How Dead Languages Work Coulter H. George 2020-04 What could Greek poets or Roman historians say in their own language that would be lost in translation? After all, different languages have different personalities, and this is especially clear with languages of the ancient and medieval world. This volume celebrates six such languages - Ancient Greek, Latin, Old English, Sanskrit, Old Irish, and Biblical Hebrew - by first introducing

readers to their most distinctive features, then showing how these linguistic traits play out in short excerpts from actual ancient texts. It explores, for instance, how Homer's Greek shows signs of oral composition, how Horace achieves striking poetic effects through interlaced word order in his Latin, and how the poet of Beowulf attains remarkable intensity of expression through the resources of Old English. But these are languages that have shared connections as well. Readers will see how the Sanskrit of the Rig Veda uses words that come from roots found also in English, how turns of phrase characteristic of the Hebrew Bible found their way into English, and that even as unusual a language as Old Irish still builds on common Indo-European linguistic patterns. Very few people have the opportunity to learn these languages, and they can often seem mysterious and inaccessible: drawing on a lucid and engaging writing style and with the aid of clear English translations throughout, this book aims to give all readers, whether scholars, students, or interested novices, an aesthetic appreciation of just how rich and varied they are.

Engaging Men in Couples Therapy David Shepard 2012-03-15 This book will help practitioners overcome one of the leading challenges in couples therapy: working effectively with the male partner. Men have unique needs and psychological issues that many clinicians may not recognize or know how to address. This volume presents chapters by the leading practitioners associated with current therapeutic models, including Emotionally Focused Couple Therapy, Imago Relationship Therapy, Integrated Behavioral Couple Therapy, and more. Using in-depth case examples, they demonstrate how their approaches can be adapted to be "male-sensitive" and respond to the ambivalence so many men experience about couples work. Special topics are also addressed, including infidelity, cultural diversity, working with veterans, and fathering issues. This book will enrich therapists' work with couples, making treatment a welcoming experience for both partners and the treatment process more gratifying for the therapist.

I'm the Other Man in My Own Marriage! Howard Noel 2000-12 Not since Erma Bombeck has the humorous side of daily living been given such a stage. "I'm the Other Man in My Own Marriage" is a hilarious look at parents trying to relate to their teenagers, husbands trying to relate to their wives, and neighbors trying not to upset their peace by relating too much to anyone. Here is where you come to learn how to teach sex ed at the hardware store; how to stage a "budget" wedding like that of say, Princess Grace or "Lady Di;" or how to choose a good restaurant, where the "House Red" is something more than ketchup. Syndicated columnist Howard Noel has drawn from his weekly humor column "The Front Porch" in order to bring to us this dubious blue print for daily living. His characters are his family, neighbors, and of course the venerable Uncle Merle who stands as a "signpost" of common sense and wry wit. If what you read in this book has not happened to you -- you'll wish it had.

Real Men Hug Porcupines Randy Allsbury 2012-04-01 Men! Take your marriage from a "5" to a "7" or take it from an "8" to a "10"! Just following a few principles we learned from Dr. Talley. Be reconciled to one another as friends! (with benefits) This book helps men who want to improve their marriage. It was written specifically for men who consider themselves to be followers of Christ. Some of the chapter titles are: Focus on Yourself, The Big "H", Your Top 5 Priorities, Financial Leadership, Better Sex and Best Friends. This book contains stories and advice that can help any marriage. It is written for men who claim to be followers of Christ. You will gain a better understanding of your leadership role as a husband. You will uncover what your priorities should be. You might even learn a few things that will improve you love life. Randy and Sherri Allsbury were heading for divorce when they met Dr. Jim Talley. This book tells the story of reconciliation, renewed friendship and hope for all marriages. "After the verbal blast to her heart from a church lady, Sherri made some new resolutions in her life. She came to the realization she could not please the church people, she could not please her husband, and she could not please God. So, she quit trying. From that point on, my sanguine wife decided to make money and have

fun. She did, or at least that's what it looked like from my vantage point. I began to seek counsel on how to get my wayward wife back on track. Sherrri's uncle Roger told me about a guy name Dr. Talley a while back and I had sent a few people from my congregation to him for marriage help. My marriage was heading south fast, so I decided to make an appointment and take my wife in for a tune-up and a straightening out. It was mid to late June of 2000 when my wife agreed to go to counseling with me. I needed him to straighten her out, because her behavior was starting to affect my ministry. We talked to Dr. Talley for about 45 minutes and when our time for that session was up, he looked at me and said. "Mister, it's time for you to get your priorities in order, or this sweet lady will end up killing herself." If you apply the tools in this book to your marriage, your relationship will improve, no matter how good or bad things are.

She desperately yearns for a lasting inner-peace, a peace without further threat of emotional anguish. However, her psychopathic ex-lover, John Rothman, is determined to exact his bloody revenge on the only woman who ever walked out on him. In his drugged state, he concocts a sadistic plan to bring closure to the matter. With her disabled brother entrusted into the care of a family friend, Ronit leaves for her new post in Tal Basta, Egypt. The Al-Radah-Corporation, a pharmaceutical monolith, is Ronit's sanctuary; a place where she can develop her career and put the pieces of her shattered life back together. The tranquility of her new surroundings coupled with the gracious company of her colleague, Casey Rolf, help to put things into perspective. For a short time, she enjoys the relative calm of life in modern day Egypt. As an assistant to the leading research scientists at the facility, Ronit quickly settles into a routine. However, things soon take a dramatic twist. A Relationship Is a Living Thing Russell Crescimanno 2009-04 Many marital relationships that dissolve could survive, and even thrive, if the couple realized that there is an art and science to love and intimacy, and were willing to learn and practice it. This involves learning how to experience the difference between our ego and our Self. Quieting the mind through meditation, using methods both traditional and "home made," is the key to this experience. It is the felt sense of the deep Self within that moves us to choose to be kind or considerate when our egos would have us behave otherwise. When we extend ourselves in friendship, a genuine fondness for one another begins to grow which then nurtures the soul of our

relationship. Cultivating these qualities promotes deep, spiritual partnership and long term intimacy. This book offers both principles and practices for those who feel they may be ready to engage this kind of soul-centered learning. Russell Crescimanno, Ph.D., is Professor Emeritus at Piedmont Virginia Community College. He has been teaching courses in sociology for forty years. One in particular, called Marriage and Family Relations, became his passion as both his personal life and the climate of the culture regarding marriage and divorce changed over time. He has also been a student and practitioner of the science of meditation and Self realization for twenty years. This work has complemented his specialization in the sociology of knowledge and his desire to understand how society shapes human consciousness, and therefore our relationships. Motivated by the growing divorce rate in the country, the painful stories of so many students who come from "broken" homes, and the dissolution of his first two marriages he has been increasingly invested in learning what it takes to keep love alive - and what we now know is sure to deaden it.

The Measure of a Man is the Size of His Toolbox Carol Picard 1995 From the author's preface: As a part of my job as editor of the weekly Canmore Leader, I am required each week to write precisely 3,024 characters on my trusy Mac to fill an op-ed space that was probably, in its concept, intended to be home to a thoughtful, reasoned discourse on development, tourism, the environment, religion, politics or philosophy in general. Unfortunately, the job came without an instruction manual, and believing feverently that there is far too much weighty discourse going on in the world today, I opted for a somewhat more frivolous approach. You will find no startling insight herein, no sagacious wisdom, no penetrating

perspectives. Instead you would be wise to put this book in the bathroom as soon as you buy it. It's that kind of book. And no, this is not what I aspired to be when I grew up.

Designing Your Dream Husband Amie Dockery 2004-10-07 God has given women a gift that is so woven into their nature that they approach everything, from homes to husbands, with the thought, "Wow, I could do great things with that!" To see potential is a great good, but the downside is the propensity to compare reality with the expectation. This is especially harmful in marriage if a woman tries to show her husband his potential in all the wrong ways, such as comparison or suggestions for change. So, how does a wife encourage her husband to become what God has placed within him to be? It requires an understanding of her own need for repentance and restoration, as well as working with the right team and the right tools. The right team is God as architect, Jesus as supplier, and the Holy Spirit as builder. The right tools include prayer, declaration, and action that bring restoration and that also reveal her own need to change. Each chapter explores a case study of a biblical character's life, an action that gained him authority, an area of vulnerability, and the most memorable moment this person wore the mantle. Each chapter also includes a pattern for prayer: questions from which a woman can build the blueprint for repentance, restoration, and declaration. Personal application includes Putting Your Words to Work, a written vision declaration, and a Seal it with a Gift with practical ways to gently, yet generously, introduce revelation of a husband's skills and abilities through a tangible gift.

Found Footage Horror Films Alexandra Heller-Nicholas 2014-04-24 As the horror subgenre du jour, found footage horror's amateur filmmaking look has made it available to a range of budgets. Surviving by adapting to technological and cultural shifts and popular trends, found footage horror is a successful and surprisingly complex experiment in blurring the lines between quotidian reality and horror's dark and tantalizing fantasies. Found Footage Horror Films explores the subgenre's stylistic, historical and thematic development. It examines the diverse prehistory beyond Man Bites Dog (1992) and Cannibal Holocaust (1980), paying attention to the safety films of the 1960s, the snuff-fictions of the 1970s, and to television reality horror hoaxes and mockumentaries during the 1980s and 1990s in particular. It underscores the importance of The Blair Witch Project (1999) and Paranormal Activity (2007), and considers YouTube's popular rise in sparking the subgenre's recent renaissance.
