For three best friends, a small town, endless days of summer and an old radio form the recipe for an unforgettable adventure. It's summer in Delley, a quiet town in the American Midwest. Perhaps too quiet for Jeremy, Stella, and Sam, three inquisitive kids with a desire to solve mysteries and seek adventure in a place that, to be honest, doesn't offer a lot of either. However, when Jeremy gets an old radio that connects him and his friends to a girl who needs their help, the adventure they find themselves in may be a bit more dangerous than they hoped for.

[Twelve Years A Slave, Illustrated Edition - Solomon Northup 2014-04-08](#)

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

[Monstrous Penetrations: Monster Erotica 4-Book Bundle - Nixie Fairfax 2018-10-27](#)

Four tales of sexy young woman screaming in mingled pain and pleasure as they're roughly taken by insatiable, hugely hung monsters. Included in this bundle are: Unstoppable - Lacey is a Space Marine, trained to be tough, trained to fight. But all her training won't help her when she finds herself alone and on the run from a hulking, massively hung alien monster in a remote research base. Her laser rifle won't stop it. Grenades won't stop it. The base's titanium-reinforced doors won't stop it. Nothing will stop it until it gets what it wants—to roughly have its way with the sexy young soldier. Taken by the Ogres - Furious at being forced into an arranged marriage, Arabella Stroud runs away from home to teach her overbearing father a lesson. But she makes the mistake of cutting through Stonemouth Forest, where she learns a lesson of her own when she's captured by a trio of ogres, and the huge, well-hung brutes roughly have their way with her. Like an Animal - Dr. Celestia Devereux of W.E.I.R.D.'s Cryptozoology Division has seen her share of unusual monsters. But the group's latest acquisition is different: The incredibly well-endowed beast clearly lusts after Celestia. Though she knows she shouldn't, she can't help teasing the captive monster with some tantalizing peeps of the body it wants so badly. It's just a little good-natured fun...until the hulking creature bursts from its supposedly escape-proof cell and roughly takes the sexy scientist. Deflowered by Bigfoot - When she joined W.E.I.R.D.'s Cryptozoology Division, innocent young Tammy Underwood knew she was in for some surprising experiences. But she never imagined she would wind up buck naked in the deep woods, serving as bait in a Bigfoot hunt. Nor could she imagine that the scheme would go awry, and she would find herself completely at the mercy of the rough beastman.

[Banana Fish - Akimi Yoshida 2019-06-25](#)

[Monstrous Penetrations Volume 2 \(Monster Erotica 4-Book Bundle\) - Nixie Fairfax 2019-02-13](#)

Four more toe-curling tales of sexy young women being roughly taken by insatiable, hugely hung monsters. Volume 2 includes: "The Ultimate Sensation" - Pleasure-seeking heiress Jasmine is spending the summer living it up on the tropical island paradise of Vilau, whose jungles are said to be home to the Panlopa, a

shockingly well-endowed Sasquatch-like monster-man. Jasmine scoffs at the stories, but when the natives decide to offer her up to the Panlopa to be its new mate, she soon learns how real the monster is...and she finally finds the ultimate pleasure she has long sought! "Caught" - Emmaline's special bond with canines has always served her well in her job as Tucks Mills' dog catcher. But that bond sends her life spinning in an unexpected new direction when she meets a handsome stranger who captivates her like no other man she's ever met. What she doesn't know is that he's a werewolf on the hunt for just the right woman for him and his two packmates to mate with...and Emmaline is clearly the one! After catching the dog catcher in a trap of their own, the three virile, well-hung werewolves roughly have their way with her, one after another. "Intrusion" - Married scientists Monty and Nerissa think they're about to make history with a new invention that offers glimpses of alternate dimensions. But during the device's trial run, a hulking monster appears in the lab, and when it lays eyes on Nerissa, its only aim is to have its way with her. After his attempt to stop the alien intruder leaves him pinned beneath a piece of heavy equipment, Monty can only watch, helpless and horrified yet strangely aroused, as the hugely hung brute claims his wife...and in the process gives her pleasure light-years beyond anything she has ever felt with her nerdy husband. "Orced Raw" - After finding evidence of orc activity near the border of her forest homeland, Elara the elvish ranger sets out to investigate. When she recklessly gets too close to their lair, the petite warrior is captured and taken to their arena, where she learns that she has been chosen to become the tribe's latest broodmare and must now face off against every healthy male orc of the tribe in a battle/mating ritual. In the process, it emerges that her hatred of the orcs masks other, more shameful feelings, and as the brawny, well-hung monsters overwhelm her and roughly have their way with her, she finds herself wracked with bliss the likes of which she has never felt before.

Nothing Created Everything - Ray Comfort 2009

Richard Dawkins is arguably the modern poster boy for Charles Darwin. However, a key difference radically separates the two men. Darwin believed in the existence of God and calls God the "Creator" seven times in "The Origin of Species." Dawkins, in contrast, claims, "The more you understand the significance of evolution, the more you are pushed...towards atheism." It seems Professor Dawkins thinks Charles Darwin didn't understand his own theory. Just months after the 2009 discovery of the supposed "missing link," author Ray Comfort turns the tables on evolutionists. In "Nothing Created Everything," he examines the evidence for evolution and shows it is lacking. He demonstrates that when it comes to explaining how life began, atheists and evolutionists offer faith not facts. Ironically, atheists insist nothing created everything, a scientific impossibility. In a conversational tone, Comfort speaks to both atheists and believers and urges this discussion be based on hard evidence. And when it is, he insists, people will realize evolution is a theory that can't be tested or measured and therefore can't be scientific.

Trans Wizard Harriet Porber And The Bad Boy Parasaurolophus - Chuck Tingle 2020-06-12

Trans wizard Harriet Porber is a master spellsmith who's found herself in a bit of a pickle. After finishing wizard college, Harriet made a name for herself by creating a hit viral spell, but has since failed to craft a follow up. Now Harriet's agent, Minerma, is breathing down her neck, suggesting that Harriet take a trip to an island off the coast of England for inspiration. Hoping for some peace and quiet to clear her head, Harriet Porber arrives to find that her new neighbor, an angsty bard named Snabe from the band Seven Inch Nails, is already there making a racket. This parasaurolophus spellcaster is a bad boy through and through, and with his incredible powers of metamagic, Snabe reveals that this layer of reality is much more than it seems. Could Harriet and Snabe really be characters in a parody romance novel? Soon enough, these two are discovering they have more similarities than differences: both trans, both strong, and both hoping to create a new spell that will change the world. But with the addition of two devious sentient motorcycles to the mix, Dellatrix and Braco, things start to get complicated. Now trans wizard Harriet

Porber is caught up in a tale of magic and mystery where nothing is as it seems, except for one universal truth: love is real. This is a 52,000 word bad boy romance novel for adults. It contains some explicit scenes.

Straight - Chuck Tingle 2021-05-08

When a strange tear in the cosmos appears within Earth's annual path, the consequences are disastrous. For one night a year, the vast majority of humans now undergo a frightening mental change, transforming into hateful, rage-fueled zombies who will stop at nothing to satiate their desire for brutality. While not much is understood about this horrific mass hysteria, the demographic it effects is very specific: cisgender straight people. A few years after the first of these tragic events, four friends from across the queer spectrum look for safety in solitude, hunkering down in a remote desert cabin for what is now known as Saturation Day. With a vaccine available for straight people to curb their violent episodes, some predict the worst is over. Others aren't so sure. As night falls, it becomes clear that survival isn't guaranteed this Saturation Day. This is the first horror novella from two-time Hugo Award finalist Chuck Tingle.
