Texting Women - Cristiano Marquez 2019-11-22

If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps

you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they

will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.

How to Text a Girl - Bruce Glover 2020-10-10
You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques,

and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... The Text Attraction Guide For Men - Nelson Whetat 2023-11-07
Discover The New Secrets About Texting Women To Get Dates And Sex That 99.9% Of Men Don't Know Yet When a man gets a number from a woman in person or matches with her on a dating app like Tinder or Bumble, he will often experience one or more of the following problems when he texts her: She takes way too long to reply She doesn't contribute much to the conversation (e.g., she gives short answers and seems uninterested) The conversation becomes boring or fizzles out She rejects his offer to meet up with him for a date She takes what he says the wrong way and then loses interest She ghosts him (i.e. stops replying without any explanation, even though things seem to be going well) She friend zones him (e.g. "You're a great guy, but I'm not looking for a relationship right now" or, "You're a great guy, but I'm not looking to date anyone right now" or, "You're a great guy, but I think we'd be better off as friends.") She leaves him on read and doesn't reply for days, weeks or months...or not at all She plays hard to get when it comes to meeting up Do you know why? It's because most men make texting girls far HARDER than it needs to be. They don't understand this little-known secret I shared in this guide. These days, women

are so tired, bored and frustrated by the endless texts that guys send (i.e. trying to get to know her, get along with her and just chat because he's afraid to ask her out), or the unattractive texts they send (i.e. being too nice, being too serious, sleazy, boring, etc). That's why when a woman gets a text from a guy who is using the texting method I shared in this guide, "The Text Attraction Guide For Men" she feels surprised and excited. It immediately gets her attention and she begins feeling like she wants something to happen with him (i.e. go on a date, have sex etc) The fact is that when a guy texts in the way that I recommended in this book, he will get 10x more dates and sex than a guy who just wastes a woman's time trying to get to know her or get along with her, or worse, acts like he's not even that interested in dating her. Texting women to get dates and sex is very easy when you understand how it works and why women respond so well to this more direct and masculine approach. Here's what you'll learn:

Dating Tips from a Woman's Point of View - Elizabeth Meadows 2014-09-24

If you are looking for how to get laid on the first date, that's easy, take her to a bar, get her drinking, but not to the point of throwing up. After she's pretty intoxicated, giggling at everything you say, try a few advances, touching her arm, or shoulder, and see if she responds. Dance with her, and do a little grinding, and see if she grinds back. If the answers to these are yes, then offer her, since she can't drive, to come back to your place. Once she's at your place, continue with just a little more alcohol for the nerves. Don't mix alcohol. If she was doing shots at the bar, don't give her beer or wine

coolers at your place, or she'll be spending the night with your toilet, not you. Give her just a few more shots, and then do the final move with a kiss. The kiss will tell it all. If she pushes you away, and doesn't take your advances, don't get discouraged, you still have a chance. Offer her to put a movie on, get a pillow and a blanket, if you have a pull out couch, great, or one big enough for you two to snuggle on. If not, let her lay back to watch the movie. Let her put her feet on your lap. I don't know many woman who would turn down a foot massage. Massaging is a great way to lead to sex. After both feet, work your way up to her calves.
