*Visions in Poetry* - Jackie Hardcastle 2014-01-24

Jackies journey into the unravelling mysteries of the spiritual realm started as a casual glance into her clairvoyant skills, a cute hobby, to pass the evenings away. The Angels had other plans. This story is the unravelling of the information, about the spiritual world through her eyes, as she discovers more about herself, her gifts, and her visions that turned into poetry. Written as a firsthand, introductory account of her awakening spiritual awareness, this book is set in a semi biography format, interlaced with spiritually inspired poetry. The reader is ushered through a variety of personal life lessons that eventually lead into discovering Love, Forgiveness, Gratitude, and Truth. Jackie shares with us experiences, which lead her to feel directed to share the messages, the questions, and inspirational thoughts that came through. The reader is encouraged to ask questions, and form their own opinions as Jackies quest for knowledge opens the doors for people to explore their own views and experiences about the spiritual realm, and to learn more about the Truth of who they are.

[Pit Bull 101](#) - HowExpert 2020-01-25

"Pit Bull 101" traces the loveable Pitbull from its historic ancestry to today. The dog's pedigree, genealogy, and temperament are illustrated. Pitbulls have been the subject of adverse legislation illegal operations, and public disquiet. By learning about the Pitbull, you will find that they are not dangerous, vicious, or difficult to train. Pitbulls have a varied history. They are not fighting dogs but rescue dogs, police dogs, dogs used for care, and support dogs. They will love you, unconditionally and be your most loyal friend. At

one time in America's history, Pitbulls were known as America's dog. They were on war posters for WWI and WWII, the face of Buster Brown shoes, and known as nanny dogs. You have seen the Pitbull running with the Little Rascals and as a part of Rachael Ray's dog food commercial. The Pitbulls reputation was horribly damaged by magazine articles, media prejudice, and the story of Michael Vick and his dogfighting project. Yet, these dogs that were horribly abused and tortured became happy and loving family pets and mascots. The Michael Vick tragedy changed the face of dog rescue. Fighting dogs are no longer indiscriminately "put down." The care and feeding of a Pitbull are outlined in the book. These same training techniques, feeding, and scheduling tips can be used for any dog, and if you are diligent and consistent, these tips will provide you with a Pitbull who will outlive any other breed. Now there are rescue societies and groups who understand what a Pitbull is, and they are working diligently to repair this breed's reputation. Own a Pitbull, and you will find that they are awesome dogs. About the Expert Catherine Thompson holds a Masters' Degree in Criminal Justice with an emphasis on grant writing.
