

The Dark Arts Of Immortality Transformation Through War Sex Magic

Nocturnicon - Konstantinos 2005

For those attracted to the occult, the author of "Nocturnal Witchcraft" presents a collection of magickal techniques for working with dark forces.

The Fellowship of the Ring - John Ronald Reuel Tolkien 2005

'The Fellowship of the Ring' is the first part of JRR Tolkien's epic masterpiece 'The Lord of the Rings'. This 50th anniversary edition features special packaging and includes the definitive edition of the text.|PB

Black Magic - Yvonne P. Chireau 2006-11-20

"Chireau has written a marvelous text on an

important dimension of African American religious culture. Expanding beyond the usual focus of scholarship on Christianity, she describes and analyzes the world of magical-medical-religious practice, challenging hallowed distinctions among "religion" and "magic."

Anyone interested in African American religion will need to reckon seriously with Chireau's text on conjure."—Albert J. Raboteau, Princeton University "Deprived of their own traditions and defined as chattel, enslaved Africans formed a new orientation in America.

Conjuring—operating alongside of and within both the remnants of African culture and the

acquired traditions of North America—served as a theoretical and practical mode of deciphering and divining within this, enabling them to create an alternate meaning of life in the New World. Chireau's is the first full-scale treatment of this important dimension of African American culture and religion. A wonderful book!"—Charles H. Long, Professor of History of Religions University of California, Santa Barbara and author of Significations: Signs, Symbols and Images in the Interpretation of Religion

The Daemon - Anthony Peake 2010-11-24

"Anthony Peake is engaged in one of the most important strands of ontological inquiry of modern times, nothing less than unravelling the Gordian knot that is the mystery of our existence." - Bob Rickard, founder editor of Fortean Times

Appearing in Greek mythology and popularised by Philip Pullman's His Dark Materials trilogy, the Daemon is broadly understood as a guiding spirit which exists as one half of your split self. In *The Daemon: A*

Guide to Your Extraordinary Secret Self, Anthony Peake proposes that people consist of not one but two separate consciousnesses - everyday consciousness and that of The Daemon, a higher being that seems to possess knowledge of future events. Drawing upon phenomena such as déjà vu and Near-Death Experiences, he explores the ways that our Daemon breaks through into our consciousness and can subconsciously impact upon our decisions. From the author of *Is There Life After Death?*, this endlessly fascinating book draws upon the neurology, metaphysics and theology. It also follows the stories of famous figures, including Byron, Goethe, Jean Cocteau and many others, who have 'felt a force outside themselves'. This radical book will change the way you perceive reality, time and ultimately yourself.

Kabbalah, Magic, and the Great Work of Self-transformation - Lyam Thomas

Christopher 2006

Advancing to higher levels of ritual magic with

Downloaded from
legacy.opendemocracy.net on
2020-05-25 by guest

purpose and power requires an exaltation of consciousness—a spiritual transformation that can serve as an antidote to the seeming banality of modern life. Based on Kabbalistic techniques, the teachings of the Hermetic Order of the Golden Dawn, and an Hermetic tradition spanning nearly two thousand years, this innovative new work introduces the history of the Golden Dawn and its mythology, the Tree of Life, Deities, demons, rules for practicing magic, and components of effective ritual. A comprehensive course of self-initiation using Israel Regardie's seminal Golden Dawn as a key reference point, Kabbalah, Magic and the Great Work of Self-Transformation guides you through the levels of the Golden Dawn system of ritual magic. Each grade in this system corresponds with a sphere in the Kabbalistic Tree of Life and includes daily rituals, required reading, written assignments, projects, and additional exercises. Knowledgeable and true to tradition, author Lyam Thomas Christopher presents a well-

grounded and modern step-by-step program toward spiritual attainment, providing a lucid gateway toward a more awakened state. Finalist for the Coalition of Visionary Resources Award for Best Magick/Shamanism Book

Empire of the Vampire (Empire of the Vampire, Book 1) - Jay Kristoff 2021-09-07

'This book is bloody brilliant' V.E. Schwab 'A ripping read' Joe Abercrombie

Loneliness as a Way of Life - Thomas Dumm 2008

"What does it mean to be lonely?" Dumm asks. His inquiry takes us beyond social circumstances into the deeper forces that shape our very existence as modern individuals. The modern individual, Dumm suggests, is fundamentally a lonely self. This book challenges us, not to overcome our loneliness, but to learn how to re-inhabit it in a better way.

The Crystal World - J. G. Ballard 2012-06-28

From J. G. Ballard, author of 'Crash' and 'Cocaine Nights' comes his extraordinary vision

of an African forest that turns all in its path to crystal.

The Prince of Darkness - Jeffrey Burton Russell
2016-03-10

The Devil, Satan, Lucifer, Mephistopheles - throughout history the Prince of Darkness, the Western world's most powerful symbol of evil, has taken many names and shapes. Jeffrey Burton Russell here chronicles the remarkable story of the Devil from antiquity to the present. While recounting how past generations have personified evil, he deepens our understanding of the ways in which people have dealt with the enduring problem of radical evil. After a compelling essay on the nature of evil, Russell uncovers the origins of the concept of the Devil in various early cultures and then traces its evolution in Western thought from the time of the ancient Hebrews through the first centuries of the Christian era. Next he turns to the medieval view of the Devil, focusing on images found in folklore, scholastic thought, art,

literature, mysticism, and witchcraft. Finally, he follows the Devil into our own era, where he draws on examples from theology, philosophy, art, literature, and popular culture to describe the great changes in this traditional notion of evil brought about by the intellectual and cultural developments of modern times. Is the Devil an outmoded superstition, as most educated people today believe? Or do the horrors of the twentieth century and the specter of nuclear war make all too clear the continuing need for some vital symbol of radical evil? A single-volume distillation of Russell's epic tetralogy on the nature and personification of evil from ancient times to the present (published by Cornell University Press between 1977 and 1986), The Prince of Darkness invites readers to confront these and other critical questions as they explore the past faces of that figure who has been called the second most famous personage in Christianity.

The Mushroom at the End of the World -

*Downloaded from
legacy.opendemocracy.net on
2020-05-25 by guest*

Anna Lowenhaupt Tsing 2021-06-08

"A tale of diversity within our damaged landscapes, The Mushroom at the End of the World follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction."--Publisher's description.

The Riddles of Harry Potter - Shira Wolosky
2010-12-20

The Riddles of Harry Potter draws readers into the deeper meanings of these phenomenally successful books, arguing that they launch and pursue interpretive quests in an ongoing effort to understand patterns and their attendant

meanings, implications, and consequences.

Leonardo - 1995

The Dark Arts of Immortality - C. Hariison
Kon 2005-09-28

If you had the power within your reach to insure your own immortality, would you risk all to grasp it? Think about it. No longer would you plead for the mercy of others. No longer would you bow to invisible masters. No longer would you struggle for table scraps. You could become master of your own destiny. You could become as God. Drawing on the findings of science, religion, sociology, psychology, philosophy, mythology, history, ancient texts, and metaphysics, The Dark Arts of Immortality explains how to harness and augment the energy of our innate drives. Through personal combat, sexual fantasy, and mystic rituals the death drive (mortido), sex drive (libido), and growth drive (physis) can provide doorways to supra-consciousness. These core altered states of being (fury, ecstasy, and

exaltation) grant preternatural physical, mental, and spiritual abilities. The synthesis of these attributes will elevate personal power in this world and allow one to manifest a divine Being in the afterlife.

Luxury Arts of the Renaissance - Marina Belozerskaya 2005-10-01

Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and

the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

The Art of Losing Control - Jules Evans

2017-04-25

Humans have always sought ecstatic experiences - moments where they go beyond their ordinary self and feel connected to something greater than them. Such moments are fundamental to human flourishing, but they can also be dangerous. Beginning around the Enlightenment, western intellectual culture has written off ecstasy as ignorance or delusion. But philosopher Jules Evans argues that this diminishes our reality and denies us the healing, connection and meaning that ecstasy can bring. He sets out to discover how people find ecstasy in a post-religious culture, how it can be good for us, and also harmful. Along the way, he explores the growing science of ecstasy, to help the reader - and himself - learn the art of losing control. Jules' exploration of ecstasy is an intellectual and emotional odyssey balancing

personal experience, interviews and readings from ancient and modern philosophers that will change the way you think about how you feel. From Aristotle and Plato, via the Bishop of London and Sister Bliss, radical jihadis and Silicon Valley transhumanists, *The Art of Losing Control* is a funny and life-enhancing journey through under-explored terrain.

How to Succeed at Absolutely Anything and Get Better at it Each Time!. - Nemeses 2011

Magia Sexualis - Hugh B. Urban 2006-10-04

"This book offers a fascinating account of the development of Western sexual magic through the nineteenth and twentieth centuries. Urban focuses on an extraordinary set of historical figures, and his rich analysis illuminates the sexual—and supernatural—undercurrents that have shaped modernity."—Randall Styers, author of *Making Magic: Religion, Magic, and Science in the Modern World*

The Dark Lord - Peter Levenda 2013-01-01

One of the most famous - yet least understood - manifestations of Thelemic thought has been the works of Kenneth Grant, the British occultist and one-time intimate of Aleister Crowley, who discovered a hidden world within the primary source materials of Crowley's Aeon of Horus. Using complementary texts from such disparate authors as H.P. Lovecraft, Jack Parsons, Austin Osman Spare, and Charles Stansfeld Jones ("Frater Achad"), Grant formulated a system of magic that expanded upon that delineated in the rituals of the OTO: a system that included elements of Tantra, of Voudon, and in particular

that of the Schlangekraft recension of the Necronomicon, all woven together in a dark tapestry of power and illumination. The Dark Lord follows the themes in the writings of Kenneth Grant, H.P. Lovecraft, and the Necronomicon, uncovering further meanings of the concepts of the famous writers of the Left Hand Path. It is for Thelemites, as well as lovers of the Lovecraft Mythos in all its forms, and for those who find the rituals of classical ceremonial magic inadequate for the New Aeon. Traveling through the worlds of religion, literature, and the occult, Peter Levenda takes his readers on a deeply fascinating exploration on magic, evil, and The Dark Lord as he investigates one of the most neglected theses in the history of modern occultism: the nature of the Typhonian Current and its relationship to Aleister Crowley's Thelema and H.P. Lovecraft's Necronomicon.
