Grigor (Dragon Hearts 5) Carole Mortimer 2018-05-25 GRIGOR is the 5th book in USA Today and Amazon #1 Bestselling Indie Author, Carole Mortimer's, paranormal series, DRAGON HEARTS. Author's Note: Beware of very sexy alpha dragon shifters on the hunt for their fated mates! Grigor Pendragon is nearer to turning feral than any of his brothers, of making that final shift and remaining in his dragon form. If— When this happens, his brothers will have no choice but to kill him, before he harms any humans, who for sixteen hundred years haven't known of their existence. The only thing that will stop Grigor's last and fatal shift is meeting and claiming his fated mate, the one woman meant just for him. Gayle Wilson is independent and outspoken, a computer geek, and she has no idea her sister, Holly, is now the mate of a dragon shifter, or that Dylan's seven brothers are also dragon shifters. What she does know is that she's being kept a virtual prisoner at Pendragon Castle, the family's home in North Wales, until her sister comes back from her trip away with Dylan. Gayle isn't at all impressed when Grigor, the eldest Pendragon brother, announces she belongs to him now, and then expects her to do exactly what he tells her to do. Admittedly, he's tall—very!—dark, and handsome, with muscles that go on for miles, but there's no way she's going to belong to anyone, least of all the arrogant and cold Grigor Pendragon. The first opportunity she gets she's getting out of there and going back to London, and to hell with the whole of the Pendragon family. But when danger starts stalking her, Grigor is the only one she can turn to for help.

More importantly, should Tegan really allow herself to fall in love with Bryn, a man so intensely sexual neither she nor her heart have any defences against him?

Tegan encounters all kinds of crazies working the night shift at a 24-hour grocery store. He looks the thief directly in the eye and without confrontation convinces him to turn around and walk out the door. Tegan has never seen anything like it, nor does she understand why he then lays those mesmerising eyes on her and tells her to forget they ever met. She shrugs it off as just another weird night shift encounter, until the following evening when her best friend produces free passes to a new club in the city. Tegan agrees to go and is pleasantly surprised by the tasteful, classy décor and oddly beautiful, intensely ethereal clientele. To her surprise, her mysterious stranger is sitting smack dab in the VIP section. What are the chances?! Tegan is struck by the coincidence of bumping into him again so soon, while he is furious that she remembers him when he insisted she forget their meeting. Tegan has no idea that she's taken a misstep into a whole new world inhabited by vampires, slayers, dhampirs, witches and warlocks. All of whom display a wholly disconcerting interest in what makes her unique from the rest of the clueless humans who populate the city. Strung Victoria Ashley 2017-12-04 From New York Times Bestselling author of the Walk of Shame Series, comes a new, steamy standalone novel. Micah Beck is tempting, talented and addictive to the last drop. Not to mention, he's completely confident in all that he does. Especially with those fingers and I can't deny that it's such a turn on. Micah is the last thing I expect to find wandering around my brother's beach house, naked, only wearing an acoustic guitar, but he's the first thing that has ever had me craving for just one 'anything goes' night. My plan was to come visit my brother for the summer and hopefully find a little inspiration for my book at my brother's bar on the beach. A little inspiration is more than what I get slapped with. Talk about wanting to make love to a voice. I never knew exactly what that meant until I heard Micah playing at Vortex, but now just the thought of anything that has to do with that man's tongue, leaves my whole body vibrating with a hunger I'm not sure I can fight. Just one taste. One night. No strings. I'm a liar if I said I thought that would be possible because if I thought his guitar playing abilities were hot, seeing him in charge, demanding orders at Vortex has me completely coming undone and about ready to fall at his feet and give him anything he desires, despite the fact that my brother warned us to stay away from each other. He's a master at getting whatever he wants with little or no effort at all and I can't help but to hope he wants me. Micah is cocky with a body that screams trouble with every rock-hard muscle. He's wrong in every way and... I'm completely strung.

Except the Mac Durant she thinks she knows isn't the one before her now—this Mac is rattled and asking her for help. Emotionally vivid and endlessly charming, *Maybe We're Electric* is an artfully woven meditation on how pain can connect us—we can carry it alone in darkness or share the burden and watch the world light up again.
