## **How to Talk to Robots: a Girls' Guide to a Future**

**Dominated by AI** Tabitha Goldstaub 2021-08-04 '...an essential and fascinating manual for every woman who wants to

understand equality within an ever-changing, modern world.'

Scarlett Curtis '...[this book] taught me more than any book has ever taught me about AI.'

Chris Evans, Virgin Radio How To Talk To Robots, is your girls guide to Artificial Intelligence.

Entrepreneur Tabitha Goldstaub welcomes you into the AI world with a warm embrace. She brilliantly breaks down the tech-bro barriers offering a straightforward introduction and makes clear the enormous benefits of understanding AI.. If your social feed defines your spending habits or you've downloaded the latest filter to see what you'll look like when you are old or now connect with your doctor using an app, have applied for a job online or used your phone to arrive at work in record time, AI is playing a part in how you live, work and play. We live in an era where machines are taught to learn and act without human intervention and there are infinite possibilities to their applications. The risk of these technologies biasing against you is real, and this book will give you tools to navigate the current and future developments consciously. As well as explaining the risks Tabitha lays out the awesome benefits AI can offer. From spotting disease to tailoring education and tackling climate change the potential rewards are life-changing. Starting with a potted history, Tabitha shines a light on the many unsung heroines since the rise of AI in the 1960s. In conversation with Karen Hao she simply demonstrates how the technology works (and sometimes doesn't work!) and interviews a cross-section of women who use AI in their work today including Jeanette Winterson, Sharmadean Reid, Martha Lane Fox and Hannah Fry. This book doesn't just present the challenge; Tabitha offers supportive practical advice and shares

an extensive list of books, films, courses and more for further exploration. However it is that you identify with womanhood, wherever you are in life, and whatever you do, this technology is inescapable and now is your time to make sure AI works for you - and not you for it!

*Girls, Autobiography, Media* Emma Maguire 2018-04-05 This book investigates how girls' automedial selves are constituted and consumed as literary or media products in a digital landscape dominated by intimate, though quite public, modes of self-disclosure and pervaded by broader practices of self-branding. In thinking about how girlhood as a potentially vulnerable subject position circulates as a commodity, *Girls, Autobiography, Media* argues that by using digital technologies to write themselves into culture, girls and young women are staking a claim on public space and asserting the right to create and distribute their own representations of girlhood. Their texts—in the form of blogs, vlogs, photo-sharing platforms, online diaries and fangirl identities—show how they navigate the sometimes hostile conditions of online spaces in order to become narrators of their own lives and stories. By examining case studies across different digital forms of self-presentation by girls and young women, this book considers how mediation and autobiographical practices are deeply interlinked, and it highlights the significant contribution girls and young women have made to contemporary digital forms of life narrative.

lovable heroines to come to the page in years. Six years after the fight that ended their friendship, Daphne Berg is shocked when Drue Cavanaugh walks back into her life, looking as lovely and successful as ever, with a massive favor to ask. Daphne hasn't spoken one word to Drue in all this time—she doesn't even hate-follow her ex-best friend on social media—so when Drue asks if she will be her maid-of-honor at the society wedding of the summer, Daphne is rightfully speechless. Drue was always the one who had everything—except the ability to hold onto friends. Meanwhile, Daphne's no longer the same self-effacing sidekick she was back in high school. She's built a life that she loves, including a growing career as a plus-size Instagram influencer. Letting glamorous, seductive Drue back into her life is risky, but it comes with an invitation to spend a weekend in a waterfront Cape Cod mansion. When Drue begs and pleads and dangles the prospect of cute single guys, Daphne finds herself powerless as ever to resist her friend's siren song. A sparkling novel about the complexities of female relationships, the pitfalls of living out loud and online, and the resilience of the human heart, *Big Summer* is a witty, moving story about family, friendship, and figuring out what matters most.

**I Gave Up Men for Lent** Kacie Main 2019-02-15 Kacie Main woke up on a blurry Saturday morning, put a hand to her throbbing head, and started to recall the events from the night before. Oh shit, she thought as the evening played back spottily in her head like a Netflix movie during a storm. I can't believe I made out with David. She pulled a pillow over her face and tried to go back to sleep, not yet ready to face those consequences. By most definitions, Kacie lived a social, fulfilling life. She had a good job, great friends, solid family. Aside from the 30-something-and-single combination, her life was picture-perfect. But that was just a filter, like how the right Instagram filter can hide the circles under your eyes. The unfiltered Kacie was restless... uninspired... uncomfortable. Something had to change-- that drunken make-out

**The Girl in the Painted Caravan** Eva Petulengro 2011-02-04

Born into a Romany gypsy family in 1939, Eva Petulengro's childhood seemed to her to be idyllic in every way. She would travel the country with her family in their painted caravan and spend evenings by the fire as they sang and told stories of their past. She didn't go to school or visit a doctor when she was unwell. Instead her family would gather wild herbs to make traditional remedies, hunt game and rabbits, and while the men tended horses to make a living, the young girls would join the women in reading palms. But Eva's perfect world would be turned upside down as the countryside became increasingly hostile to all travellers. Eva describes the wonderful characters in her family, from her grandfather 'Naughty' Petulengro to her four beautiful aunts who entranced everyone they met, as well as the fascinating people they came across on the road. Moving, evocative, romantic and funny, *The Girl in the Painted Caravan* vividly captures a way of life that has now, sadly, all but disappeared.

**The Girl-Positive Library** Mary Ann Harlan 2018-12-07

Providing a model of critique useful in readers advisory, collection development, and book clubs, this title encourages the inclusion of young adult titles advancing a positive representation of girls in programming and instruction. Even in an era in which there are multiple and wide-ranging conversations about representations of diverse groups in literature, the depiction of girls in young adult literature has received inadequate attention. This text provides a model for understanding how girls are represented in young adult literature that will aid school and youth services librarians in their personal understanding and awareness as they build collections and create programming. It provides practical suggestions for how to use and implement a feminist lens while reading, discussing, and reviewing titles. Included are a list of recommended annotated titles and discussion questions for use in developing appropriate instructional and interesting programs that explore concepts of girlhood, media literacy programs, and diverse collections.

Tiny lies. Baby lies. Not so much lies as lie adjacent. But they're still lies. Twenty one-year-old Max Monroe has it all: beauty, friends, and a glittering life filled with adventure. With tons of followers on Instagram, her picture-perfect existence seems eminently enviable. Except it's all fake. Max is actually 17-year-old Kat Sanchez, a quiet and sarcastic teenager living in drab Bakersfield, California. Nothing glamorous in her existence—just sprawl, bad house parties, a crap school year, and the awkwardness of dealing with her best friend Hari's unrequited love. But while Kat's life is far from perfect, she thrives as Max: doling out advice, sharing beautiful photos, networking with famous influencers, even making a real friend in a follower named Elena. The closer Elena and "Max" get—texting, Snapping, and even calling—the more Kat feels she has to keep up the façade. But when one of Max's posts goes ultra-viral and gets back to the very person she's been stealing photos from, her entire world – real and fake — comes crashing down around her. She has to figure out a way to get herself out of the huge web of lies she's created without hurting the people she loves. But it might already be too late. **The Gay Girl in Damascus Hoax** Andrew Orr 2023-04-03 The *Gay Girl in Damascus Hoax* explores the vulnerability of educated and politically engaged Westerners to Progressive Orientalism, a form of Orientalism embedded within otherwise egalitarian and anti-imperialist Western thought. Early in the Arab Spring, the *Gay Girl in Damascus* blog appeared. Its author claimed to be Amina Arraf, a Syrian American lesbian Muslim woman living in Damascus. After the blog's went viral in April 2011, Western journalists electronically interviewed Amina, magnifying the blog's claim that the Syrian uprising was an ethnically and religiously pluralist movement anchored in an expansive sense of social solidarity. However, after a post announced that the secret

police had kidnapped Amina, journalists and activists belatedly realized that Amina did not exist and Thomas “Tom” MacMaster, a forty-year-old straight white American man and peace activist living and studying medieval history in Scotland was the blog’s true author. MacMaster’s hoax succeeded by melding his and his audience’s shared political and cultural beliefs into a falsified version of the Syrian Revolution that validated their views of themselves as anti-racist and anti-imperialist progressives by erasing real Syrians. fondly known as Vovo – is a young Xhosa girl who lives in New Brighton, near Port Elizabeth. Apart from growing up with the challenges of poverty, crime and limited opportunities, Vovo was orphaned when she was 13. This led to Tony Pearce going from a friend of the family, involved in an after-school dramatic arts project, to become the guardian of Vovo and her older sister, Vuyolwethu. A few years later Vovo was diagnosed with a rare heart condition. She subsequently underwent two life-threatening open-heart surgeries. Her recovery continues to surprise her family and healthcare specialists, and her bravery in fighting for her life is a true inspiration. By sharing the harsh circumstances of township life and the factors that have shaped her journey, Vovo reveals her remarkable resilience and it becomes clear why she is a Miracle Girl.

**Engaging content on Instagram. Best filter choice for the increase of photo views and likes of sport and leisure interested users** Ilona Maties 2018-06-18 Bachelor Thesis from the year 2016 in the subject Communications - Public Relations, Advertising, Marketing, Social Media, grade: 7,6, Stenden University, course: Bachelor of Business Administration/ Bachelor of Art, language: English, abstract: The social media world has

increased fast and people become overwhelmed with information. Since images play an important role in the social media world, organizations have the opportunity to create a profile at the social media network Instagram to post filtered and non filtered photos, to engage its users to view, like and comment those. Photo filters that increase warmth, exposure and contrast get more likes and comments because they elicit feelings of arousal and excitement. This theory can be attributed to the filters colours, since red, orange, and yellow lead to states of arousal and excitement. Next to that, sport fans enjoy images in black&white and sepia. The sport company S is a client that has wished an Instagram profile from the company 12s. For that reason, the management did send many sport related photos to the media firm, which they can post at their profile. However, the employees who are responsible for the Instagram profile are not sure if they should keep the images original or edit them with filters. If they edit photos, they can choose between filters, what makes the choice harder, since they do not know which filter viewers like. For solving that problem, a research was needed to give recommendations to the organization 12s for the best filter choice by analysing appealing colours and filters of lively Instagram users that are interested in sport and leisure via an experiment. For the experiment, two groups were randomly chosen, which were as similar as possible. All participants had to be interested in sport&leisure. One group had to answer questions about original photos and the second group about edited photos. 16 images were posted in original and edited at the Instagram profile Bachelor\_Workout, to see which photos receive more likes. The outcome shows that participants prefer photos edited. Approximately, edited photos receive min. 20 per cent more views and likes compared to original photos. Furthermore, participants like warm colours filters such as Hefe and Valencia and the colourful filter Clarendon. Especially men do like the black and white filter Moon compared to women who prefer the filter X\_Pro\_II. To engage Instagram users who are

interested in sport and leisure, 12s should edit photos with warm colours to reach the target group of the sport company S. If they like to reach more men, they can use the black and white filter Moon and if they concentrate more on women with a photo, they should use the filter Rise.
