It includes fresh air, water, food, balanced exercise, and effective rest. Ideally, there is very little stress. It doesn't sound like your life, does it? You need this book. Dr. Frazer explores hundreds of solutions for busy families that are stressed, and compounding that stress with unhealthy activities and diets. "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F\*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the

motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker.
