Transgression and Taboo - Nandita Batra 2005

The Uncensored Massage - P. C. Anders 2013-03-26

Massages can often change into the unexpectedly and wildly sexual, especially in East Asia, as the author discovers in this humorously erotic and "undercover" investigation of the massage scene in Thailand, Indonesia, Vietnam, and China, with brief excursions into Cambodia and India. In one chapter, the book gives a detailed, soap-and-semen-drenched description of a hilarious and more than mindblowing Sandwich Massage in Thailand. Then it moves on to Indonesia, where hot women full of the joy of life defy the rules and seek joyous sex with their customers. And then to Vietnam where, Behind the No Hanky-Panky Door, a Western man keeps getting asked by a young, skimpily clad, sex-bomb masseuse if he wants his "baby" massaged: and is given a generous number of free samples, just in case he is slow to understand her offer. And in China, the masseuse keeps exclaiming, "Oh You! Oh You!"--a mystery that takes half an hour to solve. Indian masseuses offer a friendly handshake to their surprised customers, and a Cambodian masseuse plays an amazing game . . . For a more general discussion (with specific and often funny and erotic examples) of massage issues and the deep connection between massage and sex, with commentary and examples from American massage and a handful of other countries, please read "The Uncensored Massage: Massage and Sex in America and Elsewhere" (there may be new and different edition of this book under a different title shortly) Content warning: Occasional adult language and situations. Meant for open-minded readers with a sense of humor (an absolute essential, as many of the statements are ironic). An appendix provides a brief and subjective consumer guide for heterosexual men. By the widely traveled author of 3 other books, and 12 books under a different name.

Buyology - Martin Lindstrom 2010-02-02

NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers perceive logos, ads, commercials, brands, and products."—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In Buyology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can "cool" brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Lingam Massage - Michaela Riedl 2010-03-09

A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations

around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

Yoni Massage - Michaela Riedl 2009-03-02

A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a "private part" hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.
