understanding of each partner's sign, and the willingness to work through the highs and lows of love's natural progression. Each of the twelve signs of the Zodiac corresponds to a phase of a romance, from passionate courtship, represented by fiery Aries, to the commitment and soul bonding of watery Pisces. Each Sun sign has its gifts (the discernment of Virgo or the enthusiasm of Sagittarius, for example) and its corresponding challenges (the self-doubt of Taurus or the unpredictability of Aquarius) that it brings to a relationship. By understanding that the choice to love and grow with your partner is yours and yours alone, *Soul Signs in Love* shows you how to enjoy and revel in the unfolding process of discovery and revelation that underlies lasting love.

Loving in the Grown Zone - Zara D. Green and Alfred A. Edmond Jr. 2014-10-29

Too many people have surrendered to the belief that dissatisfaction, neglect, infidelity, abuse, disrespect, conflict, exploitation and betrayal are natural, normal, and unavoidable characteristics of romantic relationships and even marriage. We are presented with a choice: relationships that don't last and relationships that do, as long as participants are willing to endure inevitable suffering, mistreatment, and victimization, usually at the hands of one another. *Loving in the Grown Zone* is a rejection of that thinking. It is testament to the authors' belief that while there may be no such thing as a perfect relationship, that is not justification for

accepting anything less than healthy relationships. No one is required to accept mistreatment as the price of a loving, safe, and sustainable relationship of honor, esteem, and respect. Furthermore, establishing such healthy, resilient, and fulfilling relationships are not a matter of luck or chance, but of intention, learnable skills and practices, and commitment to personal growth. *Loving in the Grown Zone* urges you to learn those skills and commit to those practices, including recognizing the difference between the attractors that motivate us to initiate romantic relationships and the sustainers required to ensure that such relationships are healthy, safe, and affirming for both partners.
