[Elephant Company](#) - Vicki Croke 2015-04-14
NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE BOOK
The remarkable story of James Howard “Billy” Williams, whose uncanny rapport with the world’s largest land animals transformed him from a carefree young man into the charismatic war hero known as Elephant Bill
In 1920, Billy Williams came to colonial Burma as a “forest man” for a British teak company. Mesmerized by the intelligence and character of the great animals who hauled logs through the jungle, he became a gifted “elephant wallah.” In *Elephant Company*, Vicki Constantine Croke chronicles Williams’s growing love for elephants as the animals provide him lessons in courage, trust, and gratitude.
Elephant Company is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test.
Elephant Company, cornered by the enemy, attempted a desperate escape: a risky trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, *Elephant Company* is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for *Elephant Company* “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . *Elephant Company* is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times* Book Review “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of

[Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—*The Boston Globe* “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—*New York Post* “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer-cum-war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*

Modoc - Ralph Helfer 2009-10-13

"Once I started this incomparable story, I couldn't put it down, and I cannot get it out of my mind—nor will I ever. The message of what can be accomplished by training through affection and joy will thrill all animal lovers."
—Betty White
A captivating true story of loyalty, friendship, and high adventure that spans several decades and three continents, *Modoc* is one of the most remarkable true stories ever told, perfect for fans of *The Zookeeper's Wife* or *Water for Elephants*. Raised together in a small German circus town, a boy and an elephant formed a bond that would last their entire lives, and would be tested time and again: through a near-fatal shipwreck in the Indian Ocean, an apprenticeship with the legendary Mahout elephant trainers in the Indian teak forests, and their eventual rise to circus stardom in 1940s New York City. As the *African Sun-Times* put it, *Modoc* is "heartwarming. . . probably the greatest love story ever told."

finding homes for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. An African Love Story is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', Mail on Sunday 'An enchanting memoir', Telegraph Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species. These included elephants, rhinos, buffaloes, zebra, eland, kudu, impala, warthogs and many other smaller animals. In 2006 she was made Dame Commander of the British Empire by the Queen.

An Elephant in My Kitchen - Françoise Malby-Anthony 2018-07-26

'The most magical book about the African bush since Born Free' - Daily Mail 'A beautiful love story between humans and the majestic elephants' - Jo Malone, Daily Express Françoise Malby-Anthony never expected to find herself responsible for a herd of elephants with a troubled past. A chic Parisienne, her life changed forever when she fell in love with South African conservationist Lawrence Anthony. Together they founded a game reserve but after Lawrence's death, Françoise faced the daunting responsibility of running Thula Thula without him. Poachers attacked their rhinos, their security team wouldn't take orders from a woman and the authorities were threatening to cull their beloved elephant family. On top of that, the herd's feisty new matriarch Frankie didn't like her. In this heart-warming and moving book, Françoise describes how she fought to protect the herd and to make her dream of building a wildlife rescue centre a reality. She found herself caring for a lost baby elephant who turned up at her house, and offering refuge to traumatized orphaned rhinos,

and a hippo called Charlie who was scared of water. As she learned to trust herself, she discovered she'd had Frankie wrong all along . . . Filled with extraordinary animals and the humans who dedicate their lives to saving them, An Elephant in My Kitchen by Françoise Malby-Anthony is a captivating and gripping read. The Tsavo Story - Daphne Sheldrick 1973

The Cowboy and His Elephant - Malcolm Macpherson 2007-04-01

In the late 1980s, a female baby elephant was born into a herd that lived on the plains of southern Africa. Her mother has carried her for two years, and normally she would have nursed her for five more. But the close-knit family of wild elephants was to face a predator for which it was no match--humans. In a "cull," her family was slaughtered in a few moments. Only the newborn female's life was spared. Terrified and bewildered the young elephant was transported to America to be sold. There she met the person who was to change her life forever. Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions. He was raised with a pet bear and as a boy decided to become a real cowboy. He saw his dream come true in Colorado on one of the larger horse-and-cattle ranches in America. Handsome as a movie star, he became the Marlboro Man and appeared on TV and on billboards around the world. But with the passing of years, and with his own family grown up, he felt the need for something

that he could not name. When she came into his life by happenstance, the hurt, vulnerable little elephant tapped the fullness of Bob's empathy, and an incredible bond between the most unlikely of friends was forged. Bob adopted the baby orphan elephant--named Amy--and patiently set about helping her recover from the trauma of her ordeal. He had never seen a real African elephant up close, except in zoos. He was a horseman and breeder of champion quarter horses. But through close observation, gentle training, humor, and endless perseverance, Bob gradually coaxed Amy into overcoming her mistrust of humans, and indeed, her fear of the world. The little elephant became a "hand" on Bob's ranch, tending to simple chores, riding the fences, and shadowing Bob on his horse. She developed a winning personality, and a strong character, and became a beloved member of the Norris family and partner to the ranch hands. But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence - even, if it were possible, to go back to the savannahs of Africa. This is the true story of how Amy and Bob came together. No one who reads *The Cowboy and His Elephant* can fail to be moved by such a simple tale of unlikely love.

[The Elephant Whisperer](#) - Lawrence Anthony
2009-06-05

A moving account of one man's race to save a herd of elephants - with unforgettable characters and exotic wildlife, *The Elephant Whisperer* is an enthralling book that will appeal to animal lovers and adventurous souls everywhere. When South African conservationist Lawrence Anthony was asked to accept a herd of 'rogue' elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival - dangerous and unpredictable, they would be killed if Anthony wouldn't take them in. As Anthony risked his life to create a bond with the troubled elephants and persuade them to stay on his reserve, he came to realize what a special family they were, from the wise matriarch Nana, who guided the herd, to her warrior sister Frankie, always ready to see off any threat, and their children who fought so hard to survive.

The subject of numerous television features (including a popular National Geographic special), *Coming of Age with Elephants* passionately documents renowned animal behaviorist Joyce Poole's groundbreaking work with 800 elephants at Kenya's Amboseli National Park, discovering the intricacies of elephant social structure, sex cycles, and communication, and their intelligence and remarkable empathy.

Elephant Dawn - Sharon Pincott 2016-06-01
'A book to take readers into another world.' - Caroline Jones AO, presenter, Australian Story 'A raw, honest story that needs to be heard.' - Tony Park, bestselling author of *An Empty Coast* 'This mesmerizing book is not just about a love of elephants, it is also about the indomitable spirit of someone who followed her passion.' - Cynthia Moss, world-renowned elephant specialist, celebrated in the BBC's *Echo of the Elephants* In 2001, Sharon Pincott traded her privileged life as a high-flying corporate executive to start a new one with the Presidential Elephants of Zimbabwe. She was unpaid, untrained, self-funded and arrived with the starry-eyed idealism of most foreigners during early encounters with Africa. For thirteen years - the worst in Zimbabwe's volatile history - this intrepid Australian woman lived in the Hwange bush fighting for the lives of these elephants, forming an extraordinary and life-changing bond with them. Powerfully moving, sometimes disturbing and often very funny, *Elephant Dawn* is a celebration of love, courage and honour amongst our greatest land mammals. With resilience beyond measure, Sharon earns the supreme right to call them family.

When Elephants Weep - Jeffrey Masson
2010-09-30

For more than 100 years, scientists have denied that animals experience emotions, yet this remarkable and groundbreaking book proves what animal-lovers have known to be true: wolves, tigers, giraffes, elephants and many other creatures exhibit all kinds of feelings - hope, fear, shame, love, compassion. From Ola, the irritable whale, to Toto, the chimpanzee who nursed his owner back to health, this book collects together for the first time a vast range of case histories which show the extraordinary

complexity of the animal world, and the tumult of emotions that govern it.

The Unsung Heroes - Daphne Sheldrick 2019-05

Babylon's Ark - Lawrence Anthony 2007-03-06
The astonishing story of the soldiers, conservationists, and ordinary Iraqis who united to save the animals of the Baghdad Zoo When the Iraq war began, conservationist Lawrence Anthony could think of only one thing: the fate of the Baghdad Zoo, caught in the crossfire at the heart of the city. Once Anthony entered Iraq he discovered that hostilities and uncontrolled looting had devastated the zoo and its animals. Working with members of the zoo staff and a few compassionate U.S. soldiers, he defended the zoo, bartered for food on war-torn streets, and scoured bombed palaces for desperately needed supplies. *Babylon's Ark* chronicles Anthony's hair-raising efforts to save a pride of Saddam's lions, close a deplorable black-market zoo, run ostriches through shoot-to-kill checkpoints, and rescue the dictator's personal herd of Thoroughbred Arabian horses. A tale of the selfless courage and humanity of a few men and women living dangerously for all the right reasons, *Babylon's Ark* is an inspiring and uplifting true-life adventure of individuals on both sides working together for the sake of magnificent wildlife caught in a war zone.

The Last Rhinos - Lawrence Anthony
2012-04-12

An extraordinary story of life on a South African game reserve from the 'Indiana Jones of conservation' and the authors of *The Elephant Whisperer*. Lawrence Anthony's South African game reserve is home to many animals he has saved, from a remarkable herd of elephants to a badly behaved bushbaby called George. When one of his rhinos was brutally slaughtered for her horn, he didn't hesitate to lead an armed response against the poachers. Then he learned that there were only a handful of northern white rhinos left in the wild, living in an area of the Congo controlled by the infamous Lord's Resistance Army and soon to be hunted into extinction. Lawrence knew he had to take action. What followed was an extraordinary adventure, as he headed into the jungle to negotiate with the rebels, while battling to save his own animals from terrible drought and to save the

eyesight of his beloved elephant matriarch Nana. The Last Rhinos is peopled with unforgettable characters, both human and animal, and is a sometimes funny, sometimes moving, always exciting read. 'Anthony was a charismatic figure whose life combined Gerald Durrell-esque animal antics with Wilbur Smith bush heroics . . . a rattling read with an urgent message' - BBC Wildlife Magazine

Love, Life, and Elephants - Daphne Sheldrick 2013-06-25

In this indelible and deeply heartfelt memoir, Daphne tells of her remarkable career as a conservationist and introduces us to a whole host of orphans—including Bushy, a liquid-eyed antelope, and the majestic elephant Eleanor. Yet she also shares the incredible human story of her relationship with David Sheldrick, the famous Tsavo National Park warden whose death inspired the David Sheldrick Wildlife Trust and the orphans' nursery, where Daphne works to this day. From her tireless campaign to preserve Kenya's wildlife to the astonishing creatures she befriended along the way, Love, Life, and Elephants is alive with compassion and humor, providing rare insight into the life of one of the world's most fascinating women.

Elephant Memories - Cynthia Moss 2012-08-06

"A style so conversational...that I felt like a privileged visitor riding beside her in her rickety Land-Rover as she showed me around the park." —The New York Times Book Review Cynthia Moss spent many years living in Kenya's Amboseli National Park and studying the elephants there, and her long-term research has revealed much of what we now know about these complex and intelligent animals. In this book, she shares a more up-close and personal perspective, chronicling the lives of the elephant families led by matriarchs Teresia, Slit Ear, Torn Ear, Tania, and Tuskless, including a rare look at calves and their development. This edition is also updated with a new afterword, catching up on the families, covering current conservation issues, and "celebrating a species from which we

could learn some moral as well as zoological lessons" (Chicago Tribune). "One is soon swept away by this 'Babar' for adults. By the end, one even begins to feel an aversion for people. One wants to curse human civilization and cry out, 'Now God stand up for the elephants!'"—The New York Times "Moss speaks to the general reader, with charm as well as scientific authority...[An] elegantly written and ingeniously structured account."—TheWall Street Journal "Any reader interested in animals will be captivated."—Publishers Weekly *10 Reasons to Love an Elephant* - Catherine Barr 2017-07-26

Elephants - Hannah Mumby 2020-05-12

What Jane Goodall did for chimpanzees, international ecologist and conservation scientist Hannah Mumby now does for elephants in this compelling, eye-opening account that brings into focus this species remarkably similar to humans—and makes a persuasive argument for saving them. From early childhood, Dr. Hannah Mumby has loved wildlife, especially elephants. Her first wild elephant sighting at twenty-four changed the course of her life. Since then, she has devoted herself to studying these incredible animals and educating humanity about them. Hannah's field work has taken her around the world, where she has studied many elephant groups, including both orphaned elephants and the solitary elephant males. These remarkable animals have so much to teach us, Mumby argues, and *Elephants* takes readers into their world as never before, revealing a society as complex as the chimpanzees, maybe even humans. Mumby's exploration of elephant culture provides an empathetic, humanistic portrait of these majestic animals, illuminating their personalities, memories, and rich

emotional lives. Mumby explains how elephants communicate with one another and demonstrates the connection between memory and trauma—how it affects individual elephants and their interactions with others in their herd. Elephants and humans, Mumby makes clear, are not very different. From emotional bonding to communication, human and elephant experience similarly nuanced lives, and the commonalities

she uncovers are both surprising and heartwarming. Featuring a 16-page color insert of original photography, Elephants is a captivating, deeply moving exploration that offers a new way to look at these pachyderms and ourselves and a persuasive, passionate argument for rethinking our approach to animals and their conservation.
