Can You See Me? Libby Scott 2019-05-02 People think that because Tally's autistic, she doesn't realise what they're thinking, but Tally sees and hears - and notices - all of it. Endearing, insightful and warmly uplifting, this is a story of autism, empathy and kindness that will touch readers of all ages.

A Rude Awakening for a Boy with Autism Amelia Chin 2014-10-21 Unravelling some spectrums of autism through the short, captivating accounts of a mother's own experiences, this book is an inspirational read and an eye-opener. The perseverance of a mother's love triumphs against all odds to see the unlocking of a maze - the little known atypical world of autism. "In this book, we are allowed into the honesty of Aaron's struggles; his questions of 'why me?'; his own spiritual development; his inspiring progress and determination to learn actions and behaviours that would make him appear 'normal', to fit in like everyone else. The result: he has 'publicly and officially lost his autism stigma.'" Pastor Anne Iuliano (Sydney) "A must-read for families coping with autism! This book offers pragmatic suggestions for coping with the uncertainties in the patterns of behaviour of autistic children. Autism has such a wide spectrum that plausibly no two cases are alike." Dato' Leela Mohd Ali, Trustee and CEO of PENYAYANG (a Malaysian NGO) "It is a book that everyone must read. It will enlighten us on what the 'power of love' can accomplish. Read it, understand it, experience it, and declare it!" Rev. Wong Kim Kong, JMN (Kuala Lumpur)

Indistractable Nir Eyal 2020 Reveals the hidden psychology driving you to distraction. Empowering and optimistic, this is the book that will help you design your time, realise your ambitions, and live the life you really want.

Dating for Women Made Easy Jennifer McIntyre 2020-03-20 Stop going on bad dates that waste your time and start going on quality dates that matter! Save time, energy, and heartache by learning how to discard the losers quickly so that you can focus on finding the handful of winners! Don't you dare change yourself to try and please men who aren't right for you anyway! You need to find the right man for you, and let's be real, most men aren't right for you. That's not a judgement on you or anyone else. It's reality. You need to find the few men who fit you, your personality, and your lifestyle. Changing yourself to please a man only leads to misery and frustration. The problem with dating for women is that we waste so much time getting to know a guy. First we have to meet him, and then get past all his games, and then find out who he really is... you can waste months on a guy just to find out he's not right for you. I'm going to save you time and energy by teaching you a simple 3 Stage scoring process that uses little bits of information about a guy to determine whether he's worth pursuing or if he needs to be discarded. You don't even have to meet him in Stage 1! Get some info, score, keep or discard. It's that easy and it only takes a matter of seconds. No more getting distracted by bad pickup lines and head/heart games. You stay in control. I want you to win! I want you to be your beautiful self and find a guy who's right for you! Find love, find happiness! And most importantly, find it all for yourself!

The Twelve Monotasks Thatcher Wine 2022-01-06 Neurological research definitively and repeatedly concludes that there is a bottleneck in our cognitive function - when we do more than one thing at a time, we become less efficient and more error-prone. Our systems get overloaded and we crash. In fact, we are actually wired to monotask - to give dedicated focus to one task at a time. Whether you call it multitasking, mindfulness, being present, or any other name, the goal is the same: Give your focus to one thing at a time and do it with your all. When we do things with our full focus, completely tuning our bodies and our brains in to one activity-like reading a book, listening to someone in a conversation, or paying attention to our surroundings while we go for a walk - amazing things can happen. Drawing on research in cognitive science, neuroscience, and mindfulness, The Twelve Monotasks shows that by concentrating on twelve everyday activities and approaching them with a focused mindset, we can rebuild and expand our attention spans. When we focus on what we are doing, where we are and who we are with, we can rediscover our ability to enjoy life, connect with others, and succeed in all that we do. And in the end, it makes us happier, more productive, and more present - in all aspects of our lives.

Hyperfocus Chris Bailey 2019-08-27 From the author of The Productivity Project, a groundbreaking and practical guide to managing your attention--the most powerful resource you have to become more creative, get stuff done, and live a meaningful life. Our attention has never been as overwhelmed as it is today. Many of us recognize that our brains struggle to multitask. Despite this, we feel compelled to fill each moment of our lives to the brim with essential tasks and mindless distraction. Hyperfocus provides profound insights into how you can best take charge of your attention to achieve a greater sense of purpose and productivity throughout the day. The most recent neuroscientific research reveals that the brain has two powerful modes that can be unlocked when we use our attention effectively: a focused mode (hyperfocus), which is the foundation for being highly productive, and a creative mode (scatterfocus), which enables us to connect ideas in novel ways. Hyperfocus helps you access both mental modes so you can concentrate more deeply, think more clearly, and work and live more deliberately every day. Chris Bailey examines topics such as: identifying and dealing with the four key types of distraction and interruption; establishing a clear physical and mental environment in which to work; controlling motivation and working fewer hours to become more productive; taking time-outs with intention; multitasking strategically; and learning when to pay attention and when to let your mind wander wherever it wants to. By transforming how you think about your attention, Hyperfocus reveals that the more effectively you learn to take charge of it, the better you'll be able to manage every aspect of your life.

A Practical Handbook for the Boyfriend Felicity Huffman 2006-11-07 Most dating books are written for women -- what a mistake that is. Women know how to date . . . It's men who need the help! At last: a blithe, bold, and bawdy guide to building a better boyfriend At some point, every guy -- player, geek, mama's boy, "regular Joe" -- meets a woman who makes him want to be a boyfriend. A good boyfriend. Problem is, unless he's had some first-rate training (by a previous girlfriend, a sister, a mom), he probably doesn't even know what that means. Felicity Huffman and Patricia Wolff come to the rescue with a rollicking -- and whip-smart -- handbook to navigating the minefield of male-female relationships. Directed at men (though of course it's women who'll buy it, then leave it at their boyfriend's place -- accidentally on purpose), A Practical Handbook for the Boyfriend lays out the many steps involved in becoming a good boyfriend, while still maintaining guy-dignity. It covers issues like: Who decides when you become a

boyfriend (answer: She does.) How to look like you're listening, even when you're not (If you're busted, just say "You're so pretty, I'm distracted.") Ten things never to say on the first date (#4: "I just did that to freak you out.") Finding the middle ground between too cool (think third grade) and too eager (think surprise visits) Why becoming a good boyfriend is a lot like training for the A team Filled with humor, ribaldry, common sense, and assorted outdoor skills, *A Practical Handbook for the Boyfriend* is the next dating guide to dominate the bestseller lists.

Dog Training for Beginners James Jackson 2014-11-18 Dog Training for Beginners: Essential Guide to Successfully Training Your Dog in Obedience, Crate Training, & Potty Training (FREE BONUS VIDEO AFTER CONCLUSION) JUST RELEASED 2ND EDITION ON NOV. 13/2014 When it comes to teaching your pets new skills and tricks, you need to undergo three important stages: 1. Teaching Stage - In this first phase, your dog is unaware of the things that you are requiring him to do. This is the stage wherein you will introduce new skills to your pets using various learning aids. You will teach him commands or phrases that will elicit a response or action. When you instruct him to sit, you can use treats or useful objects to help your pet comprehend what you want him to do when you utter the command. 2. Correction Stage - Once your dog understands the command, it is now time to polish his skills. First, hide the treats from your dog. If your pet manages to follow the command that you have given, provide him with kind praises and a treat. If the dog was not able to perform the action correctly, correct him gently and show how it is done. If he is able to do it properly, reward him with a treat. 3. Proofing Stage - You can only reach this stage if your pet shows exemplary performance in a consistent manner. The proofing stage aims to ensure that your pet's response is still accurate even though he is in a different environment or setting. In this phase, you need to challenge your dog's abilities by including some distractions around him. If your pet gets distracted, you have to coach him to stick to the drill. Having an obedient companion that stays focused amidst distractions will make him more reliable in any type of situation. Topics Covered..... One Night Stand Simon Taylor 2022-10-17 Ben Thomas made a mistake. A one-night stand with Natasha Peters has got her pregnant. Now he has two options: give up on his dream as a comedian and get a day job or abandon his responsibility and be a total dick. Only when Tash tells the full truth does a third possibility emerge...

Choice L.A. Smith 2022-10-29 A young man's shadowed destiny leads him to the past... where he could change our world forever. Thomas McCadden is caught in a time not his own, swept away by forces he struggles to understand. His encounter with the diabolical Traveller, Wulfram, left Thomas Bound by Fey power to a slave boy. His tenuous acceptance in both the Seelie Court and King Oswy's hall in Bebbanburg is being eroded by whispers and lies spread by Wulfram's agents. Yet Thomas' task remains: to stop Wulfram from twisting history to bring about the supremacy of the Fey. But time is running out, and his friends are falling away. The final chapter in *The Traveller's Path* trilogy throws Thomas deeper into the world of 7th-century Northumbria and its dangerous clash of kings and cultures. And deeper into the shadowy world of the Fey, who think nothing of exploiting Thomas and his wilding Fey power for their own advantage. Thomas will lose all that he holds dear and history will be irrevocably altered unless he can thwart Wulfram's scheme. The only option remaining is a wild gamble which reveals an impossible choice: save the world at a terrible cost or sweep away all that is good. The mist is rising, and evil is growing. The choice awaits.

Boss Undercover J. S. Badham 2018-08-19 Zack is the total package. He's young, intelligent, gorgeous, and he's also the CEO of a very successful construction company. The Art of Concentration Harriet Griffey 2010-11-30 We are all overwhelmed with technological input in our daily lives - whether it is our mobile phone ringing, our Blackberry bleeping or emails that pour in endlessly - we are all becoming hyperstimulated and unable to switch on (concentrate) or switch off (relax) because we're all on permanent standby. As a result, we have lost the art of concentrating properly. Luckily, this cutting edge personal development book is here to help readers navigate their way through the deluge and provides the tools we need to learn how to concentrate and focus. Rooted in scientific fact and research, it includes a detailed look at how your brain works, what inhibits brain function and concentration and covers things such as lack of down-time, distraction, poor lifestyle habits and stress. Featuring techniques and exercises to help improve concentration, it is guaranteed to help us all improve the way we work and the way we live our lives.

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Metamorphosis: A Collection of Stories Propertius Press 2019-07-13 In this collection, 26 stories chronicle deep metamorphosis, where by a lesson, a journey, discoveries, the confluence of ideas, an accident or some other more esoteric circumstances, we become more attuned to the connections - and distances - between the inner and outer worlds than perhaps we were at the beginning. We grow wings, take flight, and start all over again.

Unexpected Sarah Wylde 2022-05-05 Over twenty-five years has passed, Rachel's son, Doud, now called David, is all grown up and must face an enemy which many thought was left in the past, forgotten, and dead, but they waited for a more opportune time to rise up once again.

Loose the Dogs P.D. Workman 2016-09-02 You'll never look at your dog the same way again. Cry havoc and let slip the dogs of war! Seven dogs are adopted by families all across the country who do not know their history... "Of one thing I am sure," Glenn declares. "These dogs are perfectly

harmless." Frank knew it wasn't true. He would never forget walking into that trailer. He saw it in his mind every time he closed his eyes. He woke up in the middle of the night drenched in sweat, seeing those eyes and those teeth, screaming soundlessly, gasping for breath. "He never saw those dogs. How could anyone make such a stupid a decision, knowing what they did?"

Jinx Birthright Brett A. Cramer 2022-10-05 The Birthright team is exhilarated by their win in the City Park at the beginning of summer vacation. Now that school has started again, Jinx and his friends are more worried about; new teachers, new friends, and who's the prettiest girl in school than the darkness slowly beginning to grip the city of New Day. A new designer drug of choice called Amber is sending Deltas into fits of rage and giving normal people uncontrollable powers. When the drug infects someone close to Jinx, he dives head first into the Lowers and begins searching for answers to an inconceivable question. Why is Amber laced with black magic? Dark days are coming. Secrets will be revealed. Hope will be taken away. And when it is gone, Birthright must come together to focus their energy into seeing the complete picture. When their eyes are open to the truth and everything is revealed, nothing will ever be the same again.

Runaway Emotions Jeff Schreve 2013-07-09 If we pay attention to the alarms in our lives, they could save us. Worry. Anger. Loneliness. Negative emotions are uncomfortable by design. Like any good fire alarm, they alert us to a greater danger. But they won't help us if we try to cover them up, hide them behind excuses, or assume they will always plague us. The only healthy way to manage negative emotions is to find their source and address the problem that set them off. As pastor Jeff Schreve says, "A specific and compelling message can be found in each of your negative, painful emotions. God Himself is trying to speak to you through those emotions—right now." So what is God saying? How can we understand our emotions—even change them? Schreve shows how the truth of the Bible can make sense of our confusion. The power of the Holy Spirit can lead us to freedom, and Jesus Christ can give us true peace in the midst of any crisis. You don't have to let your emotions run away with you, your family, or your future.

Fast Ice Box Set Stephanie Julian 2021-05-06 They're the hottest men on ice...and they're falling fast. BYLINES & BLUE LINES A one-night stand hot enough to melt the hardest ice... Brody Mitchell is a damn good hockey player with the NHL contract to prove it. He loves the game but hates the hype, the spotlight and the puck bunnies trying to score an athlete husband. He's been burned before. He's not looking to repeat that mistake. But one night with an anonymous beautiful brunette and it's game on. HARD LINES & GOAL LINES The odds are stacked against them... As the backup goalie for the Philadelphia Colonials, Tim Stanton earned his nickname "Tank" by being an immovable force in net. Hockey has always come first in his life but, at thirty-one, he has an expiration date practically stamped on his ass. It's time to make hard decisions about his future. Retire on his terms or play until his body gives out? And if he stays in net, will he miss his shot to pursue the woman he loves? DEADLINES & RED LINES Looking to score love... Sugar Donahue is determined to live life on her own terms, even if that means working three dead-end jobs to make ends meet. The only bright spot in her day is the moment the hottest player on the Philadelphia Colonials hockey team walks into the diner where she works. Too bad he's so far out of her league he might as well be on another planet. RJ Mitchell wants Sugar any way he can have her—on a table, up against a wall, whatever he can get. He's at the top of his game and a fan favorite, but his life feels stuck in neutral. He's not willing to risk his heart, but he'll take whatever Sugar's willing to give. Three full-length, standalone hockey romances sure to melt the hardest ice.

The Christian's Confidence Nate Saint 2020-07-01 Can a Christian go to Hell? Can a Christian lose their salvation? Can a Christian sin? No study of soteriology (the doctrine of salvation) could be complete without thoroughly answering these important questions. As we dive into God's Word and examine the truth about eternal security, we'll discover the answer to these questions and more. "The Christian's Confidence" is written with the same depth of information as those written by John Maxwell, David Jeremiah, John MacArthur, Charles Stanley, Warren Wiersbe, and other leading Christian authors. This book will give you an in-depth look at an essential Bible doctrine. Inside, you'll find an analysis of what the Bible teaches about eternal security and a careful examination of the passages that seem to contradict that truth. I sincerely hope that you will end up with a solid understanding of the truth that is clearly taught in the Bible and that you will be equipped to defend that truth in the face of those who would attack it. Jesus said, in John 8:32, "And ye shall know the truth, and the truth shall make you free." When you understand the truth of eternal security, you will be free - free from the bondage of religion and free from fear. When you know what the Bible says about salvation, you can be truly free in Christ. *Struck* Keith Pyeatt 2011-08

Boy by the Plate Julia Vellucci 2021-06-29 Zayn Parker, unlike his mom, Jess, isn't invisible, just feels invisible. With low grades that make him look like nothing compared to his sisters, mediocre baseball skills and not acting like his true self at school. Only acting like himself in front of his best friend, Macy Fergensen, who had feelings for him since they were kids that he fails to see, does Zayn truly feel alone. It isn't until the popular girl, Michelle Aprils, takes notice of him after his first home run, that he finally feels seen. Nothing in life, especially high school is ever that easy as something happens at a party at Michelle's that changes how Zayn views Macy. But also changes her perception of him due to how he treats her and a huge secret that finally comes out. When Zayn truly evaluates his relationship with Michelle and decides to go for Macy, she distances herself from him and gets close with his cousin, the sweet and charming J. P Trent. This forces Zayn to befriend the sassy, lost girl, who eats her lunch on the floor

by the cafeteria doors, Lex Fisher. Will Zayn and Macy find their way back to each other, or just like Zayn's home run, will the unexpected happen?

Deep Work Cal Newport 2016-01-05 Master one of our economy's most rare skills and achieve groundbreaking results with this "exciting" book (Daniel H. Pink) from an "exceptional" author (New York Times Book Review). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. Habits and Love Rod Schumacher 2009-10-26 Habits And Love is a d(r)but collection of nine short stories that explores two of the most powerful forces that imprint our lives. Author Rod Schumacher paints portraits of everyday people as they struggle to understand themselves, the lives they've chosen, those they love and those who love them back. Schumacher employs simplicity of structure and a resilient, clear style allowing the subtext of human relationships to rise to the surface in these humorous and poignant stories. The protagonist of "The Vast and Greatly Huge" realizes why he has a desire for practical jokes, while teenage kids in "This Guy at the Laundromat" pull a lighthearted revenge prank on a grown-up foe and catch a glimpse of what lies beyond the laughter. In "Driving Home" a couple struggles to find a place for the memory of their dead child, while the title story, "Habits and Love," dissects a traditional marriage, revealing the tension between comfort and longing strung across fifty years of marriage.

Vermont Valentine Kristin Hardy 2011-11-15 "IN EVERY GENERATION OF TRASKS LIVES ONE MAN BORN TO BE ALONE...." And Jacob was clearly his generation's representative. Because while his brothers sought their livelihoods—and loves—elsewhere, he knew he had to stay where he belonged. Where he was needed. And where eligible women were as rare as an eighty-degree day in January... And then came a possible danger to his beloved family farm. The bearer of bad news? A petite, gorgeous, non-stop talker named Celie Favreau. And though captivated by Jacob's rugged good looks and piercing blue eyes, she had to stay on track. She'd come to warn of a threat to his trees. The threat to his heart was merely incidental....

Time Rich Steve Glaveski 2020-11-02 Recover wasted time and start living your fullest life Most of us wouldn't dare give away our money, but when it comes to time, we let it go without a second thought. Business and creative professionals often dedicate long hours to their work, with little to show for it. We take on more than we should, we treat everything as urgent, and we attend pointless meetings. This book can help you see where you might be sabotaging your own goals. Time Rich helps you identify where you're losing personal time and mismanaging career time. Through practical productivity tools and techniques, author and entrepreneur Steve Glaveski will show you how to be more productive at work, have more time to pursue your personal and life goals, and build a culture that supports achieving objectives without risking burnout. Learn how to:

- Identity how you

are wasting time • Manage your attention, get into the zone and stay there longer • Prioritise, automate and outsource tasks • Optimise your mind and body

Time Rich is a blueprint for recovering your work hours, achieving more and spending time where it matters most. 'Steve Glaveski understands something that few leaders have figured out: it's possible to do less and get more done. This book offers a blueprint for working smarter.' Adam Grant, New York Times best-selling author of *Originals* and *Give and Take*, and host of the chart-topping TED podcast *WorkLife* 'Time isn't money; it's something of far more value. Glaveski makes the case that we ought to be protecting our time much more than we protect other resources. And best of all, he shows you how.' David Burkus, author of *Under New Management* 'Steve Glaveski offers countless ways to get more out of each day by being Time Rich.' Nir Eyal, best-selling author of *Hooked* and *Indistractable* 'Time Rich by Steve Glaveski makes a compelling argument for abandoning the archaic historical artefact of an 8 hour work-day (or any other arbitrary sum of time) as outmoded and irrelevant to the way we live and do our best work today. Glaveski offers both big ideas and specific techniques to contain or eliminate such time-snatching demons as meetings, email and social media. Reclaim the value of your time by forsaking the management of it and learning instead to manage energy, efficiency and attention — inputs with far greater impact on output and outcomes, not to mention quality of life.' Whitney Johnson, award-winning author of *Disrupt Yourself* and *Build an A-Team* 'Time Rich is a fascinating look into why we're all so 'busy' — and how to gain back our most precious resource. Whether you're a beginner or a seasoned productivity geek, this book will change your life.' Jonathan Levi, author, podcaster, and founder of SuperHuman Academy 'A very worthwhile read for ambitious professionals to achieve that elusive work-life holy grail: being present and engaged at home without sacrificing anything on the work front — and even, perhaps, becoming more productive than you ever thought you could be.' Andy Molinsky, award-winning author of *Global Dexterity* and *Reach*

Helping Students Take Control of Everyday Executive Functions Paula Moraine 2012-04-15 This book presents an innovative model for supporting executive function in students with attention, memory, organization, planning, inhibition, initiative, and flexibility difficulties, including those with ADHD, ADD, autism spectrum disorders and related conditions. The author advocates a student-centred approach in which educators first explore 8 key 'ingredients' with the student: relationships; strengths and weaknesses; self-advocacy and responsibility; review and preview; motivation and incentive; synthesis and analysis; rhythm and routine; and practice and repetition. She provides a step-by-step explanation of how these 'ingredients' can then be used in different ways and in different combinations to successfully address particular areas of difficulty. The approach is clearly explained, and the book contains many useful examples, practical tips and strategies, suggested conversation starters, sample time management plans and other tools that can be adapted to meet the particular needs of individual students. Original and effective, the approach outlined in this book will be of interest to teachers and other professionals involved in supporting executive function in students of all ages, as well as parents and carers.

True Stories from a Baby Boomer Stephen B. Satterwhite 2013-07-10 Twenty years ago, Mr. Satterwhite received a letter from Nobel Prize winner Milton Friedman, suggesting that Mr. Satterwhite "share his writing with the rest of the world." At the time, he had to support his family, and he wanted to wait for the right moment. In his business career, Mr. Satterwhite has been featured in the *New York Times*, *USA Today*, the *Wall Street Journal*, on *NBC News*, and in *Newsweek* magazine. Mr. Satterwhite has been in the poor, lower, middle, and upper classes. He is a futurist, having predicted many of the inventions of his generation, as well as what is coming in future generations. He is a humorist who loves to observe people from his favorite stuffed chair at the mall. He is a survivor who has said good-bye to multiple family members and friends. Ultimately, he likes to say that he is just a simple man who found God. This is his story about his incredible journey through loss, fear, and despair to a conclusion that will give the reader an uplifting message of joy, heaven, song, bravery, love and hope. It is now the right moment. Mr. Satterwhite has finally kept his

promise to his father.
