The Black Man Drought - Lorraine Stephens 2015-02-04

An insightful, bold exploration into the disappearance of African American men, *The Black Man Drought* is upfront about the issues plaguing them. From drugs to jail to interracial dating and homosexuality, this sometimes funny, sometimes serious, sometimes sassy in your face narrative forces an internal look into the choices of Black men and how they affect the whole community.

Engaging Black Men in College Through Leadership Learning -

Cameron C. Beatty 2023-05-01

This book encourages leadership educators and practitioners to understand the importance of black male leadership on college campuses in today's world. As the push to make higher education more culturally relevant and inclusive, the need for these educators to critically engage in their work to create intentional and developmental experiences for their black male leaders is needed now more than ever. The contexts outlined in this book illustrate the need to see Black men's leadership as a critical, dynamic, and ever-evolving component on college campuses that requires intentionality to best develop, serve, and holistically engage Black men in leadership learning. This book is intended to be a practical and scholarly resource to aid in the awareness of Black men in college, Black men's leadership identities and experiences, and the growing need to assist this population's success in college and beyond. *Engaging Black Men In College Through Leadership Learning* centers on leadership and Black identity as it tackles the intersecting identities of maleness, Blackness, and leadership identity as it encourages educators to consider the importance of the college environment in shaping the next generation of Black men collegiate leaders. In addition, this scholarship provides insight into Black men's leadership experiences in various contexts - including fraternity life, first-year experiences, and student organizations, while capturing the collective experiences of Black men as leadership learners at different types of institutions, including HBCUs, Community Colleges, PWIs and a host of other institution types. This resource is for leadership educators and practitioners to develop Black men as leaders on today's college campuses, where our global society continues to navigate challenges. This book also situates more nuanced topics such as mental health, trans identity, graduate education, and the experiences of former foster care youth, which provides insight into the experiences of Black men as leaders on college campuses. These contexts illustrate the need to see Black men's leadership as a critical, dynamic, and ever-evolving component on college campuses that requires intentionality to best develop, serve, and holistically engage Black men in leadership learning. We encourage readers of this text to consider how black men's experiences with leadership are woven into the fabric of your college campus and how you can be an advocate for more critical and sustainable ways to engage Black men in college through leadership learning.

Carrying the Burden of Peace - Sam McKegney 2021-04-27

Weaving together stories of Indigenous life, love, eroticism, pain, and joy to map the contours of vulnerable yet empowered masculinities, *Carrying the Burden of Peace* provides a critical examination of Indigenous

masculinities that strives also to be an honour song.

Had Black Girls Been Family Orientated - Harry Saffold Jr.

2018-03-27

From reading the title of this book, one might assume that I'm a disgruntled African - American man who after having had several bad experiences with African - American women uses this platform to undermine the hard work of African - American parents who raised their daughters to one day become strong vibrant women in society, loving wives to their husbands, and nurturing mothers to their children. Not so. *Had Black Girls Been Family Orientated* paints a vivid picture of various dilemmas many African - American women face after entering relationships. You know those single, broken, widowed, and married women who face and make decisions that affect them and their families every day. However, what makes life the more challenging is that many of them are later disappointed to find that everything their loving grandmamas, mommas, and favorite aunties passed on to them was not always accurate. Some face the raw reality that God did not put every marriage together, and because a man has been working since he was eleven years old, has a good job today, and can lay the foundation for her house and throw up four walls to it does not mean he will connect with her emotionally, nurture her, love her as she deserves, and crown her as the queen of it. I am a strong believer that an uneducated woman is in trouble no matter where she is in life. Whether she dwells in the board room, sports a blue collar on the slab, or lingers in the streets among thugs and hustlers, a woman must be in the know and not allow any man, or any contradictory traditions to limit or cloud her perception of what love should be for her. Having limited knowledge of such can lead a woman into relationships that are so hazardous that she never recovers from it. Some women lead an endless unhappy life with their guards up while constantly relying on inward intuition as a guiding light for them. Sometimes their inward intuition serves them well, and sometimes it's all in their head. Some women are constantly revisited by memories of the man who became so frustrated with himself and everything around him that he abandoned her, leaving her loverupt, and sometimes with children. For another group of women acting out serves as a safety tactic to keep all men at bay while some hold no regard for the men in their lives. Then as the world gets colder there are a group of women who after being hurt so much they stand in the cold outside of the potentially warm relationship that awaits their entrance. And then there are those women who after enduring the long disappointing rollercoaster ride finally gets off, but after a temporary break from the ride they find themselves settling for the same ol' no good kind of man who hurts them. And as men, we are not excluded, for we praise her home cooked meals but frown on her feisty attitude and insecurities of which may have derived from her childhood. We admire the woman who has achieved degrees and met countless goals in life but is also expected to embrace what's traditional, a husband and children when perhaps she wants neither? Does she not deserve to be loved? So before one judges the man behind this book cover, take into consideration that I too, am all for Girl Power! But there is no power to be, until women attain the full truth

about self-love that exceeds family tradition, public opinion, ideologies, dogma, peer pressure, vain pride, and victimization. It's so easy to say love is what love does, but what is love? I've learned that love is the dual force which speaks as a testament of the wholesomeness shared between two people whose relationship endured the tests of time and trials. - Harry Saffold Jr.

Ulysses in Black - Patrice D. Rankine 2008-12-30

In this groundbreaking work, Patrice D. Rankine asserts that the classics need not be a mark of Eurocentrism, as they have long been considered. Instead, the classical tradition can be part of a self-conscious, prideful approach to African American culture, esthetics, and identity. *Ulysses in Black* demonstrates that, similar to their white counterparts, African American authors have been students of classical languages, literature, and mythologies by such writers as Homer, Euripides, and Seneca. *Ulysses in Black* closely analyzes classical themes (the nature of love and its relationship to the social, Dionysus in myth as a parallel to the black protagonist in the American scene, misplaced Ulyssean manhood) as seen in the works of such African American writers as Ralph Ellison, Toni Morrison, and Countee Cullen. Rankine finds that the merging of a black esthetic with the classics—contrary to expectations throughout American culture—has often been a radical addressing of concerns including violence against blacks, racism, and oppression. Ultimately, this unique study of black classicism becomes an exploration of America's broader cultural integrity, one that is inclusive and historic. Outstanding Academic Title, Choice Magazine

Black Hearts - Iii Myers 2003

The book is in 2 parts. The first part looks at the historical aspect of Blacks and sexuality. It begins in Africa and the sexuality among various tribes. It moves along into American slavery and the sexuality of the slaves and how sex was used against them. It then moves into Reconstruction and into the 20th century and how relationships among Blacks were influenced by the history. This section shows how the relationships between Black men and women were damaged by societal laws that were created to tear apart the Black family unit. The second part of the book looks at other sexual and relationship issues for Blacks in America. Some of the topics include Black skin color (light vs. dark), Sexually Transmitted Diseases and Blacks, Black gays, lesbians and Homophobia, Black sexual relationships and Black sexual stereotypes and their effect on Black sexuality.

African American Church Leadership - Paul Cannings 2013

How can African American church leaders maximize their leadership potential? What are current models for effective leadership in the African American Christian community? This book answers those questions and more with up-to-date research and current best practices regarding leadership principles and strategies. African American church communities and those who interact with and work with these communities will find this book particularly useful. ParkerBooks are written to equip and encourage African American ministry leaders.

The Cold Reality - Alvis Davis 1990

We Real Cool - Bell Hooks 2004

First Published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

Had Black Girls Been Family Orientated - Harry Saffold 2017-10-04

From reading the title of this book, one might assume that I'm a disgruntled African - American man who after having had several bad experiences with African - American women uses this platform to undermine the hard work of African - American parents who raised their daughters to one day become strong vibrant women in society, loving wives to their husbands, and nurturing mothers to their children. I've learned that love is the dual force which speaks as a testament of the wholesomeness shared between two people whose relationship endured the tests of time and trials. - Harry Saffold Jr.

Is There Really a Shortage of Good Black Men? - Aaron Anwar Smith 2010

Where are all of the good Black men? Are they dead, in jail or gay? Or is there more to it? *Is There Really A Shortage Of Good Black Men?* seeks to empower all African-American relationships. It strongly supports the significance of reinforcing all associated truths and dispels every myth created against the unification of Black men and women. From historical facts rarely discussed within homes and social settings, to easy-to-use techniques and methods, this book brings direct attention to a wide variety of issues related to the idea of there being a shortage of good Black men. Whether it is illegitimacy, infidelity, homosexuality, or abandonment, many can relate to these deep-seated topics. It also teaches techniques that will bring success to women longing to build a supportive foundation in quality relationships with worthy men before they begin their search.

Men's Lives - Michael S. Kimmel 1989

Subject Guide to Books in Print - 1975

Would Jesus Date A Woman Like Me? - Brian Bolden 2015-02-11

Throughout the centuries, frustration, disappointment, and despair on both sides has created a great divide between black women and black men. In the world of relationships, it has become increasingly difficult for black women to make an emotional, spiritual, and psychological connection with black men. For many women, they don't even know how to begin to put on a different "hat" and often find themselves saying, "Why can't I find a good black man?" The truth of the matter is, many black women are sinking and drowning, according to many black men. On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with, not the least of which has been black women who are deceitful, disrespectful, high maintenance, materialistic gold diggers with "get paid" mentalities. The end result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers. For those black men, having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have. For them, dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women. Sadly, a lot of black men all over the country have lost love and respect for many black women. A lot of black men feel many black women have no idea how to love them, care for them, or nurture their men. They no longer believe that black women are good homemakers nor can they keep a peaceful home. This is an epidemic that has spread all over America. It is my sincere belief that the

thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men--particularly black American men, such as: Why will he bed me but not wed me? Why have many black women lost the love and respect of black men? Why are black men continuing to cross the fence in alarming numbers? Why are black men becoming more hesitant to approach black women? Are black men really intimidated by successful black women? Why are so many black men disappointed, discouraged, and frustrated with many black women? Why do many black men see black women as too difficult and too complicated to deal with? Why are some black men making a vow to never date or marry another black woman ever again? Why are many black women hitting home runs in their careers but striking out in their relationships and marriages? These are some of the questions that are answered in this book. This is why it was so important for me to write this book. I want to inform black women in America what they need to do to help restore the faith of good-quality black men. I want black women to understand that I am writing this book as a wake-up call. If I do my job well, perhaps these words will sufficiently energize the mind, heart, and soul of the amazing creation God called woman to stimulate positive behavioral change in her--or at least provoke a little thought. Now, I know I'm treading on thin ice here, but trust me when I say this book is not about bashing black women in America. It's a book about reality and truth. More often than not, most of us do not like to hear the truth because it forces us to take a good look at ourselves, blemishes and all. The old adage, "The truth hurts," could certainly apply here. However, another old adage is also applicable: "The truth shall set you free." By writing this book, I truly hope to make it easier for black men and woman to come together as one. I want black women to understand that just because many black men have lost faith doesn't mean that we have given up on you. The reality is that sometimes we need to be challenged, and this book will definitely challenge many black women in America to take an introspective look at themselves. Keywords: African American Women, Black Women, Woman, Black Men, Relationship, Dating, Marriage, Sex, Self-Help

Mama Jones - Mama Jones 2013-10-16

Mama Jones: My Guide to Love and Romance. Just when you thought it was safe, Mama Jones, the Reality TV Star, strikes with her self-styled brand of realness in Mama Jones: Her Guide to Love & Romance. She skillfully blends humor and old school wisdom to teach the masses how to love. The self-proclaimed Realest Bitch holds back no punches when expressing her views, which are non-traditional, to say the least. Her insight on male/female relationships rivals those who claim to be experts in the field. Because she is so real, she cuts straight to the chase when giving advice on Love & Romance. That is what makes her guidance so powerful. She compels you to see life through her lenses. Her goal is to inject the world with Mama Jones dose of reality, restoring the balance in how people interact with one another. She addresses the young men and women of this generation profoundly, challenging them to embrace each other in a more affectionate manner. Mama Jones: Her Guide to Love & Romance is not just about relationships, its also a spiritual and a motivational manual. She is a God-fearing woman, and her chief philosophy is God is Love. This book will make you laugh and cry while

enlightening the mind, body, heart, and soul. www.wclarkpublishing.com

Home - LeRoi Jones 2009-01-01

Essays of the 1960s by a prominent African American voice who "demands rights—not conditional favors" (The New York Times Book Review). Amiri Baraka, also known as LeRoi Jones, was known not only as a poet, playwright, and founder of the Black Arts movement, but also as one of the most provocative voices of the civil rights era and beyond. These pieces, which span the years from 1960 to 1965, cover subjects ranging from Cuba to Malcolm X to street protests and soul food, and are accompanied by the author's new introduction from 2009.

The Cool-Kawaii - Thorsten Botz-Bornstein 2011

At the turn of the millennium, international youth culture is dominated by mainly two types of aesthetics: the African American cool, which, propelled by Hip-Hop music, has become the world's favorite youth culture; and the Japanese aesthetics of kawaii or cute, that is distributed internationally by Japan's powerful anime industry. The USA and Japan are cultural superpowers and global trendsetters because they make use of two particular concepts that hide complex structures under their simple surfaces and are difficult to define, but continue to fascinate the world: cool and kawaii. The Cool-Kawaii: Afro-Japanese Aesthetics and New World Modernity, by Thorsten Botz-Bornstein, analyzes these attitudes and explains the intrinsic powers that are leading to a fusion of both aesthetics. Cool and kawaii are expressions set against the oppressive homogenizations that occur within official modern cultures, but they are also catalysts of modernity. Cool and kawaii do not refer us back to a pre-modern ethnic past. Just like the cool African American man has almost no relationship with traditional African ideas about masculinity, the kawaii shTjo is not the personification of the traditional Japanese ideal of the feminine, but signifies an ideological institution of women based on Japanese modernity in the Meiji period, that is, a feminine image based on westernization. At the same time, cool and kawaii do not transport us into a futuristic, impersonal world of hypermodernity based on assumptions of constant modernization. Cool and kawaii stand for another type of modernity, which is not technocratic, but rather 'Dandyist' and closely related to the search for human dignity and liberation.

Books in Print - 1994

Paperbound Books in Print - 1992

Men's Lives - 1995

Edited by two of the field's most prominent researchers, this best-selling reader on men and masculinity contains the most current articles available. Organized around themes that define masculinity, this reader takes a life-course perspective, using the idea that men (as well as women) are "gendered" and that this gendering process is a central experience for men. The authors explore how working class men, men of color, gay men, older men, younger men, and boys construct different versions of masculinity. The sixth edition includes 18 new readings, on topics like: making a name for yourself growing up as a "bad boy" ; college men and drinking; contemporary conceptions of "macho" ; male workers in a feminized occupation (clerical workers); "girl-watching" in the workplace; sex tourism; masculinities and globalization.
