*Dating Tips for Guys* - Carolyn Bright 2017-03-10  
Women are just people without penises.

Remember that golden rule. Every dating guide, every Hollywood movie, every matchmaking website, makes profit by distracting you from this fundamental truth. She is not an alien species; she is just a regular human who sits down to pee. All anyone wants is to love and to be loved. A lot of dating guides are aimed at men who, deep down, don't actually like women. Instead of helping men to understand the opposite sex, these guides encourage men to use mind-games and manipulation to get girls into bed. They encourage cold-hearted efficiency and fast turnover, like a corporate cost-cutting guide. That's fine, if you don't mind falling asleep to the sound of a stripper crying in your shower. This book is aimed at men who are

looking for a girlfriend, not just a succession of joyless hook-ups. When you're looking for a girlfriend, physical attraction is important; but you also want to talk to her about your day, and introduce her to your friends, and take her out for dinner, and spend Sunday afternoons together watching Seinfeld re-runs in your underpants. That's a lot to ask for, really, and it's no surprise that people spend their whole lives searching for one special person. This book will talk you through the very earliest stages of a new relationship - meeting someone, asking them out, and taking them on the first few dates. For many people, this is the most difficult part of the game - keeping a girlfriend happy is child's play compared to the difficulties of finding a girlfriend in the first place. This guide is written from a woman's point of view, to show you other side of the dating game. It's not a set of strict instructions, but a gentle push in the right direction. At each step, there are tips to help things to run smoothly and advice on avoiding common pitfalls. There are also explanations of some things women do which men tend to find confusing. There is someone out there for everyone. It's a cliché to say that, but it's true. Be yourself! That's another cliché, also true. Women are just people without penises, remember. They have different interests and different desires in just the same way that men do. Whatever makes you weird may be the same thing which attracts people to you. Overweight geek obsessed with anime? There's a Studio Ghibli fan out there who just loves to be hugged by a big guy. It's true that you might have more success with the ladies if you were a handsome billionaire with a six-pack - but so what? There's not enough time in your life to date every attractive woman in the world, so it makes sense to focus on finding the ones who really suit you. The aim is not to turn yourself into some kind of seduction machine, who can charm every woman you meet into bed. Or course, it's nice to daydream about being irresistible to the opposite sex, but if you have to put on a fake James Bond persona to get a date, you're dating the wrong people. It's wiser to keep on going as you are, but knock off the rough edges. Be yourself - but better. Make the most of what's going well for you already, and stop doing those little things which hold you back. There are so

many factors which affect the way women see you, and you can take easy steps to improve your success with women without having to expend a lot of energy or feel like you're faking it. These are some of the most practical dating tips for men in the real world today!

**Matchbook** - Samantha Daniels 2005-03-01  
Fans of *Sex and the City* and *Bridget Jones's Diary*, and anyone who loves to date vicariously, will fall in love with Matchbook. In this irresistible read, America's hippest Matchmaker borrows from her real-life experiences to create an urban love story about searching for "The One." When people learn what Samantha Daniels does for a living, they have to know more: How did she become a Match-maker? How many matches have led to marriage? How does it work? Who's her craziest client? And most of all, how can a Matchmaker be single? Samantha Daniels is unlike any Matchmaker you've ever heard of. Young, ambitious, and, yes, single, she's the founder of Samantha's Table, an introduction service that caters to singles in New York and Los Angeles who are ready to invest seriously in the task of finding The One. After handpicking their matches, Daniels works with her clients as their cheerleader, part-time therapist, dating coach, voice of reason, and closest confidante as she helps them down the road to happily ever after. Readers learn how Daniels started her Matchmaking business (How much do you charge for finding the love of someone's life? How do you screen out the Undatables?) and get to know the colorful cast of characters whom she fondly refers to as her "Desperados." There's Mr. Cheapskate, Miss Manhunt, and Looks Good from Afar Guy. There's the 39-year-old female corporate exec who wants a husband yesterday; there's the guy who will only date women worthy of Brad Pitt; there's the gazillionaire who offers a \$60,000 bonus if Samantha can find him a supermodel

wife; there's the very well endowed woman who's having trouble finding men attracted to her mind; and a host of others. Will Samantha be able to make them a match? And more importantly, will this Matchmaker find herself a match? You would think that meeting hundreds of single men would make dating a snap, but not even a Matchmaker can avoid the pitfalls of single life. Readers are introduced to another lively cast of characters -- the men that Daniels herself dates. Readers meet the many Not for Me Guys and a few Maybe for Me Guys, to see that even a celebrated Matchmaker can be a Desperado herself. Throughout the book, Daniels also offers real dating advice (such as the most common first-date mistakes and tried-and-true conversation topics) and secrets of the trade (why September is the best month for Matchmaking). Like a real-life episode of *The Bachelor*, *Matchbook* is a wild ride through the flirty, unpredictable world of urban dating, with a wise and witty guide at the helm. For those who love romance and anyone looking for love, *Matchbook* is a perfect match.

Too embarrassed to correct him, Gilda is abruptly hired to replace the recently deceased receptionist Grace. In between trying to memorize the lines to Catholic mass, hiding the fact that she has a new girlfriend, and erecting a dirty dish tower in her crumbling apartment, Gilda strikes up an email correspondence with Grace's old friend. She can't bear to ignore the kindly old woman, who has been trying to reach her friend through the church inbox, but she also can't bring herself to break the bad news. Desperate, she begins impersonating Grace via email.
