One encounter changes everything and Julie is no longer the girl he's spent his life protecting but a desirable woman he wants to take to his bed. Knowing his reputation, he's determined to protect Julie more than ever—from himself. Veterinarian Julie Rogers has been in love with Tommy since she was ten, but would love to get over the man. She's quiet nights at home and a glass of wine. He's clubbing all night and shots of tequila. As friends they work great. As a couple? No way in hell. She just can't get her heart to agree. When she starts spending time with another fighter, the man who's always treated her like a sister is suddenly not being very brotherly and enflames her body like never before. Can two childhood friends make a relationship work, or will they lose everything because they stopped FIGHTING LOVE

He thought that this would entice her back into his arms but how wrong he was. The best friend grew angry that the girl was being stalked but their love for each other only grew stronger. The man became angry and decided to resort to drastic measure in order to show the girl that she belonged with him. She was distraught when the best friend became involved in an accident. She sat by the bed of her best friend watching helplessly as she prayed for their survival. The odds were stacked against them and for a time it looked like the happy ending that the girl had longed for was now lost to her. The man watched how she broke and he knew that he'd lost her forever despite everything he had done to win her over. She was head over heels in love with the best friend. Would the best friend fight for the girl or was their happily ever after just a fantasy?

Fight Or Flight - Harley Reid 2021-07-25

From up and coming British author, Harley Reid, comes a brand new, second chance romance about love, loss, and finding your way back to the one you love. "If you're going to love, love all the way. Don't be scared of getting hurt or you will never know real love." LEXI I never needed Mr Right. I was perfectly happy with Mr Right Now. But that all

changed when he came along. He made me love him, and then eighteen months ago, he left. Tearing my heart into a million pieces and burning my world to the ground. Now I'm on the verge of losing the acting career I've worked so hard for and the only way to rebuild my reputation is to fabricate the perfect relationship. And the only man who can help me is him. Can the man who destroyed me, be the one to put me back together again? MATEO I never wanted to hurt her. I had my reasons for walking away. My life is miserable without her in it. Ever since I left, I've distracted myself with charity work and championship fights. Because there is one thing missing in my life, and I only have myself to blame. Now I have the chance to make things right, and after what I did to her, after leaving the way I did, it's the least I can do. I'm going to win back the woman who owns my heart. But how can I show her that our love is worth fighting for? Fight Or Flight contains scenes of a sexual nature, violence and strong language. It is suitable for readers 18 years and over. The Love Fight - Tony Ferretti 2022-03

Opposites have tied the knot since the beginning of time. To explain the bond, experts have used the analogies pink and blue, Venus and Mars, or spaghetti and waffles. In The Love Fight, Drs. Tony Ferretti and Peter Weiss address a new dichotomy: the clash between Achievers and Connectors. In studying couples with Achiever and Connector personalities, this duo illustrates how this common encounter can create a mutually satisfying relationship. Their expertise will walk you through the scrimmage between those who want to accomplish and those who want to relate. They couldn't be more opposite, but Drs. Tony Ferretti and Peter Weiss know how to mentor Achievers and Connectors through their differences and guide them to a marriage that lasts. A healthy marriage can lead to better health.

[Worth Fighting For - Lisa Niemi Swayze 2012-01-05](#)

Lisa Niemi and Patrick Swayze first met as teenagers at his mother's dance studio. He was older and just a bit cocky; she was the gorgeous waif who refused to worship the ground he walked on. It didn't take long for them to fall in love. Their thirty-four year marriage -- which they explored together in The Time of My Life -- was a uniquely passionate partnership. Now, for the first time, Lisa will share what it was like to care for her husband as he battled Stage IV pancreatic cancer, and will describe his last days when she simply tried to keep him comfortable. She writes searingly about her grief in the aftermath of Patrick's death, and candidly discusses the challenges that the past fourteen months without him have posed. But while this is an emotionally honest and unflinching depiction of illness, death, and loss, it is also a hopeful and

life-affirming exploration of the power of the human spirit. Lisa shows that no matter how dark the prospect of another day may seem, there are always reserves of strength to call upon, and the love shared between two people will never truly die.

What happens when the kids leave for college and you remember you're not just mom, but a woman too? Simply going through the motions, on autopilot day after day, weighed heavily on me. The one thing which bonded my husband and me, before the kids came along, was slowly cast aside as their needs grew more demanding. Intimacy became an act; a performance, without the desire, passion, and lust we once shared. My need to feel desired and wanted by my husband ate at me and I was determined to make him see the woman he married. I wasn't going to give up and hatched a plan, one which would hopefully forge a new beginning for us. Fighting to keep our love alive was a risk, but, for us, I was prepared to do anything.

resentment. A divorce means life will be tipped upside down, and everything will need to be changed. Worst of all, the partner you promised to love forever will no longer be present in your life, leaving you feeling lost and alone. You likely have a lot running through your mind right now, and that is normal. In this book, we will explore various ideas and methods you can use to avoid a divorce you do not want. If you are serious about wanting to stop a divorce, as soon as possible, soothe the panic, skip the moping, and make an action plan. The steps inside this book guide you on a plan. Remember, nobody ever actually wants a divorce. What we really crave are fulfilling and sustainable relationships with people who understand and care. You can avoid the divorce suggested to you by your spouse. It is going to take a lot of hard work, patience, and there will be times when you just have to swallow your pride and accept what happened. The important thing to do is focus on what can happen, not what has already happened. Stay positive, stay strong, and you will have a better chance of saving your marriage

Fighting For Your Touch - Nikki Ash 2021-05-03

Caleb As a teenager, I learned firsthand how untrustworthy and cruel a woman could be. She destroyed me from the inside out and took everything from me. The first chance I got, I ran and have been running from my past ever since. Until I met Hayley. She's a complete game changer. She's everything I never thought a woman could be. She's honest and sincere and completely selfless, and by some miracle, she's fighting for me. I'm learning, if I want to keep her, I'm going to need to find the courage to fight for us instead of finding the strength to run.
