiritual strengths the client possesses to facilitate their move toward health, a

## Sexuality And The Christian Body Their Way Into The

Triune God

counselor must be willing to explore his or her own spiritual development. Exploring the Spiritual: Paths for Counselors and Psychotherapists provides cognitive information grounded in the empirical findings of social science, as well as experiential material which encourages the counselors' own spiritual quest. This invaluable source clarifies the interface between the counselor's spirituality and the client's, and allows the spiritual dimension to emerge appropriately in the counseling process. Exploring the Spiritual: Paths for Counselors and Psychotherapists provides challenging questions and exercises that lead the counselor or psychotherapist through a personal exploration to attain the maturity of development needed to facilitate the client's spiritual growth. The text, written in an accessible narrative style, features helpful case studies and personal anecdotes to illustrate the concepts and processes described. Each chapter includes an overview

of an issue, develops an argument or position, and presents a focused exploration of some relevant empirical research that is presented in a context that helps the reader see its personal implications. The final section leads the reader through exercises and experiments, helping them to focus on the counselor's own inner experience or encouraging the counselor to experiment with new behaviors. This insightful resource encourages the counselor to work directly with the client's spiritual experiences and conceptualizations without imposing on the client the beliefs of the counselor. Topics discussed in Exploring the Spiritual: Paths for Counselors and Psychotherapists include: models of spiritual development steps toward spiritual maturation the contribution of crises in belief and in values the physical-emotional self, and the contribution of passion and sexuality overcoming the divisiveness of age, race,

## Sexuality And The Christian Body Their Way Into The

Triune God

gender, sexual orientation, and culture coping with suffering discovering one's own paths to the spiritual Exploring the Spiritual: Paths for Counselors and Psychotherapists is a valuable resource for counselors, psychotherapists, counselor educators, and graduate students in psychology, counseling, psychotherapy, social work, and psychiatry.

### **The Morality of Adoption -**

Timothy Patrick Jackson 2005 The Religion, Marriage, and Family Series investigates marriage and family as major theological and cultural issues. Given that both society and the church have debated these topics intensely but have actually studied them very little, this series attempts to correct recent theological neglect of these important matters.

*God, Desire, and a Theology of Human Sexuality* - David H. Jensen 2013-01-01

This work of constructive theology examines human sexuality in light of Christian faith and doctrine. Jensen

~~moves beyond the hot-button~~ social debates about sexual orientation and sexual practices to look for healing. The seven chapters consider Scripture and sex; the connections between the triune, covenantal God and human sexuality; Christ's incarnation and resurrection as affirming the beauty of flesh; eschatology and sexual identity; the ramifications of the Lord's Supper for human sexuality; vocation and Christian callings to marriage, celibacy, and singleness; and sexual ethics.

Sexuality and the Christian Body - Eugene F. Rogers, Jr. 1999-08-25

God and the Body addresses the challenges to traditional Christianity by gay and lesbian Christians and their critics within the church. This controversial book will be welcomed for the radical new insights it provides into Christian arguments about the body.

*A Time to Embrace* - William Stacy Johnson 2012-06-30

In A Time to Embrace William

## Sexuality And The Christian Body Their Way Into The

Trine God

Stacy Johnson brilliantly analyzes the religious, legal, and political debates about gay marriage, civil unions, and committed gay couples. This new edition includes updates that reflect the many changes in laws pertaining to civil unions / same-sex marriage since 2006.

*After the Spirit* - Eugene F. Rogers 2006-01-28

In this title the author contends that whilst in classical Christian discourse, the Holy Spirit "pours out on all flesh", in modern theology and worship the Holy Spirit has tended to float free of bodies and that the result of such disembodiment, is that talk about the Spirit has become flat and uninspiring. The Eastern Christian tradition, by contrast, has usually linked the Holy Spirit with holy places, holy people, and holy things. Taking his cue from this tradition, Rogers locates the Spirit in the Gospel stories of the annunciation, Jesus' baptism, the transfiguration, and the resurrection. These stories offer illuminating

glimpses into both the Spirit's connection with the tangible world and the Spirit's distinctive place in relation to the other persons of the Trinity. "After the Spirit" weaves together patristic, medieval, Russian, and Syriac sources. Rogers's witty and passionate prose is illustrated by the inclusion of eight color plates.

*Dictionary of Scripture and Ethics* - Joel B. Green 2011-11-01

This one-stop reference book on the vital relationship between Scripture and ethics offers needed orientation and perspective for students, pastors, and scholars. Written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation, it is the best reference work available on the intersection of these two fields. The volume shows how Christian Scripture and Christian ethics are necessarily intertwined and offers up-to-date treatment of five hundred biblical, traditional, and contemporary topics, ranging

## Sexuality And The Christian Body Their Way Into The

Triune God

from adultery, bioethics, and Colossians to vegetarianism, work, and Zephaniah. The stellar ecumenical list of contributors consists of more than two hundred leading scholars from the fields of biblical studies and ethics, including Darrell Bock, David Gushee, Amy Laura Hall, Daniel Harrington, Dennis Olson, Christine Pohl, Glen Stassen, and Max Stackhouse. *The Routledge Companion to Christian Ethics* - D. Stephen Long 2023-01-01

The Routledge Companion to Christian Ethics brings together two different but related disciplines; the first is contemplative or theoretical, asking what are the beliefs or doctrines that characterize Christianity, whilst the second is practical, asking what are the ethical practices that attend its teachings. The movement between the theoretical and practical aspects is not, however, one way, as doctrine and life are mutually informing. In this comprehensive volume, leading scholars address key topics,

problems and debates in this hotly debated topic within a truly global context.

Comprising over 35 chapters by a team of international contributors, the handbook is divided into three parts based on the three persons of the Trinity: God the Father, God the Son, and God the Holy Spirit. Within these sections, cutting-edge issues are examined, including: God and genetics War, peace, and violence White supremacy Creation and sexuality Digital ethics Transgender studies Climate change Immigration and refugees Adopting a practical approach that must consider new concerns that have arisen with recent social, political, and cultural shifts, The Routledge Companion to Christian Ethics is essential reading for students and researchers in Christian ethics, religious ethics and Christianity studies. The handbook will also be very useful for those in related fields such as ethics and philosophy.

**Sex and Uncertainty in the**

## Sexuality And The Christian Body Their Way Into The

**Body of Christ** - Susannah

Cornwall 2016-04-08

Mainstream Christian theology has valued the integrity of the body and the goodness of God reflected in creation. However, it has also asserted the complementarity of "normal" male and female physiology. Sex and Uncertainty in the Body of Christ offers the first systematic theology of the intersexed body. The book analyzes the theological implications of physical intersex conditions and their medical treatment. The medical assumption of what constitutes male and female bodies is shown to raise essential questions about the meaning of incarnation and bodiliness. The book argues for a theology that speaks to stigmatized and marginal bodies, examining the impact of such a theology on sex, marriage, sexuality, perfection, healing, and the resurrected body.

**The Trial of the Witnesses** -

Paul J. Dehart 2008-04-15

The much-discussed notion of Postliberal theology developed from the writings of two

theologians at Yale University,

Hans Frei and George

Lindbeck. An analysis and critique of the much-discussed idea of postliberal theology Provides an overview of postliberalism and the controversies which resulted Compares the writings of theologians Hans Frei and George Lindbeck, from which postliberal theology developed, and uncovers important differences in their thought Reconceptualizes these thinkers' contributions to contemporary theological discussion Published in the prestigious Challenges in Contemporary Theology series.

**Human Sexuality and the Nuptial Mystery** - Roy R. Jeal

2010-03-08

This collection of essays was originally presented at the St. Margaret's Consultation on Doctrine, Liturgy, and Preaching held at St. Margaret's Anglican Church in Winnipeg, Canada in 2008. They consider human sexuality and marriage from a distinctly theological rather than polemical standpoint, aiming to

## Sexuality And The Christian Body Their Way Into The

Triune God

avoid frequently polarized debates. The interesting commonality indicated in the articles is that sex and marriage are not about self-fulfillment, but are outwardly directed, aimed toward the other person, toward growth, maturity, and deepened spirituality, for the benefit of the church, for productive good, and for children. The first section explores theological and ethical issues surrounding human sexuality and aims toward understanding the nature of relationships in these contexts. The second section explores the spiritual nature of marriage and the history of thinking on marriage and family within Christian theology. For those interested in pursuing truly theological engagement with marriage and sexuality, this collection is required reading.

**Celebrating Christian Marriage** - Adrian Thatcher  
2002-04-30

The interest in marriage and the future of marriage is urgent and increasing. This collection of expert research,

analysis and discussion may be the most significant ever assembled on this subject. There are contributions from different continents and cultures; from Roman Catholic, Protestant, Anglican and Orthodox traditions; from theologians and many other professionals - including historians, social theorists, sex therapists, lawyers, psychiatrists and demographers - all in conversation with the idea of Christian marriage. There are introductions to each topical section by Adrian Thatcher: Marriage at the Start of the Millennium, Beginning Marriage, Love and Marriage, The Marriage Relationship, Children and Marriage, Single-Sex Marriage, Ending Marriage - Roman Catholic Perspectives, Ending Marriage - Anglican Perspectives.

**Orthodox Tradition and Human Sexuality** - Thomas Arentzen  
2022-11-15

Sex is a difficult issue for contemporary Christians, but the past decade has witnessed a newfound openness

## Sexuality And The Christian Body Their Way Into The

Triune God

regarding the topic among Eastern Orthodox Christians. Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity. Within its unique history, theology, and tradition, Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways. What is at stake in questions of sexuality in the Orthodox tradition? What sources and theological convictions can uniquely shape Orthodox understandings of sexuality? This volume aims to create an agora for discussing sex, and not least the sexualities that are often thought of as untraditional in Orthodox contexts. Through fifteen distinct chapters, written by leading scholars and theologians, this book offers a developed treatment of sexuality in the Orthodox

Christian world by approaching the subject from scriptural, patristic, theological, historical, and sociological perspectives. Chapters devoted to practical and pastoral insights, as well as reflections on specific cultural contexts, engage the human realities of sexual diversity and Christian life. From re-thinking scripture to developing theologies of sex, from eschatological views of eros to re-evaluations of the Orthodox responses to science, this book offers new thinking on pressing, present-day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity.

**Queer Theology** - Gerard Loughlin 2009-02-04

Queer Theology makes an important contribution to public debate about Christianity and sex. A remarkable collection of specially commissioned essays by some of the brightest and best of Anglo-American scholars Edited by one of the leading theologians working at the interface between religion

## Sexuality And The Christian Body Their Way Into The

Triune God

and contemporary culture

Reconceptualizes the body and its desires Enlarges the meaningfulness of Christian sexuality for the good of the Church Proposes that bodies are the mobile products of changing discourses and regimes of power.

*Queer Theology* - Linn Marie Tonstad 2018-07-26

What do Christianity and queerness have to do with each other? Can Christianity be queered? *Queer Theology* offers a readable introduction to a difficult debate.

Summarizing the various apologetic arguments for the inclusion of queer people in Christianity, Tonstad moves beyond inclusion to argue for a queer theology that builds on the interconnection of theology with sex and money.

Thoroughly grounded in queer theory as well as in Christian theology, *Queer Theology* grapples with the fundamental challenges of the body, sex, and death, as these are where queerness and Christianity find (and, maybe, lose) each other.

Rethinking the Trinity and

Religious Pluralism - Keith E.

Johnson 2011-09-02

Founding his argument on a close reading of St.

Augustine's *De Trinitate*, Keith Johnson critiques four recent attempts to construct a pluralistic theology of religions out of the orthodox doctrine of the Trinity.

**My Body, Their Baby** - Grace Kao 2023-08-15

Drawing on her own

experience as a surrogate

mother, Grace Y. Kao assesses

the ethics of surrogacy from a

feminist and progressive

Christian perspective,

concluding that certain kinds of

surrogacy arrangements can

be morally permissible—and

should even be embraced.

While the use of assisted

reproductive technology has

brought joy to countless

families, surrogacy remains the

most controversial path to

parenthood. *My Body, Their*

*Baby* helps readers sort

through objections to this way

of bringing children into the

world. Candidly reflecting on

carrying a baby for her

childless friends and informed

## Sexuality And The Christian Body Their Way Into The

by the reproductive justice framework developed by women of color activists, Kao highlights the importance of experience in feminist methodology and Christian ethics. She shows what surrogacy is like from the perspective of women becoming pregnant for others, parents who have opted for surrogacy (including queer couples), and the surrogate-born children themselves. Developing a constructive framework of ethical norms and principles to guide the formation of surrogacy relationships, Kao ultimately offers a vision for surrogacy that celebrates the reproductive generosity and solidarity displayed through the sharing of traditionally maternal roles.

**God and Difference** - Linn Marie Tonstad 2015-10-05  
God and Difference interlaces Christian theology with queer and feminist theory for both critical and constructive ends. Linn Marie Tonstad uses queer theory to show certain failures of Christian thinking about

God, gender, and sexuality. She employs queer theory to dissect trinitarian discourse and the resonances found in contemporary Christian thought between sexual difference and difference within the trinity. Tonstad critiques a broad swath of prominent Christian theologians who either use queer theory in their work or affirm the validity of same-sex relationships, arguing that their work inadvertently promotes gendered hierarchy. This volume contributes to central debates in Christianity over divine and human personhood, gendered relationality, and the trinity, and provides original accounts of God, sexual difference, and Christian community that are both theologically rich and thoroughly queer.

**Water Is Thicker Than Blood** - Jana Marguerite Bennett 2008-03-04  
Much theology overemphasizes marriage to the detriment of ecclesiology. Using Augustine as conversation partner, this book considers the relationship

## Sexuality And The Christian Body Their Way Into The

of the Church to marriage and singleness. This examination of salvation history and worship illuminates a different vision of households, governed more by the waters of baptism than familial ties.
