A Girl's Guide on How to Attract, Keep and Maintain a Man - Kym Kostos

2015-01-11

There is an ever evolving secret which can help you to understand how you can attract a man and make him desire you in an instant. And I will share the secret with you! The law of attraction between men and women, as complex as it may seem, is pretty easy to clarify in a few sentences.

Women are a lot more effortlessly attracted to a man who seems very healthy and very stress-free, Also, who has a high level of testosterone which will make him appear a lot more virile and chiseled, and has a defensive nature in him, which will make him a great mate and father and husband material. Men, on the other hand however, are a lot more easily drawn to women based a lot on their appearance and their demeanor. Keep in mind though, that is not all they are attracted to! For you to truly comprehend how to attract a man and how a man's

mind does work, you will need to get deeper into the notion of attraction from the man's point of view. So, how do you attract a man in a way he can't resist you? Well, a man might like a woman for many different reasons, but when it comes to sexual or physical attraction at first sight, a woman's physical looks and her conduct matters more than anything in the world.

NEVER become his 'pal' (full revealing explanation inside) □ The NUMBER ONE thing genuine guys are looking for from you □ The behavior you are exhibiting that's an INSTANT TURN-OFF to quality men □ What committed men REALLY think about looks, beauty and body image (it's not what you think) □ Why he unexpectedly lashes out or zones out on you □ How to act on the first few dates to have him hooked □ The trait that makes you IRRESISTABLE to good men - and repels losers and time-wasters □ Why men NEED the chase to retain interest in you - and how you can prolong it □ What he wants in the bedroom - but refuses to tell you These are just some of the rare insights you will gain that will turn your dating life around. How to Attract Women - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and

did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs).

Chapters 2 & 3: Attractive & Unattractive Qualities - Ever

notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain,

as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this
