Bullies. Friends. Boys.
Shakespeare. Demonic dogs.

Evil spirits. You know, Sixth Grade. Sixth grade is hard enough. When the school bully is on your case because you got the lead in the play instead of her, when the cutest boy in the whole class might actually like you but never makes a move, and when your dad is an alcoholic and you have to cook, clean, and take care of your little brother, the last thing you need is more trouble. But Sally Prescott has more trouble than she ever imagined when she starts having strange dreams of demonic dogs, magical keys, and a wolf-headed spirit bent on her destruction. Her best friend knows a secret that may help, but she refuses to tell, claiming Sally made her promise not to. As Sally's dreams start bleeding into reality, she realizes she is the only who can save her family. With a little bit of magic and a lot of determination, she'll get one chance to change her destiny and theirs. If she succeeds, she'll solve her problems at home and at school. If she fails, she'll lose everyone she ever loved. Turns

out sixth grade is tougher than she thought. *Little Red Riding Hoodie: A Modern Fairy Tale* is a contemporary take on the classic story. Blending surrealism and magic with a modern middle school setting, it is a story of bravery in the face of hopelessness, taking responsibility when others won't, and finding your inner strength. Funny and sweet, scary and strange, *Little Red Riding Hoodie* celebrates friendship, love, and courage at that most awkward time of life - middle school.

seven years of your life and six with a son that you didn't know about? Sha'kim was the only thing keeping his family together, but when his bad choices lead he and his brother down a dark path that ended with one of them having to do time, Sha'kim decided that he would be the one to take the hit. Keaton was his responsibility and never would have been in the streets had Sha'kim not allowed him to. Seven years later, Sha'kim is fresh out of prison and ready to make up for lost time with his family and his son. With a newfound perspective on what's important, he now has to decide how to live the right way and if love should even be an option, given the fact that he's just beginning to figure out his life. Keaton was just another kid trying to make it until one mistake caused his brother to make a choice, family or freedom. Once the decision was made, Keaton had to step up and become the head of his family, which now included not only his mother and sister but a nephew whose

mother had no interest in parenting. Unfortunately, the streets were the only way to make the type of money he needed, even though the streets were what put him in the position in the first place. After years of hustling and grinding, Keaton managed to juggle it all and become one of the biggest indie rappers the world has ever seen, which allowed him to successfully take over where he brother left off with supporting the family. However, his past seemingly finds its way back into the equation and threatens to tear down everything he's built. Not only is his past threatening to take away his life but also a chance at finally settling down with the right one. Rayna felt like her world came crashing down on her when her brother was sentenced to prison. Without a father in her life, Sha'kim had easily taken on that role. When he left her behind to protect Keaton, Rayna sought out attention in any way possible, usually in the bed of older men. She had no interest in love but meets a
