

Barefoot Doctors Handbook For Modern Lovers A Spiritual Guide To Truly Amazing Love And Sex

A Lover's Discourse - Roland Barthes 2002

Here, Barthes addresses the language of love, a language of solitude, of mythology, of what he calls an 'image repertoire'. It is aimed at those who have been in love, and those who've not. A range of examples are included, from Nietzsche to Zen.

The God We Never Knew - Marcus J. Borg 1997

Answering the many "spiritual" questions left unaddressed by such popular historical bestsellers as *A History of God* and *God: A Biography*, renowned author Marcus Borg reveals how to embrace an authentic contemporary faith that reconciles God with science, critical thinking and religious pluralism. How to have faith--how to even think about God--without having to stifle modern rationality is one of the most vital challenges facing contemporary religion. In providing a much-needed solution to the problem of how to have a fully authentic yet fully contemporary understanding of God, Borg--author of the bestselling *Meeting Jesus Again for the First Time*--traces his personal journey. He leads readers from the all-powerful and authoritarian God of his (and their) childhood and traditional faith to an equally powerful but dynamic image of God that is relevant to contemporary seekers and more biblical and spiritually authentic. Borg shows how the modern crisis of faith is itself rooted in delusion--misinterpretation of biblical texts and of God's true nature--and challenges readers to a new way of thinking about God.

He opens a practical discussion about how to base a relationship with the divine both immanent and transcendent, here and now, always and everywhere. Arguing that the authentic Judeo-Christian tradition is that God's being includes the whole world, Borg persuasively shows how this understanding accounts for the whole variety of human religious experience. Ultimately, he introduces readers to a way of thinking about God who is "right here" all around them, rather than distant and remote. This understanding is more intellectually and spiritually satisfying and allows readers to reclaim a stronger sense of God's presence.

The Publishers Weekly -

The Book of the Courtier - Baldassare Castiglione 2012-03-07

An insider's view of court life during the Renaissance, here is the handiwork of a 16th-century diplomat who was called upon to resolve the

differences in a war of etiquette among the Italian nobility.

Man, Play, and Games - Roger Caillois 2001

According to Roger Caillois, play is an occasion of pure waste. In spite of this - or because of it - play constitutes an essential element of human social and spiritual development. In this study, the author defines play as a free and voluntary activity that occurs in a pure space, isolated and protected from the rest of life.

I Know Why the Caged Bird Sings - Maya Angelou 2009-04-21

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

The Brain That Changes Itself - Norman Doidge 2008-08-07

An introduction to the science of neuroplasticity recounts the case stories of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.

Supercharged Taoist - Stephen Russell 2010-01-15

In the pages of this riveting book, *The Barefoot Doctor* charts his 25 years of training with some of the most inspiring and innovative teachers

and gurus of their generation. You'll meet a man who could drive with his eyes closed, the yogi who actually emitted light when meditating, the Tai Chi teacher who could throw people across the room with one finger, and luminaries such as R. D. Laing and Ram Dass. In addition, you'll encounter colorful characters like Geronimo's grandson and Psycho Dan, who's on the lam for tearing off a man's ears with his bare hands! Recounting a journey that takes him from urban London to the back alleys of Hong Kong, to the mystical mountains of New Mexico and back again, *The Barefoot Doctor* achieves something unique: he tells ripping yarns about real-life spiritual leaders that also succeed in passing on the essence of their teachings. As well as being hugely entertained, you'll come away inspired to start living by your own intuition so you can create an incredible life for yourself.

The Windup Girl - Paolo Bacigalupi 2012-08-07

Anderson Lake is a company man, AgriGen's Calorie Man in Thailand. Under cover as a factory manager, Anderson combs Bangkok's street markets in search of foodstuffs thought to be extinct, hoping to reap the bounty of history's lost calories. There, he encounters Emiko... Emiko is the Windup Girl, a strange and beautiful creature. One of the New People, Emiko is not human; instead, she is an engineered being, creche-grown and programmed to satisfy the decadent whims of a Kyoto businessman, but now abandoned to the streets of Bangkok. Regarded as soulless beings by some, devils by others, New People are slaves, soldiers, and toys of the rich in a chilling near future in which calorie companies rule the world, the oil age has passed, and the side effects of bio-engineered plagues run rampant across the globe. What happens when calories become currency? What happens when bio-terrorism becomes a tool for corporate profits, when bio-terrorism's genetic drift

forces mankind to the cusp of post-human evolution?

To Love, Honor, and Vacuum - Sheila Wray Gregoire 2014

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"--

Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of

perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day?

Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

I Love Jesus, But I Want to Die - Sarah J. Robinson 2021-05-11

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color

drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

The Varieties of Religious Experience - William James 2009-01-01
Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."

Love Your Lady Landscape - Lisa Lister 2016-07-05

Love Your Lady Landscape is a healing journey through the terrain of what it is to be a woman. When a woman isn't in alignment with her feminine essence, she may experience exhaustion and overwhelm, lack sexual desire or passion for life, and generally feel "out of sync". In this book, Lisa Lister uses a myriad of tools and practices such as Earth based spirituality, shamanic teachings, movement and dance, and breath and sound work to teach women how to reconnect to their feminine wisdom in order to start rebalancing all aspects of their lives. Based on

Lisa's own 11-year journey of healing and reconnecting with her body, this book will help you: • release guilt and shame from the past • explore self-pleasure and sensuality • understand, read, and connect with your body's signs and signals • learn about your menstrual cycle and its connection with the rhythms of nature and the universe • discover the sacred art of receiving • express your creativity • find your voice to communicate your needs, wants, and desires Love Your Lady Landscape will move women into a fiercely loving and healing relationship with their body and will teach them how to use its cycles and signs to create a life

of vitality, fulfillment, and creation.
