Fiction. Go west with this cowboy movie novel. MacLean recreates the road book and reimagines archetypes of the American West, mixing cyber espionage, marital failure, teen anarchy, and film violence. At once a page-turning mystery, an anatomy of friendship, and a postmodern homage to screen classics. "A witch's brew of marital failure, cyber espionage, teenage anarchy, and the violence of the American Western"--Eugene Garber.

I Call this Flirting - Sherrie Flick 2004**Shadow Thief** - Eva Chase 2020-07-22

One sassy pyromaniac thief, three sexy-as-sin monsters, and a paranormal conspiracy of epic proportions. It was an ordinary job. Another night, another asshole collector of the supernatural. I free some poor little beasties from their cages, pocket a few trinkets to pay my bills, and burn the place down on my way out. Just call me the Robin Hood of monster emancipation. I didn't count on three manly monsters following me home like lost puppies. Stunningly hot lost puppies, but still. Now I've got a seductively cheeky incubus, a sweetly enthusiastic demon, and a grimly stoic angel camped out in my kitchen. They're determined to repay me for my help, and they won't get out of my apartment until they're satisfied we're even. To be fair, they've got no place else to go. A covert band of hunters captured their boss, and the trail is ice-cold. I'll lend a hand if it means I can send them packing... and when it looks like we're up against the same creeps who murdered the person I loved most, you'd better believe I'm all in. Track down the baddies. Steal back the boss. Don't get killed along the way. Oh, and maybe hook up with a monstrous hottie or two. Piece of cake. I'm so going to regret this. *Shadow Thief is the first book in a new urban fantasy series from bestselling author Eva Chase. If you love kickass heroines with sass to spare, drool-worthy monsters who have their own sense of morality, and steamy romances where there'll be no choosing required, dive in now!*

Soon she's flirting with the chance at a more serious romantic relationship—except nothing can be that easy. The complicated strings around her dating Jake might destroy her career. Call Me Maybe - Cara Bastone 2021-07-27

'Cara Bastone is one of the most talented writers in the romance genre today. With her signature blend of heart, humor, and honesty, Cara's books remind you that the best stories begin and end with hope' Lyssa Kay Adams 'The thing I love most about Cara Bastone's books is her ability to find the romance in ordinary lives, the swoon in simple places . . . just normal folks falling in love. I ADORE it' □ □ □ □ reader review The audio bestseller, available for the first time in ebook! True love is on the line in Cara Bastone's charming, laugh-out-loud rom-com, perfect for fans of Netflix's Love is Blind, Jo Watson, Lauren Layne and Hannah Orenstein! Paint your toes. Pick up the wrong coffee and bagel order. Drive from Brooklyn to Jersey in traffic so slow you want to tear your hair out. It's amazing all the useless things I can accomplish while on hold for three hours with customer service. Three hours when I should be getting the Date-in-a-Box website ready to launch at the big business expo in a few days. Except my shiny new website is glitching, and my inner rage-monster is ready to scorch some earth . . . when he finally picks up. Not the robot voice I expected but a real live human named Cal. He's surprisingly helpful and really knows his stuff, even if he's a little awkward . . . in an adorable way. And suddenly I'm flirting with him? And I think he's flirting back. And suddenly it's been hours, and we're still on the phone talking and ordering each other takeout while he troubleshoots my website. And suddenly we're exchanging numbers and sending texts and DMs every day, leaving voice mails (who even does that anymore?!). And suddenly I'm wondering if it's possible for two people to fall in love at first talk. Because I'm falling . . . hard. Readers are loving Call Me Maybe! 'An adorable and thoroughly enjoyable read . . . I didn't want it to end' 'This is a short, sweet romance that I really enjoyed. Both Cal and Vera were great characters and I loved how this book starts with their conversation which was so much fun to read! . . . I was rooting for them so much' 'I love the concept of this book . . . I felt it captured it perfectly in ebook form. I've never read anything like it and for that I loved it!' 'A short fun read. I loved both of the main characters . . . Looking forward to reading more from this author'

The Machiavellian's Guide to Flirting - Nick Casanova 2008-11-18

The key to being successful at love is to be playful: playfully suggestive, playfully romantic, and playfully bantering. Flirting is how you send the message that you're interested without saying so directly. If you do it well, you can keep your prospect amused, giddy, titillated, flattered, and insulted all at the same time. Flirting is also how you establish that you have a sense of humor, that you're smart, and that you're sane. And it's how you tell whether your prospect has those same qualities. If both of you are in the right mood, these routines can be great fun. The book is divided into two sections, one for women and the other for men. Since it is usually the man who does the chasing and the woman who does the choosing; these different roles lend themselves to different styles of flirting. Despite gender differences, however, most (but not all) of the chapters can be adapted for use by the opposite sex.
