How to Get Your Ex Girlfriend Back - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

The Perfect Sex Guide How to Make Her Explode - Tino Mario 2017-02-21

Have you ever wondered what it was that appeals to woman about Italian men? French men also have a certain "je ne sais quoi" but do you know

why this is? In this book, I will explain why the appeal is so universal among women and what it is that these men have that perhaps you don't. Ask a woman about a fantasy romance, and no doubt, the idea of making love with a passionate Italian may figure in her dreams. It's not that she's even interested in being with a man of another culture. It's just that Italians have long since learned the art of lovemaking and do it with panache. Men, on the other hand, may think of an Italian woman as being hot, but it's the combination of man and woman that makes them like that. So what is it in the approach that is different? What makes a woman explode with passion? Well, I have been studying the subject for a rather long time and my findings may not be what you expect to read. However, they are accurate, bearing in mind both the male and female point of view. You may think that your macro approach to sex is working, but you may actually be surprised to know that being macho is low on the list of priorities when it comes to pleasing a woman in bed. Macho men are all about proving what they can do. They are less interested in caring about what the woman thinks or feels. These are the guys who boast about knowing all the secret parts of a woman, but who are least likely to be in the know. Why? Well, the fact is that women don't usually discuss their delicate parts with someone who has this attitude. Thus, it will only be by a sheer fluke of nature that she may actually climax during lovemaking. Wouldn't you prefer that your approach was what made sure she would be satisfied? As you read through the book, be prepared to see that a traditionalist approach is not going to gain you any brownie points. If you really want to make a woman sexually stimulated and happy, you need to appreciate that her part in the whole act of lovemaking is every bit as vital as his. It's not just a case of how hard you are. Neither is it a case of how much thrust you have. It's a two-way process and she needs to feel secure enough to let go. That won't happen if you don't teach her that she can relax and be herself with you, and most women can't do that, left to their own devices. It's an unfair world, though the classic view of a woman is that she doesn't have opinions when it comes to sex, or at least should not express them. If you are of this opinion, then this book is not written for you. It is written for those open minded enough to realize that the part a woman and man play in bed is equal or for those who wish it to be. I will show you what Italian men do that you may never have thought of! Here is a Preview of what You'll Learn... The Approach The purpose of foreplay The Different Types of Climax for a Woman The heavy uncontrollable climax Locating the G-spot Sex Toys.... And Much, Much More!

Double Standards - Richard Bingy Brown 2012-10-15

At the center of this intricate fable that sizzles with sex and Brown's signature blend of fact and fiction, are men and women who dare to examine the deepest chambers of the heart and psyche. There is strong-willed, 29-year-old Soneyah; the feisty Sylvia; Shevaughn, whose love and devotion to her husband did not spare her 10-year marriage from the pain of infidelity; Asia, a 24-year old single mother of two and Rosemary, whose adolescence marred by sexual abuse makes it almost impossible for her trust men. These women are uniquely different but they are bound to one another by their negative experiences with men and their determination to give their male counterparts a taste of their own medicine. On another layer of the story are four men, Rayman, Luke, Knuckles and Hives, who will not let anything get in the way of their faithlessness and womanizing- even their own partners. The end of their odyssey of discovery will reveal to each character unexpected destinies and a stunning truth about themselves and those they love. Witty, sharp and thoroughly engaging, *Double Standards* is a searing story of life peopled by broken yet real souls on the road to discovering redemption and what it truly means to love.

Happy Hubby's Guide to Making Your Woman Happy Too - Harvey Caras 2006-12-21

A Bloke's Guide to Sex - Blake Denbigh 2019-06-26

Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumblings of your father when you were a teenager (who basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk about sex from a male perspective, and that's what this book is about.
