George Berkeley David Berman 1996 George Berkeley is one of the best known names in British philosophy. Unlike nearly all previous studies, this book looks at the full range of Berkeley's work and links it with his lifefocussing in particular on his religious thought. Dr Berman presents a clear picture of Berkeley's career, and at the same time breaks new ground on, among other topics, Berkeley's philosophical strategy, his account of immortality, his Jacobitism, and his emotive theory of religious mysteries. Special attention is paid to the Irish context of his thought, his symbolic frontispieces and portraits, and recent discoveries concerning his life and writings. The Berkeley that emerges from this study is deeper and more human than the usual pictures of him: something more than the starry-eyed idealist or commonsense realist, something less than the good bishop with every virtue under heaven.

Diamond Heart: Book Three A. H. Almaas 2000-09-05 We live in a world of mystery, wonder, and beauty. But most of us seldom participate in this real world, being focused rather on the part that is mostly strife, suffering, or meaninglessness. This situation is basically due to our not realizing and living our full human potential. This potential can be actualized by the realization and development of the human essence. The human essence is the part of us that is innate and real, and which can participate in the real world. The Diamond Heart series is a transcription of talks given by the author in both California and Colorado, for several years. The purpose of the talks is to guide and orient individuals who are engaged in doing the difficult work of realization.

The Afterlife Unveiled Stafford Betty 2011-06-16 What happens to us when we die? Many think of heaven as an unimaginable state of bliss. As for hell, it's far out of proportion to any sin we might have committed and makes a travesty of God. But what if the afterlife was something very different? The key to such knowledge is mediumship. Three decades of research have taught the author, a world expert in the field of death and afterlife studies, who the most reliable voices are. These accounts are far better developed and more plausible than anything found in the world's scriptures or theologies. We hunger for a reliable revelation telling us that life here and now is meaningful and good, that each of us has an important part to play in its proper unfolding, that we are accountable for all we do, and that the godless materialism all around us is a pathological mistake. The world ahead, unlike ours, is fascinating and fair. Authentic mediums may be the closest thing to the voice of God that our planet has.

Love Unveiled A. H. Almaas 2020-03-23 A passionate and deep exploration of how love is essential to our spiritual growth and development, from beloved author and teacher A. H. Almaas. Love is a universal energy--and a primary force that powers our movement toward spiritual illumination. All the ways we need love are simply reflections of our need for spiritual growth. In Love Unveiled, A. H. Almaas explores three dimensions of love: appreciative love--the true liking of somebody or something; merging or connecting love--a force that melts away separateness; and passionate, ecstatic love--capable of consuming us from inside. In their own way, each reveals the beauty and exquisiteness of our spiritual heart, which is the heart of the divine. However, the path of spiritual love is not without challenges. Almaas explores the barriers that tend to block our experience of loving awakening and provides experiential exercises throughout the book to help readers along their path. The exercises focus on the obstacles or misunderstandings that commonly arise for each quality or dimension of love. Presented in the form of writing or monologuing prompts, readers can work independently or in small groups to confront the emotional obstacles on their spiritual path. Regardless of where you are on your path, Love Unveiled will help you explore love in three essential dimensions and gain a deeper connection to yourself.

Love Unveiled William G. Ferguson 2009-11 Love Unveiled contains a unique collection of poetry written by William G. Ferguson, detailing his personal experiences from the relationships that he has shared and has witnessed, thus far in his lifetime. It touches, not only on the joy and the fulfillment of finding love, but also the disparity and sorrow of losing it. It follows the path of healing that we all must negotiate, denial; pain and sorrow; laying and absorbing of blame; bitterness; regret and eventually, but most importantly, trying to find forgiveness. This collection is poetry in its most sincere form, combining rhythm with rhyme and good reason, to touch us all deeply in one way or another. It also remarks on love as it affects us in other aspects; the love of family and friends, love of our children, our pets and our love of nature and life itself. This is a must read for those of us who have ever experienced the excitement of a fresh new love and the dream of it being that one and only enduring love. Despite the authors' journey, he maintains his insistence that true love is just around the corner, waiting for us to find it!

Love Unveiled Edward Sri, Ph.D 2015 Based on the acclaimed film series, *Symbolon: The Catholic Faith Explained*, this book leads readers through the "big picture" of the Catholic faith. Professor Sri helps you discover all the essential aspects of the Catholic faith - from creation, the cross and the Church, to the sacraments, social teaching, sexual ethics, purgatory, the papacy and prayer. The author shows how all the aspects of the faith fit together into the one overarching story of God's love for us and our participation in that love. He uses the Catechism of the Catholic Church for our itinerary, focusing on the four main pillars of the Catechism - Creed, Sacraments, Moral Life and Prayer As we walk through core Catholic beliefs, he addresses common questions people have today, such as: • Why do I need the Church - can't I just be spiritual on my own? • Isn't one religion just as good as another? • How is the death of a man 2,000 years ago, in a city far away, relevant for my life today? • Why does the Church talk about morality so much? Can't I make up my own morality? • Is it really our responsibility to care for the poor— doesn't God help those who help themselves? • Addresses common questions Protestants have about Mary, the Bible, Confession, the Papacy, the Mass. Much more than an intellectual enterprise, this work is also a deep spiritual reflection that draws upon the beauty of the Catholic tradition and the insights of the saints. It offers many practical applications to our daily lives,

considering how the various aspects of the faith invite us to a deeper conversion— to love God more and entrust ourselves to him. Thus, this book aims to form the head and the heart, helping us to not only understand Jesus and his plan of salvation, but inspires us to love him and our neighbor more. For this is what the faith is all about: “Being a Christian is not the result of an ethical choice or a lofty idea, but the encounter with an event, a person, which gives life a new horizon and a decisive direction.” (Pope Benedict XVI)

Love Unveiled Margaret Ayton 1981

The Power of Divine Eros A. H. Almaas 2013-09-17 Two innovative spiritual teachers show how to use desire and passion—eros—as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey? According to A. H. Almaas and Karen Johnson, they are an essential part of it. Conventional wisdom cautions that desire and passion are opposed to the spiritual path—that engaging in desire will take you more into the world, into egoic life. And for most people, that is exactly what happens. We naturally tend to experience wanting in a self-centered way. The Power of Divine Eros challenges the view that the divine and the erotic are separate. When we open to the energy, aliveness, spontaneity, and zest of erotic love, we will find it inseparable from the realm of the holy and sacred. When this is understood, desire and passion become a gateway to wholeness and to realizing our full potential. Through guided exercises, the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically, to relate with openness, and to discover dynamic inner realms with another person. Through embodying the energy of eros, each of us can learn to be fully real and alive in all of our interactions.

"The book of Revelation reveals, from more than one perspective, the emergence of this vast end-time empire governed from a great city God labels “Babylon the great”, the reference here being to Rome." Unveiled Deborah Kanafani 2008-01-08 In the early 1980s, Deborah Jacobs was an ordinary Lebanese American college student from Long Island, New York. By the end of the decade, she would bear witness to the making of international history. Her story begins in graduate school: through a series of chance encounters, young Deborah was introduced to Marwan Kanafani, a dashing former soccer star turned high-ranking Palestinian diplomat who was working at the United Nations. A political dynamo with movie-star charm, Marwan swept Deborah off her feet and into a marriage that kept her in the company of diplomats, dignitaries, world leaders, international glamour and intrigue. Although exciting, this lifestyle also isolated Deborah increasingly from her independent, American way of living, creating a rift that would end their marriage.

Marwan's profile was on the rise, and with it came a number of crucial connections for Deborah: while his involvement with the PLO intensified, eventually resulting in his appointment as senior advisor and spokesperson for Yasir Arafat, she formed friendships with such women as Suha Arafat, Queen Dina of Jordan, and other women married to Arab leaders. After her divorce, when these women agreed to tell their stories of struggle and survival for a book, Deborah traveled to the Middle East to record them, planning to join her children, who were on the West Bank visiting their father. To her shock and horror, he refused to return the children to her. Deborah stayed in the Middle East for several years to be near her children, finding strength in the women whose lives she documented and whose incredible stories are told in this book. She was eventually able to arrange the return of her children when they were evacuated to another country during a Palestinian uprising. The story of her journey, intertwined with those of the wives of the Arab leaders, takes the reader into an otherwise inaccessible and cloistered world populated by larger-than-life characters living out all-too-human dramas. Culture, politics, and family collide in this gripping front-row perspective of the Middle East conflict and of the courageous women working behind the scenes for peace and challenging the patriarchal traditions of their homeland.
