Learn all about how to dress, what to say, what to do when you like a man, how make him understand it, how to tell if he likes you by simple gestures and words, how to draw his attention, how to make him fall in love, what to do on a first date, how to make the most of you, how to overcome complexes, how to become sexier, all the mistakes to avoid

and finally... the secret of the perfect seductress! Preface.

"I'm a man and maybe this book is not meant for me", a male reader, as who writes, might think... nothing wronger!

Here, finally revealed all the secrets thanks to which women seduce us, make us do whatever they want, in a few words, command us (but giving us the impression to be free...).

### **Seducing a Woman with Words** - Lucas Lautier

2018-05-31

"Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction

techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging

relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations: everything is authentic (except the names used for obvious confidentiality reasons). Ready to be part of the elite? The group of 5% of men who seduce Facebook, Tinder, Happn, Bumble, Match.com, OkCupid, Instagram and many others. And who sleep with all the women of their dreams.

**How to Text a Girl** - Nick Straus 2020-04

The digital age has left us all with the task of learning about how to communicate in an entirely new way. That is: via text message! Learning how to text a woman, especially when it comes to seducing her, takes some practice, some confidence, and just the right thing to say to really get her going. Dating girls is easy in theory, but getting the conversation strategies down and learning to come across in an authentic manner can be challenging. Furthermore, there is a wide array of jokes out there in the female community about males who "do it wrong" and who immediately lose a woman's

interest through their mistakes. Luckily for you, I have everything you need to know to make this an effortless process for you! The key to effectively texting a woman with the intention of seducing her is to remember that women communicate differently than men do. Even in the digital world, women require more mental and emotional stimulation than the average man. Knowing how to push all the right buttons to drive her wild is a great way to get her turned on and coming back for more. If you do it properly, it will be effortless for you to seduce her so that she looks forward to every single message you send her. If you master the contents of this book, you will virtually always get your desired result out of any woman. If you don't, you may be left wondering why women aren't texting you back or why they seem to lose interest so quickly. To put it simply, the contents of this guidebook are a must-have for anyone that is looking for a sure thing. This book is

designed for guys in any situation, whether you are casually dating or in a serious and committed relationship, you have been together for a short period of time or for what seems like forever, or if you are online or offline. No matter who you are and what your romantic situation looks like, there is plenty of great information for any guy on here that is looking to get the girl (or get her again!) Don't be shy! And how you can be that "bad boy" without actually being bad. - Why catering to her every need from the moment you meet her will absolutely kill your chances of being anything more than her "talking friend". - Why compliments will not always get you past the pick up line, and how to really get a woman's attention when approaching her. - Why what you think girls want and what you have always been told girls want (even by other women) is one of the biggest reasons most men's chances of sweeping a beautiful woman of

**The Player's Guide for Seducing Women** - Michael Bush 2018-04-30

Congratulations! You're about to join the ranks of men like me: ordinary guys who have a lot of fun. I meet all kinds of women and have great success. Where? Everywhere; I hook up when I plan on it, and even when I don't. One thing remains the same: I have lots of women around me at all times. They remain my friends forever because I'm a great guy and I know what women want. Women want the same thing guys like us do. Read on and learn the rules that will make you a Player. A Player is a guy who isn't interested in settling down but enjoys the company of a woman. In an effort to limit

emotions for any one woman, he divides his time among other women at movies, dinner or over coffee. In order to achieve this, A Player must be a planner, a visionary, a communicator, a wit and charming. These skills, natural and acquired, help A Player get what he wants-not always sex. The information you're about to read is important for the male gender for many reasons. First, we must combat their strategic books about getting married in 6 months, and be finding a guy to support them. We are here to fight fire with fire. If you apply my information: 1) You will waste less time 2) You will spend less money 3) You will avoid getting hustled 4) You will dodge the female player 5) You will get what you want Pour yourself a drink, and hit the buy now button; we have a lot of work to do.
