I Kissed my Girlfriend's Little Sister?! Volume 1 - Riku Misora
2022-03-15

"We'd better not let my sis see us like this..." My girlfriend's younger twin sister has somehow become my new stepsister?! "You sound really nervous right now. You're just so adorable, bro." It's been a month since I've started dating Haruka, my first ever girlfriend. We even finally reached first base today—holding hands! "What a bad boyfriend you are. To think you're daydreaming about your little sister while you're holding hands with your girlfriend, of all people!" Today's also special for a different reason—my dad's getting remarried, which means I get a new stepsister. Her name is Shigure, and she's pretty much the spitting image of Haruka. That's no surprise though, given that she's actually Haruka's long-lost twin sister! Due to family circumstances, they were split up at birth. "It's okay, bro. I look exactly like sis does, right down to... well, you know. I don't blame you at all." Her presence adds a new, twisted form of love that tangles itself into our protagonist's passionate love life! He can't possibly tell his girlfriend what's been going on! Be sure to check out this saucy romcom with a raunchy and rather needy stepsister!

But now, Yuiko's getting wary that Taiga may have found a little piece on the side of his own! The truth is, he's still trying to keep his part-time schoolboy tutoring gig a secret from his girlfriend, lest her "rotten" tendencies run amuck with the, er, suggestive situation. The Intimate Enemy - George Robert Bach 1970

[A Selection of Short Stories](#) - E W Farnsworth 2018-01-11

E. W. Farnsworth's brainy and visionary short stories in this volume are meant to be read individually as invitations to other of his creations. The uncanny interplay of the writer and his context can be understood by the thoughtful, patient reader capable of perceiving semantic patterns beneath the surface of words. The excerpt from 'Nightworld: A Novel of Virtual Reality' inspired the cover image for this book since the woman with the wolf in the forest is a boundary-crossing Artificial Intelligence. Part of Farnsworth's epic vision for the future of humankind, AIs and robotics, the stories from 'DarkFire' and 'DarkFire Continuum' weave a continuous cosmology as the adventures of the spaceship 'Arcturus' begin. These stories reveal how their many intellectual games open vistas to the author's past and future stories as well as to inventions and discoveries on the far-horizon of human thought. E. W. Farnsworth is currently working on a visionary epic poem, 'Voyage of the Spaceship Arcturus'.

[Good Trouble](#) - Joe Biel 2016-03-15

The history of Microcosm Publishing, from its origins as a record label and zine distro in Joe Biel's bedroom closet in Cleveland to a thriving, sustainable publisher of life-changing books. The book comes out to mark Microcosm's 20th anniversary and all the shit and splendor that's gone into making us who we are. In 1996, everything about Joe Biel's life seemed like a mistake. He was 18, he lived in Cleveland, he got drunk every day, and he had mystery health problems and weird social tics. All his friends' lives were as bad or worse. To escape a nihilistic, apocalyptic worldview and to bring reading and documentation into a communal punk scene, he started assembling self-published misfit zines and bringing them in milk crates to underground punk shows. As he applied the economics and values of underground punk rock music to publishing books, his worldview expanded along with his business, and so did the punk community's idea of what was possible. Eventually this became Microcosm Publishing. But all was not rosy. Biel's head for math was stronger than his ability to relate to people, and for everything that added up right, more things broke down. He developed valuable skills and workarounds, but it wasn't until he was diagnosed with Asperger's Syndrome that it all began to fall into place. Good Trouble is a tale of screwing up, trying again, and always finding a way to do it better. It's a book for anyone who has ever failed big and dreamed bigger. It's about developing a toolkit for turning your difficulties into superpowers, building the world that you envision, and inspiring others to do the same. This is the story of how, over 20 years, one person turned a litany of continuing mistakes and seemingly wrong turns into a happy, fulfilled life and a thriving publishing business that defies all odds. With a foreword by Sander Hicks, founder of Soft Skull Press, and an introduction by Joyce Brabner, co-author with Harvey Pekar of *Our Cancer Year*.
